COMMUNITY & ENTERPRISE OVERVIEW AND SCRUTINY COMMITTEE

Date of Meeting	Friday, 22 nd November 2019
Report Subject	Medium Term Financial Strategy: Council Fund Revenue Budget 2020/21
Cabinet Member	Cabinet Member for Economic Development; Cabinet Member for Housing; and Cabinet Member for Finance
Report Author	Chief Executive and Corporate Finance Manager
Type of Report	Strategic

EXECUTIVE SUMMARY

This report sets out the current financial forecast (considered by Cabinet in October) and the projected 'gap' in the Council's budget funding requirement for 2020/21. The full gap ahead of the budget solutions outlined in this report, and ahead of the Welsh Government Budget for 2020/21, stands at £16.2m.

A summary of the forecast and the changes to the forecast position previously reported is set out in this report.

The report provides an update on the national position and the Council's strategy to achieve a safe and balanced budget for 2020/21. Welsh Local Government requires a much-improved funding Settlement, and Flintshire is dependent on a significant uplift in our annual Revenue Support Grant (RSG) contribution if we are to be in a position to set a safe and legal balanced budget.

This report presents all of the proposed budget efficiencies, and the cost pressures to be included in the budget for 2020/21. The report highlights the specific efficiencies and cost pressures for Community & Enterprise for consideration by this Committee as part of its portfolio responsibilities. This is an interim budget closure report pending the completion of ongoing work on corporate finance options and resolution of the Welsh Government budget.

The report includes the following tables:

- Table 1: Updated Financial Forecast 2020/21
- Table 2: Portfolio Business Plan Efficiencies
- Table 3: Community & Enterprise Pressures
- Table 4: Community & Enterprise Efficiencies

RECOMMENDATIONS

1	That the Committee reviews and endorses the Community & Enterprise efficiency proposals for 2020/21.
2	That the Committee reviews and endorses the Community & Enterprise cost pressures recommended for inclusion in the budget for 2020/21.

REPORT DETAILS

1.00	EXPLAINING THE MEDIUM TERM FINANCIAL STRATEGY FORECAST 2020/21																				
1.01	<p>The Council has set a cycle of reviewing its Medium Term Financial Strategy (MTFS) on an annual basis.</p> <p>In April the financial forecast for 2020/21 based on known issues at that time, and excluding national funding scenarios showed a potential budget gap of £13.3m for 2020/21.</p>																				
1.02	<p>The Financial Forecast</p> <p>Over the summer, the forecast has been revised to take into account (1) changes to the pressures included in the April forecast and (2) new pressures which were not previously known or calculated. The impact of the changes has been to increase the budget gap by £2.854m to £16.174m.</p>																				
1.03	The revised forecast for 2020/21 is shown in Table 1 below.

1.05	<p>The solutions available for 2020/21 can be divided into four groups:-</p> <ul style="list-style-type: none"> - National Funding - Portfolio Business Plans and Corporate Finance - Local Taxation and Income - Organisational Change 																				

1.06	<p>National Funding In early September, the UK Government delivered the outcome of its one-year spending review and set out its spending plans for 2020/21. The announcement advised of an increase of £593m for the Welsh Government budget above the 2019/20 baseline which represents a 2.3% increase.</p>																																						
1.07	<p>Analysis undertaken by the Welsh Local Government Association (WLGA) has identified that the amount of cost pressures facing Councils across Wales in 2020/21 totals £254m - rising to around £739m by 2022/23. It is essential that these cost pressures are met in full by Welsh Government from the additional funding announced through the UK Spending Review for Welsh Local Government to be sustainable.</p>																																						
1.08	<p>Portfolio Business Plan Efficiencies and Income</p> <p>Portfolio Business Plan efficiencies were shared at an internal Member Workshop in July. The total efficiencies for 2020/21 amount to £1.034m (of which £0.270m comes from income) as summarised in below.</p> <p>Table 2. Portfolio Business Plan Efficiencies</p> <table border="1" data-bbox="320 898 1383 1621"> <thead> <tr> <th data-bbox="320 898 1195 943">Portfolio</th> <th data-bbox="1195 898 1383 943">£m</th> </tr> </thead> <tbody> <tr> <td data-bbox="320 943 1195 976"></td> <td data-bbox="1195 943 1383 976"></td> </tr> <tr> <td data-bbox="320 976 1195 1010"><u>Previous Decisions</u></td> <td data-bbox="1195 976 1383 1010"></td> </tr> <tr> <td data-bbox="320 1010 1195 1043"></td> <td data-bbox="1195 1010 1383 1043"></td> </tr> <tr> <td data-bbox="320 1043 1195 1077">Corporate</td> <td data-bbox="1195 1043 1383 1077">0.000</td> </tr> <tr> <td data-bbox="320 1077 1195 1111">Social Services</td> <td data-bbox="1195 1077 1383 1111">0.240</td> </tr> <tr> <td data-bbox="320 1111 1195 1144">Education & Youth</td> <td data-bbox="1195 1111 1383 1144">0.014</td> </tr> <tr> <td data-bbox="320 1144 1195 1178">Streetscene & Transportation</td> <td data-bbox="1195 1144 1383 1178">0.240</td> </tr> <tr> <td data-bbox="320 1178 1195 1211">Planning & Environment</td> <td data-bbox="1195 1178 1383 1211">0.091</td> </tr> <tr> <td data-bbox="320 1211 1195 1245">Housing & Assets</td> <td data-bbox="1195 1211 1383 1245">0.000</td> </tr> <tr> <td data-bbox="320 1245 1195 1279"></td> <td data-bbox="1195 1245 1383 1279"></td> </tr> <tr> <td data-bbox="320 1279 1195 1312">Sub Total - Existing</td> <td data-bbox="1195 1279 1383 1312">0.585</td> </tr> <tr> <td data-bbox="320 1312 1195 1346"></td> <td data-bbox="1195 1312 1383 1346"></td> </tr> <tr> <td data-bbox="320 1346 1195 1379"><u>New Decision*</u></td> <td data-bbox="1195 1346 1383 1379"></td> </tr> <tr> <td data-bbox="320 1379 1195 1413"></td> <td data-bbox="1195 1379 1383 1413"></td> </tr> <tr> <td data-bbox="320 1413 1195 1447">Education and Youth</td> <td data-bbox="1195 1413 1383 1447">0.449</td> </tr> <tr> <td data-bbox="320 1447 1195 1480"></td> <td data-bbox="1195 1447 1383 1480"></td> </tr> <tr> <td data-bbox="320 1480 1195 1514">Total Business Plan Efficiencies</td> <td data-bbox="1195 1480 1383 1514">1.034</td> </tr> <tr> <td data-bbox="320 1514 1195 1547"></td> <td data-bbox="1195 1514 1383 1547"></td> </tr> </tbody> </table> <p>*The efficiency under “New Decision” refers to income from the review of Post 16 transport which was approved at Cabinet on 18th June 2019.</p> <p>Portfolio Business Plans and Corporate Finance (1.13) efficiencies – Total £1.784m</p>	Portfolio	£m			<u>Previous Decisions</u>				Corporate	0.000	Social Services	0.240	Education & Youth	0.014	Streetscene & Transportation	0.240	Planning & Environment	0.091	Housing & Assets	0.000			Sub Total - Existing	0.585			<u>New Decision*</u>				Education and Youth	0.449			Total Business Plan Efficiencies	1.034

