ACTION PROGRESS COMMENTS:	•	-					

Work continues to deliver the Strategic Housing and Regeneration Programme. The programme has delivered 153 new Council and affordable homes at the end of Quarter 3. The next phase of the programme has been approved and will deliver a further 149 new council and affordable homes across the county. Work continues to identify suitable land within the county for further developments.

#### **ACTION PROGRESS COMMENTS:**

All WHQS Contracts have progressed into Year 4 (2018/19) of the 6 year Capital Programme with a smooth transition into their new Capital Districts (areas of work). The Capital Programme has now introduced new work streams which will gradually replace the Internal work streams (kitchens and bathrooms). This will comprise of roofing works, window & door replacements along with wider community works including car parking and communal footpaths. These new work streams will have an increased impact on communities as they begin to transform the aesthetics and environment by regenerating and revitalising areas. Currently all WHQS Contracts are on schedule to be completed before 31st March 2019 and our current expenditure and delivery key performance indicators are also on target.

#### **ACTION PROGRESS COMMENTS:**

The Flintshire Gypsy and Traveller Accommodation Assessment (GTAA) 2018 update was commissioned by Flintshire County Council in the summer of 2018. The GTAA report will be completed by March 2019. The purpose is to update the Gypsy and Traveller pitch requirements evidence base to inform the preparation of the Local Development Plan. As part of this, works are underway to identify a suitable location for a transit site within the county to address the unauthorised Gypsy and Traveller encampments. Improvements to the existing Council owned site have been identified and work undertaken to the utility blocks. Funding options are being investigated with Welsh Government to cover further improvement costs.

The Welsh Government funding programme, Social Housing Grant (SHG), continues to provide funding for our Housing Association Partners to deliver 262 units. The outcome of the programme will be the delivery of a mix of social rented properties to meet general housing needs, supported housing and intermediate purchase products. Work is being undertaken to engage with owners of empty properties to bring 70 units back into use. Planning policy requirements are being negotiated on a site by site basis and continue to deliver affordable homes and affordable ownership properties on market led residential developments.

ACTION PROGRESS COMMENTS:							

# Personal budgeting support is provided to Flintshire residents via the Welfare Reform response team. The team deal with referrals from the Council and from external agencies or organisations such as Citizens Advice and Job Centres. The team also provide advice and support relating to discretionary housing payments for people who are struggling to meet their rental payments. Ongoing referrals to other agencies or organisations is sometimes necessary depending on the specialist advice or support the customer may require.

Lead Officer: Jen Griffiths - Benefits Manager

Reporting Officer: Joseph Muxlow - Regeneration Programme Lead

**Progress Comment:** A Disabled Facilities Grant (DFG) is a mandatory grant to help individuals living with a disability with the cost of adapting their homes to enable them to continue living at their residence with the maximum amount of independence. This area of performance has required improvement for a number of years.

As a result a DFG review board has been established which meets monthly to review progress towards implementing improvements to processes and controls. One improvement area has been the launch of a new contractor framework for the delivery of the DFG's which has started to show a reduction in the number of days taken to deliver DFGs.

In 2017/18 DFG works were suspended due to budgetary constraints with outstanding works being completed this year. This has impacted on the overall performance for the service as these cases were on hold for as long as 4 months.

Overall performance is affected by these older cases from 2017/18, which is bringing down the figures when compared with the current year cases that are being delivered using the improved processes. This is evidenced as follows:

- 5 adaptations delivered in Q3 were 17/18 legacy cases and averaged 397 days

- 3 adaptations delivered from 18/19 claims and using the new approach averaged 198 days

Once the backlog of legacy cases has been completed during the remainder of this year, 2019/20 performance should show a marked improvement.

Progress Comment: The Housing Solutions Service achieved 70.97% successful outcomes this quarter. The year to date percentage is 78.47%.

Whilst this is below the target set at 89% it is within the variance set. There continue to be significant challenges for homeless prevention. Welfare reform changes and the availability of suitable properties within the private rented sector has limited the options available for customers. The service is continuing to develop new and innovative working practices to assist with early intervention and prevention of homelessness.

ii) Increased pressure on the Housing Options Team

iii) Increase in people sleeping rough

Management Controls: A Housing Strategy Manager is in post to monitor and manage Section 106 and Social Housing Grant programmes.

