For information – Cabinet and County Council decisions**Cabinet**

Cabinet considered the **Discretionary Transport Policy Review – Outcome of Consultation** report at its meeting on Tuesday 18th June, 2019. The Cabinet decision was as follows:-

- (1) That from September 2020 the termly charge for post-16 transport should be set at a maximum of £150 per term;

All students entitled to free school meals should receive free transport to school or college. This measure should be paid for by the Council funds – not from the charge for transport – as a discretionary benefit;

That during the year between now and the introduction of the charge, the Council should examine the possibility of operating a hardship fund for supporting families where access to education is denied due to the charge through extenuating circumstances, noting the continuation of free transport entitlement under the free school meal criterion;

That during the year between now and the introduction of the charge, as suggested by the Liberal group, the Council should examine the possibility of a form of 'Oyster' type pre-payment card which would allow residents who cannot pay the termly charge to top up their card on a regular basis; and

That post-16 is defined to be years 12 and 13 in school year terms, and only extended in exceptional circumstances.

- (2) That negotiations be re-opened with Coleg Cambria on the level of recharged cost for the discretionary transport service.

County Council

County Council considered the following Notice of Motion, submitted by Councillor Dave Healey (Chairman of the Committee) at its meeting on Tuesday 18th June, 2019:-

Cyber bullying

Council notes concerns about the impact of cyber bullying on the mental health of young people.

Council also recognises that this is a national problem and that adults, as well as young people often bully others on social media.

Council also believes that the vast majority of young people, within the County, are responsible in the way in which they engage with social media and do not engage in cyber bullying.

Council also notes that all members of the Education and Youth Overview & Scrutiny Committee and Officers stood, in the Council Chamber, on 20 May 2019, in order to pledge that they would not, themselves, engage in social media in ways which denigrate other individuals.

Members of this Council now rise to take a similar pledge so that Flintshire County Council, as a whole, can be seen to be leading the way in setting an example itself with regard to the shameful activity of cyber bullying.

Council calls upon Flintshire residents to make a similar commitment with regard to their engagement with social media so that, in the sixth largest county in Wales, we can all work together to stem the tide of toxic abuse which is causing mental health problems for others, young and old.

Council further requests the Officers to draw up an appropriate report to committees so that this expectation can be embedded in future practice within the Council.

County Council resolved to support the Notice of Motion.