1.09	<p>Local Taxation and Income The level of Council Tax increase will be modelled on a range of different scenarios as part of ongoing strategy with consideration of Welsh Government assumptions once known. If Council Tax were to increase in line with current assumptions of 6.5%, that would yield an additional £5.4m net of the impact on the Council Tax reduction scheme.</p>																																						

	<p>The Council aims is to keep any increase in Council Tax to a maximum of 5% - a level which would yield an additional £4.3m (having made a deduction for an increase in the Council Tax Reduction Scheme - Council Tax Benefits). However, containing Council Tax at the level would require a much improved Settlement from Welsh Government.</p> <p>The Council is continuing to review its current fees and charges with the aim to reach full cost recovery for as many services as possible. A number of opportunities for new income generating activities are being considered which may provide additional income in the future. These will be reported and included once approved.</p>										
1.10	<p>Organisational Change Further options to be considered include the second phase of Alternative Delivery Models (ADM) and Digital Strategy as two main programmes of work for the medium term. No immediate yield can be relied upon for the 2020/21 financial year.</p>										
1.11	<p>Specific Portfolio Pressures</p> <p>Table 3. 1.12	<p>Inflation</p> <p>The current forecast includes projections for increases in inflation:</p> <ul style="list-style-type: none"> • Pay – includes an increase of 2% on current budgets together with the incremental impact of the new pay model; • Price inflation – included on a critical service need only basis with £0.025m set aside for specific pressures relating to increases in software licences; • Fuel –includes an increase of 3% on current budgets to reflect recent increases and current forecasts; • Energy – includes increases in energy which range with 9% for gas and 8% for electricity; and • Water and NNDR include increases at 4.5% and 3% respectively. 										

1.13	<p>Corporate Finance Efficiencies</p> <p>Employer Pension Contributions – efficiency of £0.500m</p> <p>The final outturn 2018/19 showed a £1m underspend in this area of which £0.600m was released to help balance the 2019/20 budget. This is a variable budget that will continue to be carefully monitored throughout the year but based on last year and early indications this year there is a further efficiency of £0.500m.</p>								
1.14	<p>Inflation Review – Reduction of £0.250m</p> <p>A review has been undertaken on the level of inflation required in 2020/21. The initial MTFs assumed the same level of provision as 2019/20 (£0.759m including schools) which includes electricity, gas, fuel, water, street lighting, NNDR and price inflation for software licenses. The review has concluded that there is an efficiency of £0.250m available based on current intelligence.</p>								
1.15	<p>Other Areas under review</p> <p>Actuarial Review - Clwyd Pension Fund</p> <p>The triennial actuarial review is nearing completion and detailed analysis is being undertaken on various scenarios. Once complete the financial implications will be reported to members and considered as part of the overall budget process. A ‘dividend’ is expected due to the high performance of the Clwyd Pension Fund over the past three years. As an employer we should be in a position to reduce our planned Fund deficit contributions due to the marked improvement in the funded-ness of the Fund.</p> <p>Single Person Discount</p> <p>A review of Council Tax payers in Flintshire who claim single occupancy discount will be undertaken later in the year. This is projected to bring in additional income during 2020/21.</p>								
1.16	<p>Business Planning Efficiencies</p> <p>Table 4. 1.17	Budget Summary, Process and Timeline
1.18	In summary a combination of corporate and portfolio efficiencies and income, the income derived from an acceptable level of Council Tax increase, and the 'dividend' from the actuarial review of the Clwyd Pensions Fund could generate a significant contribution to the forecast budget gap of £8.0-8.5M. The only remaining options to add to this contribution, dependent on the outcome of the Welsh Government budget would be (1) further review of the Clwyd Pension Fund employer contributions in liaison with the Fund Actuary (2) sharing of schools cost pressures with schools themselves and (3) a higher level of Council Tax than the working assumption.
1.19	Service portfolio pressures and efficiencies are being presented to the set of Overview and Scrutiny Committee throughout November and December for review prior to Council receiving stage one of the annual budget on 10 December.
1.20	The Provisional Settlement for Local Government in Wales was originally scheduled for the 26 th November. However, Welsh Government have recently confirmed that they will publish the draft Welsh Budget on 16 th December with the Provisional Settlement being published on the same day. The Final Settlement is expected later than in previous years on 25 th February 2020.
1.21	Completion of our budget setting process will be a role for Council at its meetings in January-March.

