## Other Considerations

1. The member workshop considered dog control on beaches and proposed that a dog on lead zone at the car park at Talacre beach to be investigated. Being private property, it would be necessary to consult any proposals with the land owner.
2. Whilst there was a slight majority of members at the member's workshop agreeing with conditions to limit the number of dogs on a lead under a person's control there was no consensus on the enforcement figure. Officer recommendation to committee was for the condition not to be enforced at the current time. Local Authorities have consulted on this condition in other areas of the country with a varying number of dogs.