**Progress Comment:** This will always be a risk due to changes in housing demand and a lack of supply both in terms of the quantity and type of affordable homes provided. Over the past year the Welfare Reform policies have also impacted on the type of affordable housing required due to benefit restrictions. The Council aims to mitigate the risk through:

1. Informing the type and size of all of the new builds (Council and RSLs)

2. Informing the type, tenure and size of affordable housing provision through market led schemes.

Potential Effect: Increased homelessness

**Management Controls:** Developing innovative housing schemes that will aim to provide housing at a cost that under 35's can meet. The Common Housing Register recognises affordability as a housing need and gives priority to those who are suffering financial hardship in terms of housing costs due to the impacts of welfare reforms **Progress Comment:** Applicants who are affected by bedroom tax are given urgent priority for rehousing to more affordable accommodation.

The proposed property for the shared housing pilot received full planning permission and work has been undertaken to establish demand. Due to Government changes and the withdrawal of plans to introduce a shared room rate for under 35s the demand in social housing for shared accommodation has lessened. Applicants contacted expressed a preference for self contained properties and we were unable to establish demand for the shared housing pilot. This will of course have an effect on the demand for affordable one bedroom properties.

Universal Credit Full Service roll out - negative impact upon Council services	Jen Griffiths - Benefits Manager	Dawn Barnes - Training Officer	Amber	Amber	+	Open

**Potential Effect:** Potential increased in rent arrears and decrease of Council Tax collection.

Potential increased risk of homelessness and need for accommodation.

Increased demand in existing support services

Management Controls: Welfare Reform is undoubtedly impacting services. Rent Arrears have increased and there is work on-going to identify the reason for this. Focus is now more on early identification and intervention and we have increased communication across the teams and portfolios to support this work.

Council Tax Collection is under pressure and we are currently reviewing the claims process for Council Tax Reduction to make the process easier and quicker. Although there is no evidence of links to increased presentations for homelessness, this remains a risk and we will continue to provide early intervention to prevent this and monitor the situation closely. **Progress Comment:** Work is now well underway to identify and mitigate the impacts of Universal Credit on Council Tenants and their rent accounts. Work is concentrated around early intervention which enables support to be provided to those who need it, but a harder line to be taken with those who can pay but choose not to. This provides a more realistic chance of the rent account coming back under control and out of arrears.

There will inevitably always be an element of cash flow arrears on accounts due to the Universal Credit payments (whether direct to the council or directly to the tenant) are made in arrears.

During 2018/19 focus is on early identification and intervention to prevent the problem from escalating. Council Tax Collection remains under pressure.

**Progress Comment:** The development of the Welfare Response Team has assisted with the implementation of Universal Credit. Referrals to wider support services still remain high with a significant number of residents presenting with underlying debt issues. Managers across Customer Services, Neighbourhood Housing and Revenues and Benefits are continuing to work together to develop early intervention strategies.

Debt levels will rise if tenants are unable to afford to pay their rent or council tax	Jen Griffiths - Benefits Manager	Sheila Martin - Income Team Leader	Amber	Red		Open

**Potential Effect:** With the introduction of universal credit and reduction in benefits being paid it is anticipated that tenants will struggle to maintain their payments increasing the level of debts owed to the Council for Rent and Council Tax.

Management Controls: Review of procedures is being carried out to try and mitigate the impact, however, a full estimate of impact cannot yet be confirmed.

**Progress Comment:** Work has commenced on the identification of the impacts of Universal Credit on Council Tenants and their rent accounts. There is a team that works with tenants at the earliest opportunity on the basis that intervention at early stages allows support (if appropriate) to be identified earlier giving a more realistic chance of the rent account coming back under control and out of arrears.

The Council now has "Trusted Partner" status with the Department for Work and Pensions which means that processes and flow of information and payments is more streamlined and automated. Notwithstanding this, there will inevitably always be an element of cash flow arrears on accounts due to Universal Credit payments (whether direct to the council or directly to the tenant) being made in arrears.

During 2018/19 focus has been on early identification and intervention to prevent the problem from escalating. Council Tax Collection remains under pressure.