2.00	RESOURCE IMPLICATIONS
2.01	<p>Revenue: The Revenue implications for the 2020/21 budget are set out in the report.</p> <p>Capital: there are no implications for the approved capital programme for either the current financial year or for future financial years – the capital programme for 2020/21 onwards will be subject to a separate report.</p> <p>Human Resources: The implications for additional capacity or for any changes to current workforce structures or roles are set out in the report.</p>

3.00	IMPACT ASSESSMENT AND RISK MANAGEMENT		
3.01	In the absence of adequate funding being provided by Welsh Government there is a significant risk that the Council will not be able to meet its statutory obligation to set a balanced budget for 2020/21.		
3.02	<p>Ways of Working (Sustainable Development) Principles Impact</p> <table border="1"> <tr> <td>Long-term</td> <td>Negative – the absence of longer-term funding settlements from Welsh</td> </tr> </table>	Long-term	Negative – the absence of longer-term funding settlements from Welsh
Long-term	Negative – the absence of longer-term funding settlements from Welsh		

	Government means that sustainable support for service delivery is challenging for the longer term. Sustainable funding from Welsh Government that provides additional funding for Indexation, Service demands and new legislation will provide a positive and sustainable position for the Council in the longer term
Prevention	As above
Integration	Neutral
Collaboration	Services continue to explore opportunities for collaboration with other services and external partners to support positive impacts
Involvement	Communication with Members, residents and other stakeholders throughout the budget process
Well-being Goals Impact	
Prosperous Wales	Longer term funding settlements from Welsh Government that provide additional funding for Indexation, service demands and new legislation will aid sustainability and support a strong economy that encourage business investment in the region
Resilient Wales	Continuation of services to support communities and encourage social cohesion will have a positive impact
Healthier Wales	An appropriate level of funding will ensure that communities are supported and will have a positive impact
More equal Wales	A positive impact with greater parity of funding from Welsh Government for all Welsh Local Authorities
Cohesive Wales	Appropriate level of funding will support services working alongside partners
Vibrant Wales	As Healthier and Cohesive Wales above
Globally responsible Wales	Neutral

8.00	GLOSSARY OF TERMS
8.01	<p>Medium Term Financial Strategy (MTFS): a written strategy which gives a forecast of the financial resources which will be available to a Council for a given period, and sets out plans for how best to deploy those resources to meet its priorities, duties and obligations.</p> <p>Revenue: a term used to describe the day to day costs of running Council services and income deriving from those services. It also includes charges for the repayment of debt, including interest, and may include direct financing of capital expenditure.</p> <p>Budget: a statement expressing the Council’s policies and service levels in financial terms for a particular financial year. In its broadest sense it includes both the revenue budget and capital programme and any authorised amendments to them.</p> <p>Revenue Support Grant: the annual amount of money the Council receives from Welsh Government to fund what it does alongside the Council Tax and other income the Council raises locally. Councils can decide how to use this grant across services although their freedom to allocate according to local choice can be limited by guidelines set by Government.</p>

Specific Grants: An award of funding from a grant provider (e.g. Welsh Government) which must be used for a pre-defined purpose.

Welsh Local Government Association: the representative body for unitary councils, fire and rescue authorities and national parks authorities in Wales.

Financial Year: the period of 12 months commencing on 1 April.

COMMUNITY AND ENTERPRISE OVERVIEW & SCRUTINY

Date of Meeting	Friday 22 nd November 2019
Report Subject	North East Wales (NEW) Homes Business Plan 2019/2048
Cabinet Member	Cabinet Member for Housing
Report Author	Chief Officer (Housing and Assets)
Type of Report	Strategic

EXECUTIVE SUMMARY

The Business Plan sets out key elements of the company's proposed Development Strategy to increase the number of Affordable Rent Properties delivered over the next three years by 207 units. This will increase the total number of properties managed by NEW Homes to 309.

The Business Plan was approved by NEW Homes Board as a strategic planning document at its Board meeting on the 11th March 2019 and includes new homes to be developed via the SHARP programme, Section 106 properties and partnering with local developers and housing associations.

By way of background, there is an obligation on NEW Homes to seek Cabinet's approval in respect of any Business Plan that provides the strategic objectives of the company. Specifically, under the terms of the Relationship Agreement that the Council has with NEW Homes. Each year the company must comply with and implement the Business Plan with prior approval from Cabinet.

RECOMMENDATIONS

1	To note and comment on progress made through the delivery of the NEW Homes Business Plan 2019/2048.
---	---

REPORT DETAILS

1.00	EXPLAINING THE NORTH EAST WALES (NEW) HOMES BUSINESS PLAN 2019/2048
1.01	North East Wales Homes Limited (NEW Homes) is a wholly owned subsidiary of Flintshire County Council and owns and manages affordable housing in the Flintshire area. It began trading in April 2014 and was established to increase the quantity and quality of affordable housing and increased housing choice for those who may not qualify for social housing but for whom market housing is unaffordable or difficult to access.
1.02	NEW Homes currently owns and manages 107 units across Flintshire. These are made up of a combination of new build schemes delivered through the Council's Strategic Housing And Regeneration Programme (SHARP) and gifted properties negotiated with developers through Section 106 agreements.
1.03	The Business Plan included projections for a total of 207 additional properties to be delivered through a combination of SHARP new build (39), gifted properties (21), Section 106 (85) and Developer / Partnership (62) over the next three years.
1.04	<p>The first capital loan of £7.53m was approved by the Council in December 2018 to build affordable homes on the Walks site in Flint as part of the Councils Strategic Housing and Regeneration Programme (SHARP). Cabinet approved an additional loan to NEW Homes up to a maximum of £10m in 2018/19 capital programme for batch three schemes built by NEW Homes including Llys Dewi, Nant y Gro, Dobshell and Saltney. A further £20m has been approved by Cabinet during 2019/20 to finance the additional new build units proposed in NEW homes business plan.</p> <p>All loans provided by the Council are fully funded by NEW Homes via the rents received on each scheme which pay the prudential borrowing costs in full. The Council fund also receives income for providing these loans through:-</p> <ul style="list-style-type: none"> • A 1% loan fee on the total amount borrowed. To date the Council fund has received £75.3k additional income. • A 0.21% margin above prudential borrowing rates. Borrowing agreed to date will bring in additional income of £431.8k over 45 years to the Council fund.
1.05	Strategic Housing And Regeneration Programme (SHARP)
1.06	Good overall progress continues to be made on a number of schemes which NEW Homes are developing across Flintshire through the Council's Strategic Housing And Regeneration Programme (SHARP). This is detailed in Appendix 1.
1.07	A proposed mixed tenure at Nant y Gro, Gronant with the Council which will deliver 4 affordable rent properties for NEW Homes has been delayed

	due to issues with drainage attenuation following the introduction of new legislation.
1.08	From 7 January 2019, all new developments in Wales of more than one dwelling house or where the construction area is 100m ² or more, will require Sustainable Drainage Systems (SuDS) for surface water. Revisions to the existing drainage strategy for the scheme, along with additional cut and fill proposals are currently being undertaken which require a further planning application being submitted. This will be determined by the end of November 2019. It is proposed that the scheme will start on site in April 2020, planning matters being acceptable.
1.09	Further schemes are being worked up through the SHARP. However, these schemes are not included in the business plan at this stage as work is progressing on scheme viability and design.
1.10	Gifted Units
1.11	NEW Homes were anticipating a further nine units in the Business plan in 19/20 taking the total gifted units to 49. This is on track with 5 already received in Kinnerton and a further 4 anticipated in Saltney later this year.
1.12	These properties are transferred to the company as “ <i>unencumbered assets</i> ” at NIL value. The positive working relationship which has evolved between the Council, NEW Homes and construction partners through the development of this product has facilitated the rapid delivery of a high quality product in communities where the availability of Affordable Rent properties has enabled local people to remain within their own local communities. Rental income from these properties helps to support future growth for new affordable schemes.
1.13	Future Growth
1.14	Following the review of its Development Strategy, the Business Plan is aiming to focus on growth in the following areas; <ul style="list-style-type: none"> • Purchase of Section 106 properties; • Developer / Partnerships with Local and Housing Associations • Utilising land owned by Flintshire County Council, where available
1.15	Purchase of Section 106 Properties
1.16	NEW Homes is looking to build on the positive relationship it has developed with local contractors from whom it has received “gifted” Section 106 units by looking to purchase more in the future. S106 units are usually purchased at 70% of Open Market Value (OMV). Section 106 units require little resource for maximum output of delivery of units. Again, partnering with a developer requires less resource as the developer will provide the upfront finance and expertise. This could provide NEW Homes with a variety of developments ensuring the units for NEW Homes

	are not all “standardised” offering a variety in design, individuality and don’t fall foul of the “building boxes” label.
1.17	The Business Plan assumes the purchase of 85 Section 106 properties over the next three years, to be purchased at a projected 70% of Open Market Value (OMV). NEW Homes business plan assumes that 45 developer S106 properties will be purchased by early 2020/21, giving time in 2019/20 to identify and progress potential opportunities in this area.
1.18	The target number of 85 new Section 106 properties is proving difficult to achieve due to the significant level of competition for Section 106 properties in Flintshire from local housing associations. To date, the company has made an offer for 7 Section 106 properties in total which are currently being considered by respective developers. Other opportunities are being actively pursued in Flintshire. However, in order to achieve its growth target, NEW Homes may need to consider undertaking more SHARP and Land and Package Deals to offset any shortfall in the delivery of Section 106 properties.
1.19	There is significant competition for in the current climate which will increase with the zoning of two additional housing associations in Flintshire during the past three months.
1.20	Strategic Partnerships with Local Developers and Housing Associations
1.21	<p>The development of strategic partnerships with local developers and Housing Associations through “<i>Design and Build</i>” package deals requires less resource as the developer will provide the upfront finance and expertise. The Business Plan assumes a growth of 62 units over three years through strategic partnerships with local developers and housing associations.</p> <p>NEW Homes business plan assumes that 25 developer/partnership properties will be built in 2020/21, giving time in 2019/20 to identify and progress potential opportunities in this area.</p>
1.22	<p>Negotiations are on-going with a housing association and private developer on a large strategic site in Flintshire with the view of establishing a Land and Package deal. This site will deliver 40 new properties for the company.</p> <p>Land and Package deal negotiations are also advanced with a developer at Oakenholt for 16 NO. 3 bed houses. It is anticipated this scheme can be bought forward quickly subject to terms and conditions being agreed. These properties are in addition to the 12 NO. 2 bed apartments which are being gifted to the company on the Croes Atti scheme, Oakenholt.</p> <p>NEW Homes is also working on a number of further potential schemes, please refer to Appendix 1.</p>
1.23	Utilising land owned by Flintshire County Council

1.24	Flintshire County Council own a number of smaller sites which NEW Homes is looking to develop in partnership with the Council using local smaller contractors.
1.25	Governance
1.26	At the NEW Homes Board meeting on the 5 th of September 2019, a new Chair, Paul Humphries was unanimously appointed. Paul has been a Board Member since the inception of the company in April 2014.
1.27	A Board Member Away Day is planned for November to review the progress which the company is making and feed into the business planning cycle for 2020/2047 Business Plan.
1.28	Performance Plan
1.29	Appendix 2, which is included as a Part 2 agenda item, shows the latest Performance Report approved at the NEW Homes Board on 5 th September 2019.

2.00	RESOURCE IMPLICATIONS
2.01	The Council would be required to commit to borrow up to £20m to on-lend to NEW Homes. This would fund the provision of affordable homes throughout the County.

3.00	IMPACT ASSESSMENT AND RISK MANAGEMENT	
3.01	NEW Homes has developed a strategic Risk Register which is regularly reviewed by the NEW Homes Board.	
3.02	In order to ensure both the Council and NEW Homes realise value for money SHARP scheme build costs are being independently verified by a Cost Consultant.	
3.03	A Performance and Financial Update Report is also presented at each NEW Homes Board meeting to review the operational and financial performance of the company.	
3.04	Ways of Working (Sustainable Development) Principles Impact	
	Long-term	Positive - more affordable homes will be provided in the right location
	Prevention	Preventing - preventing people becoming homeless through ensuring there is relevant services and accommodation

Integration	Positive – the delivery of affordable homes will contribute to integration within communities
Collaboration	Positive – the Business Plan and Development Strategy is based upon delivering homes and services in partnership with the relevant stakeholders and businesses.
Involvement	Positive - individual decision making will involve all partners with strategic oversight by the Strategic Housing Partnership.
Well-being Goals Impact	
Prosperous Wales	Positive - Providing good quality affordable homes, aiming for low / zero carbon. Also ensuring the homes are in the place that people need them and will meet their housing needs. Maximising local employment and training opportunities for local people.
Resilient Wales	Positive - Developing low / zero carbon homes though adopting modern methods of construction and other relevant technologies.
Healthier Wales	Positive - Ensuring our homes are fit for purpose and will enable people to stay in their home for longer, and ensuring we have homes that meet the needs of all people in our society including those who are most vulnerable supporting their well-being.
More equal Wales	Positive - Providing good quality and decent homes.
Cohesive Wales	Positive - Contributing to attractive, viable, safe and well-connected communities through promoting good design and collaborative delivery.
Vibrant Wales	Positive - Ensuring our communities are diverse through good communication of housing and employment opportunities which will enable them to remain living in the area.

	Globally responsible Wales	Positive - The outcomes of the Business Plan and Development Strategy will contribute to improving the economic, social, environmental and cultural well-being of Flintshire communities.

7.02	NEW Homes - North East Wales Homes, (NEW Homes) is a Housing company based in Flintshire and owned by Flintshire County Council. NEW Homes owns, leases and manages properties across Flintshire. The company was established to increase the quantity and quality of affordable housing available across the county; increasing housing choice for those who may not qualify for social housing but for whom market housing is unaffordable or difficult to access. In addition NEW Homes provides a professional service to landlords as a managing agent as a means to increase the supply of quality affordable housing.	

7.03

Section 106 Planning Obligations and Conditions – Planning obligations, also known as Section 106 agreements (based on that section of The 1990 Town & Country Planning Act) are private agreements made between local authorities and developers and can be attached to a planning permission to make acceptable development which would otherwise be unacceptable in planning terms. The land itself, rather than the person or organisation that develops the land, is bound by a Section 106 Agreement, something any future owners will need to take into account.

COMMUNITY & ENTERPRISE OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Friday, 22 nd November 2019
Report Subject	Council Plan 2019/20 - Mid-Year Monitoring Report
Cabinet Member	Cabinet Member for Housing; Cabinet Member for Economic Development; and Cabinet Member for Corporate Management and Assets
Report Author	Chief Officer (Housing and Assets); and Chief Officer (Planning, Environment and Economy)
Type of Report	Strategic

EXECUTIVE SUMMARY

The Council Plan 2019/20 was adopted by the Council in June 2019. This report presents a summary of performance at the mid-year point of 2019/20 for the Council Plan priorities 'Caring Council', 'Ambitious Council' and 'Serving Council' relevant to the Community & Enterprise Overview & Scrutiny Committee.

This mid year monitoring report for the 2019/20 Council Plan shows that 88% of activities are making good progress with 90% likely to achieve their planned outcomes. 77% of the performance indicators have met or exceeded their targets. Risks are being managed with a minority of 14% being assessed as major.

RECOMMENDATIONS

1.	That the Committee consider the Mid-Year Council Plan 2019/20 Monitoring Report to monitor under performance and request further information as appropriate.
----	--

REPORT DETAILS

1.00	EXPLAINING THE COUNCIL PLAN 2019/20 MID-YEAR MONITORING REPORT
1.01	The Council Plan monitoring reports give an explanation of the progress being made toward the delivery of the impacts set out in the 2019/20 Council Plan. The narrative is supported by performance indicators and / or milestones which evidence achievement. In addition, there is an assessment of the strategic risks and the level to which they are being controlled.
1.02	This report is an exception-based report and concentrates on under-performance.
1.03	<p>Monitoring Activities</p> <p>Each of the sub-priorities under each theme within the Plan have high level activities which are monitored over time. ‘Progress’ shows action against scheduled activity and is categorised as:</p> <ul style="list-style-type: none"> • RED: Limited Progress – delay in scheduled activity and, not on track • AMBER: Satisfactory Progress – some delay in scheduled activity, but broadly on track • GREEN: Good Progress – activities completed on schedule and on track <p>A RAG status is also given for the assessment of our current level of confidence in achieving the ‘outcome(s)’ in-year for each sub-priority. Outcome is categorised as:</p> <ul style="list-style-type: none"> • RED: Low – lower level of confidence in the achievement of the outcome(s) in-year • AMBER: Medium – uncertain level of confidence in the achievement of the outcome(s) in-year • GREEN: High – full confidence in the achievement of the outcome(s) in-year
1.04	<p>In summary our overall progress against activities is:</p> <p>Progress</p> <ul style="list-style-type: none"> • We are making good (green) progress in 152 (88%). • We are making satisfactory (amber) progress in 20 (12%). <p>Outcome</p> <ul style="list-style-type: none"> • We have a high (green) level of confidence in the achievement of 154 (89.5%) outcomes. • We have a medium (amber) level of confidence in the achievement of 17 (10.0%) outcomes. • We have a low (red) level of confidence in the achievement of 1 (0.5%) outcomes.

1.05	<p>Monitoring our Performance</p> <p>Analysis of performance against the Council Plan performance indicators is undertaken using the RAG status. This is defined as:</p> <ul style="list-style-type: none"> • RED - under-performance against target. • AMBER - where improvement may have been made but performance has missed the target. • GREEN - positive performance against target.
1.06	<p>Analysis of current levels of performance against target shows the following:</p> <ul style="list-style-type: none"> • 46 (77%) have achieved a green RAG status • 8 (13%) have an amber RAG status • 6 (10%) have a red RAG status
1.07	<p>The performance indicators (PIs) which show a red RAG status for current performance against target, relevant to the Community & Enterprise Overview & Scrutiny Committee are:</p> <p>Number of individuals supported through the mentoring service that enter employment, learning or volunteering</p> <p>Although currently below target for the six month period we are confident that the full year target is achievable. Both the Communities For Work and Communities For Work + teams are now fully staffed and engagement activity and events are due to increase in Q3 and Q4. Successful Employability Roadshows were held at Broughton Park and Mold in June and further roadshows are planned in Q3. Roadshows bring together local employers with those seeking opportunities and have proved a highly successful route into work or further education for our mentorees. The teams have helped support our mentoring scheme participants with 17 entering employment and 21 accessing further training and 3 into work placements. Employment outcomes include Administration, Customer Services, Security and Retail.</p>
1.08	<p>Monitoring our Risks</p> <p>Analysis of the current risk levels for the strategic risks identified in the Council Plan is as follows: -</p> <ul style="list-style-type: none"> • 3 (7.1%) are insignificant (green) • 6 (14.3%) are minor (yellow) • 27 (64.3%) are moderate (amber) • 6 (14.3%) are major (red) • 0 (0%) are severe (black)
1.09	<p>There are no major (red) risks identified for the Community & Enterprise Overview & Scrutiny Committee.</p>

2.00	RESOURCE IMPLICATIONS
2.01	There are no specific resource implications for this report.

3.00	IMPACT ASSESSMENT AND RISK MANAGEMENT														
3.01	Progress against the risks identified in the Council Plan is monitored. Summary information for the risks assessed as major (red) is covered in paragraphs 1.07 and 1.09 above.														
3.02	The mid-year summary of the risk position will be shared with the Audit committee in November.														
3.03	Overview & scrutiny committees are following through areas of risk concern within their forward work programmes.

8.02 **CAMMS – An explanation of the report headings**

Actions

Action – Each sub-priority have high level activities attached to them to help achieve the outcomes of the sub-priority.

Lead Officer – The person responsible for updating the data on the action.

Status – This will either be ‘In progress’ if the action has a start and finish date or ‘Ongoing’ if it is an action that is longer term than the reporting year.

Start date – When the action started (usually the start of the financial year).

End date – When the action is expected to be completed.

% complete - The % that the action is complete at the time of the report. This only applies to actions that are ‘in progress’. An action that is ‘ongoing’ will not produce a % complete due to the longer-term nature of the action.

Progress RAG – Shows if the action at this point in time is making limited progress (Red), satisfactory progress (Amber) or good progress (Green).

Outcome RAG – Shows the level of confidence in achieving the outcomes for each action.

Measures (Key Performance Indicators - KPIs)

Pre. Year Period Actual – The period actual at the same point in the previous year. If the KPI is a new KPI for the year then this will show as ‘no data’.

Period Actual – The data for this quarter.

Period Target – The target for this quarter as set at the beginning of the year.

Perf. RAG – This measures performance for the period against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target.

Perf. Indicator Trend – Trend arrows give an impression of the direction the performance is heading compared to the period of the previous year:

- A ‘downward arrow’ always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire).

- Similarly an 'upward arrow' always indicates improved performance.

YTD Actual – The data for the year so far including previous quarters.

YTD Target – The target for the year so far including the targets of previous quarters.

Outcome RAG – The level of confidence of meeting the target by the end of the year. Low – lower level of confidence in the achievement of the target (Red), Medium – uncertain level of confidence in the achievement of the target (Amber) and High - full confidence in the achievement of the target (Green).

Risks

Risk Title – Gives a description of the risk.

Lead Officer – The person responsible for managing the risk.

Supporting Officer – The person responsible for updating the risk.

Initial Risk Rating – The level of the risk at the start of the financial year (quarter 1). The risks are identified as follows; insignificant (green), minor (yellow), moderate (amber), major (red) and severe (black).

Current Risk Rating – The level of the risk at this quarter.

Trend Arrow – This shows if the risk has increased (red, upward arrow), decreased (green, downward arrow) or remained the same between the initial risk rating and the current risk rating (amber, stable arrow).

Risk Status – This will either show as 'open' or 'closed'. If a risk is open then it is still a relevant risk, if the risk is closed then it is no longer a relevant risk; a new risk may be generated where a plan or strategy moves into a new phase.

1.4.1.1 (CP) Establishing a permanent emergency bed provision in Flintshire	Jenni Griffith - Homeless and Advice Manager	In Progress	01-Apr-2019	31-Mar-2020	30.00%	 AMBER	 AMBER
<p>ACTION PROGRESS COMMENTS: The pilot emergency bed provision commenced in December 2018 and ended in September 2019. The pilot was successful and established a demand for an emergency bed provision in Flintshire to help alleviate rough sleeping. The pilot also informed that the model needs to consider day provision and increased access to support services. The service is currently working towards an alternative provision as a priority and this will help to engage service users and providers to inform the permanent model to ensure it is fit for purpose and meets local needs.</p> <p>Last Updated: 21-Oct-2019</p>

<p>ACTION PROGRESS COMMENTS: The Outreach provision is in place and contracted until the end of the financial year. This provision enables the service to engage with rough sleepers, offer support and assistance and link them in with support services available in the area. The provision also works well in terms of the ability to react to reports of rough sleeper in a more efficient way and isn't restricted to office working hours.</p> <p>Last Updated: 29-Oct-2019</p>

ACTION PROGRESS COMMENTS:

Initial scoping work has been undertaken to better understand the requirement of a provision specifically for young people. A number of options are currently being investigated to determine feasibility. This work is complex in nature with a number of pieces of activity which need to be developed, visits to facilitate which have worked well would need to be a pre-requisite of its work stream.

ACTION PROGRESS COMMENTS:

Demand for a housing first approach in Flintshire has been established. Funding for this work stream was awarded by Welsh Government on 28 August 2019. Work is now progressing in terms of recruitment to be completed November 2019 for project commencement in December 2019. This is a model of delivery which supports some of our most complex and difficult to reach individuals. The pilot will look to a number of concepts and visit existing models of delivery.

ACTION PROGRESS COMMENTS:

The specialist housing register currently has 59 applicants of which 41 require specialist adapted properties and 8 require large properties. At the end of quarter two, eight households from the specialist housing register were successfully rehoused into suitable accommodation. The Single Access Route to Housing (SARTH) partnership continue to work closely to meet the needs of vulnerable households and representatives from all organisations meet every six weeks to review current voids against specialist housing register needs to identify properties that can be adapted.

5.1.1 (CP) Forming a new social food enterprise with short and medium term objectives and targets	Jen Griffiths - Benefits Manager	In Progress	01-Apr-2019	31-Mar-2020	75.00%	 GREEN	 GREEN

ACTION PROGRESS COMMENTS:

The Council and its partners have been exploring a number of options which will see progress maintained through the development of a longer term and sustainable solution to food poverty. In order to address these issues in the long term, a local social-food-enterprise is in the process of being developed. The mission of the company will be to "connect everyone with good fresh food". A primary aim will be to reach and develop sustainable models for people to access good affordable fresh food, particularly linking in with work we do and services we provide such as:

- Domiciliary care and linking food provision with care services.
- Developing a transition programme from food aid to food purchase for vulnerable groups, i.e. homeless families.
- To link in with services which support residents and embed support around food provision within those services.
- To use food provision as a catalyst to begin to tackle loneliness and isolation.

This work is progressing well and is in the final stages of implementation.

<p>ACTION PROGRESS COMMENTS: The deployment of Mobysoft is also helping to change working practices and target resources through a combination of early interventions to assist tenants in need of help and taking recovery action against tenants who fail to engage or pay. The service has stabilised collections and prevented overall arrear levels from escalating further, despite the ongoing challenges with welfare reform and an increasing number of tenants claiming Universal Credit. The early interventions and the ongoing joint working between Housing teams in Rent Income and Supporting People is helping to ensure tenancies are sustained by preventing arrears building up and ensure tenants with complex needs or those in financial difficulty receive 'fast-tracked' support they need to address their rent payments.</p> <p>Last Updated: 29-Oct-2019</p>

Progress Comment: Although currently below target for the six month period we are confident that the full year target is achievable. Both the Communities For Work and Communities For Work + teams are now fully staffed and engagement activity and events are due to increase in Quarter three and Quarter four. Successful Employability Roadshows were held at Broughton Park and Mold in June and further roadshows are planned in Quarter three. Roadshows bring together local employers with those seeking opportunities and have proved a highly successful route into work or further education for our mentorees. The teams have helped support our mentoring scheme participants with 17 entering employment and 21 accessing further training and three into work placements. Employment outcomes include Administration, Customer Services, Security and Retail.

ST151	Homelessness will remain a growing area of demand due to the current economic climate	Strategic Risk	Jenni Griffith - Homeless and Advice Manager	Lesley Bassett - Housing Strategy Manager				Open

Potential Effects:

Homelessness remains an area of risk. The lack of suitable, settled accommodation for those on welfare benefits has caused delays in being able to achieve positive outcomes for customers.

Management Controls:

The Council has been awarded in year funding to assist with additional measures to develop Landlord incentives within the private rented sector and a strategic partnership with HAWs will commence in May 2019. The emergency beds provision is in place and is proving to be in demand. In addition there is an Outreach Worker in post, employed through Clwyd Alyn, who follows up on street homeless and individuals who attend the emergency bed provision.

Lead Supporting Officer Comments:

Homelessness remains a risk as a result of a number of factors. The introduction of welfare reforms and Universal Credit has created additional barriers to being able to successfully discharge duties to customers. The number of people presenting to the authority for help has decreased slightly this quarter and requires close monitoring. The Council has been awarded in year funding to assist with additional measures to develop Landlord incentives within the private rented sector and a strategic partnership with HAWs Lettings Agency commenced in May 2019. The emergency beds provision pilot established a demand but unfortunately this pilot has ended and there is currently no emergency bed provision in place. This is a service priority for quarter three. There is an Outreach Worker in post, employed through Clwyd Alyn, who follows up on street homeless and offers support and assistance to access services.

ST152	The supply of affordable housing will continue to be insufficient to meet community needs	Strategic Risk	Melville Evans - Senior Manager - Housing Programmes	Denise Naylor - Housing Programmes Support Manager				Open

Potential Effects:

- i) Increase in homelessness.
- ii) Increased pressure on the Housing Options Team.
- iii) Increase in people sleeping rough.

Management Controls:

A Housing Strategy Manager is in post to monitor and manage Section 106 and Social Housing Grant programmes.

Lead Supporting Officer Comments:

This is an ongoing risk as the shortfall of affordable housing to meet local housing need as identified in the Local Housing Market Assessment is 238 per annum, which is rarely met year on year, therefore is a cumulative shortfall of affordable housing each year. Therefore, whilst the Council, our Housing Association partners and developers are committed to delivering significant number of affordable housing there will continue to be a shortfall for the foreseeable future.

In this effect, the Council's SHARP has delivered a total of 172 new social (110) and affordable rent (62) homes to date, whilst a further 102 units are under construction or scheduled to start. There have been issues at the scheme at Nant y Gro, Gronant which once resolved and approved will deliver a further 41 council and affordable homes. Three further schemes which will deliver a further 111 units are being worked up.

The Housing Associations are committed to delivering 229 affordable housing by 2021 through the Social Housing Grant programme. In addition, NEW homes has a Council approved Development Strategy which is looking to deliver a further 200 units over the next two years.

In light of the findings of the Welsh Government's Affordable Housing Review, the Council is now working with other local authorities and North Wales Housing Associations to develop a North Wales Procurement Framework with North Wales based contractors which could enable it to deliver new housing schemes under new arrangements post the SHARP contract. This could enable the Council to engage with local developers and partner housing associations to deliver sites locally. It is proposed that the new Framework will be operational by April 2020.

ST153	Department for Works and Pension's Welfare Reform Programme, including Universal Credit full service implementation which would place increasing demand on the Council for affordable and social housing	Strategic Risk	Cheryl Marland - Housing Access and Sarth Team Leader	Denise Naylor - Housing Programmes Support Manager, Lesley Bassett - Housing Strategy Manager				Open

Potential Effects:

Welfare reforms may potentially impact the Council's ability to offer affordable housing to those affected. Examples of the types of reforms that will have may impact include: LHA Cap - Residents affected by the LHA cap who are already excluded from the private rented sector due to affordability may not be able to afford social rents Bedroom Tax - This has been in place for some time for those residents that are under occupying properties and in receipt of housing benefit and will continue under Universal Credit role out.

Management Controls:

Developing innovative housing schemes that will aim to provide housing at a cost that under 35's can meet. The Common Housing Register recognises affordability as a housing need and gives priority to those who are suffering financial hardship in terms of housing costs due to the impacts of welfare reforms.

Lead Supporting Officer Comments:

This risk will be reviewed to consider whether the Welfare Reform Programme directly impacts the increasing demand for social and affordable housing.

<p>Potential Effects: Reduction in number of housing units delivered</p> <p>Management Controls: On-going work to maximise the use of Council land and other publically owned land. Privately owned sites are reviewed for their potential use and purchase.</p> <p>Lead Supporting Officer Comments: To date the number of new Council and affordable homes completed, being built or scheduled to be built has reached 305. The target of 500 by 2021 is within reach with work underway to identify land suitable for the construction of the remaining 195 new affordable and council homes. This could include development on sites which are not council owned in partnership with local developers and housing associations through the North Wales Development Framework.</p> <p>Last Updated: 21-Oct-2019</p>

Potential Effects:

Reduction in construction and delivery of Council houses.

Management Controls:

- i) Submit application to Welsh Government for increase in borrowing cap relating to specific schemes.
- ii) Lobby Welsh Government to remove borrowing limits following removal in England.
- iii) Seek increase in borrowing cap with the UK Government through the Growth Deal.

Lead Supporting Officer Comments:

The cap on borrowing within the housing revenue account ended May 2019. The ending of the cap means that Flintshire will continue to invest in building council homes.

ST158	Universal Credit Full Service roll out: by working in partnership with the Department of Working Pensions (DWP) and other stakeholders to manage any negative impact from falling upon both residents and Council services.	Strategic Risk	Jen Griffiths - Benefits Manager	Dawn Barnes - Welfare Reform Manager				Open

Potential Effects:

The impact of Welfare Reform on Flintshire households increasing the demand for advice and support to unprecedented levels. Potential increases in rent arrears and decrease of Council Tax collection. Potential increased risk of homelessness and need for accommodation. Increased demand in existing support services.

Management Controls:

Welfare Reform is undoubtedly impacting services. Work is taking place to identify why rent arrears have increased. Collaborative working is taking place to improve communication across the teams. This will help to identify opportunities for early intervention. Council Tax Collection continues to be under pressure and currently reviewing the claims process for Council Tax Reduction to make it easier and quicker. Although there is no evidence of links to increased presentations for homelessness, this remains a risk and will continue to monitor the rate of homelessness. From 1st April 2019 the Council will not be funded by the Department for Works & Pensions for providing Personal Budgeting and Assisted Digital Support which will be a risk for 2019-20. From April 2019, the Welfare Reform Response Team will continue to provide assistance and support to residents who are impacted by Welfare Reform.

Lead Supporting Officer Comments:

Work is now well underway to identify and manage the impacts of Universal Credit on Council Tenants and their rent accounts. Work is concentrated around early intervention which enables support to be provided to those who need it, but a harder line to be taken with those who can pay but choose not to. This provides a more realistic chance of the rent account coming back under control and out of arrears.

There will inevitably always be an element of cash flow arrears on accounts due to the Universal Credit payments (whether direct to the Council or directly to the tenant) are made in arrears.

In April 2019 funding by the Department for Works & Pensions for providing Personal Budgeting Support and Assisted Digital Support ended. During 2019/20 the Welfare Reform Team continue to provide assistance and support to residents who are impacted by Welfare Reforms with a focus on early identification and intervention to prevent the problem from escalating.

Commencement in July 2019 of a Department for Works & Pensions Pilot of moving those in receipt of existing benefits or tax credits onto Universal Credit known as managed migration will be a risk of an increase in demand in services for 2019/20.

We are currently improving communications across teams to help identify customers who will require further support and guidance. Council Tax Collection remains under pressure.

ST159	Demand for advice and support services will not be met	Strategic Risk	Jen Griffiths - Benefits Manager	Sian Humphreys - Welfare Reform Manager				Open

Potential Effects:

The impact of Welfare Reform on Flintshire households increasing the demand for advice and support to levels beyond what resource can handle in a timely manner.

Management Controls:

The Flintshire Advice and Support Gateways are ensuring residents in need of help are referred to an appropriate service provider and maximising effective use of resources as far as possible.

Lead Supporting Officer Comments:

The Council's Welfare Reform Response Team provides assistance and support with the implementation of Universal Credit. Referrals to wider support services remain high with a significant number of residents presenting with underlying debt issues. Managers across Customer Services, Neighbourhood Housing and Revenues and Benefits continue to work together to develop early intervention strategies.

ST160	Debt levels will rise if tenants are unable to afford to pay their rent or council tax	Strategic Risk	David Barnes - Manager - Revenues	Sheila Martin - Income Team Leader				Open

Potential Effects:

With the introduction of Universal Credit and reduction in benefits being paid it is anticipated that tenants will struggle to maintain their payments increasing the level of debt owed to the Council for Rent and Council Tax.

Management Controls:

The deployment of Mobyssoft is also helping to change working practices and target resources through a combination of early interventions to assist tenants in need of help and taking recovery action against tenants who fail to engage or pay. The formation of an early intervention team and the ongoing joint working between Housing teams in Rent Income and Supporting People is helping to ensure tenancies are sustained by preventing arrears building up and ensure tenants with complex needs or those in financial difficulty receive 'fast-tracked' support they need to address their rent payments.

Lead Supporting Officer Comments:

Rent arrears are starting to stabilise and being brought under control, as a result of the measures introduced to tackle rent arrears through early intervention with tenants, but where necessary, also escalating cases to court quickly for those tenants who fail to engage or pay. To ensure the rent recovery process is more efficient to meet the challenges of the future, the investment and 'go-live' deployment of the Mobyssoft Rent Sense solution in June 2019 now allows the Rent Income service to track and monitor rent arrears much more quickly through systems that will offer predictive analytics, trend-analysis and risk profiling, meaning that officer time will not be wasted on cases that do not require contact.

The unprecedented additional work generated by the launch of Universal Credit full service rollout from April 2017 continues to create a changing and challenging rent collection environment but on a positive note, the increasing reliance of managed/direct payments through the Department of Work and Pensions (DWP) is helping to stabilise the increase in rent arrears by ensuring those in receipt of UC are able to meet their obligations to pay rent, even though as a social landlord, the Council receives managed payments in arrears

Council Tax collection rates have not been majorly impacted by the introduction of Universal Credit. In 2018/19, the Council collected 'in-year' 98.2% of council tax which resulted in Flintshire achieving the highest collection level of any Welsh local authority.

ST161	The local economy will suffer if residents have less income to spend	Strategic Risk	Jen Griffiths - Benefits Manager	Sian Humphreys - Welfare Reform Manager				Open

Potential Effects:

The local economy will see a decline if residents are not able to spend at current levels.

Management Controls:

The council is continuing to support residents to access advice and support to enable them to better manage their financial situation.

Lead Supporting Officer Comments:

Welfare Rights and Supporting People teams continue to work with residents during the year to explore areas of income maximisation for residents of the County. This work is critical to ensure residents receive the correct levels of Social Security Benefits. Therefore allowing residents to be in a position to contribute more widely to the local economy.
