About the Wales Pension Partnership

Established in 2017, the WPP is a collaboration of the eight LGPS funds (Constituent Authorities) covering the whole of Wales and is one of eight national Local Government Pension pools.

We have a long, successful history of collaboration, including examples that pre-date the Government's pooling initiative. We are proud of our unique identity as a Pool – our Constituent Authorities represent and span the entirety of Wales. Being democratically accountable means, we provide the best of strong public sector governance and transparency.

Our operating model is designed to be flexible and deliver value for money. We appointed an external fund Operator and make use of external advisers to bring best of breed expertise to support the running of the Pool, this includes Hymans Robertson who have been appointed as the WPP's Oversight Advisor. The Operator is Link Fund Solutions and they have partnered with Russell Investments to deliver effective investment management solutions and provide strong net of fee performance for all the Constituent Authorities.

We have a clear vision and are in control of the pace we take to ensure we meet our goals. The eight Constituent Authorities of the Wales Pension Partnership are:

Governance

The WPP places a strong emphasis on governance and the diagram below illustrates the governance structure established by the WPP. In addition, the WPP Governance Matrix outlines the roles and responsibilities of the WPP's Joint Governance Committee, Officer Working Group, Host Authority, Operator, Oversight Advisor and Constituent Authorities (Pension Committees), this can be found on the WPP website.

Risk management is embedded into the governance of the WPP. The WPP has adopted a policy of seeking to identify and measuring key risks and to ensure that suitable controls and governance procedures are in place to manage these risks. The WPP's focus on risk management is evidenced by the fact that several of the WPP's work plan items relate to risk management.

During the course of this business plan the WPP will seek to develop mechanisms, frameworks and process for managing the following key risks:

- The service delivery and performance of its Operator
- Ongoing performance of investment managers
- The robustness of the WPP governance structure
- Risk associated with Climate change

The WPP believes in being open and transparent as well as regularly engaging with its key stakeholders. As such the WPP will ensure the meeting of the Joint Governance Committee are accessible to the public via a live webcast stream. Meeting papers will also be made publicly available. Local Pension Board engagement days will also be held regularly as a means of fostering stakeholder engagement.

The WPP recognises the importance of all of its stakeholders to reflect this the WPP has put in place an Engagement Protocol Framework, this is carried out via the following engagement mechanisms:

Engagement mechanisms	Frequency
• Strategic Relationship Review meeting	Bi-Annual
• JGC Engagement	Quarterly
• OWG Engagement	Every 2 Months
• Annual Shareholder Day	Annual
• Pension Fund Committees	Annual
• Manager Engagement Days	Bi-Annual
• Member Communications	Annual
• Engagement via the website & LinkedIn	Continuous

Objectives

The primary objectives for WPP are outlined below, these have been formulated following consultation with the Constituent Authorities on their requirements of the pool:

- To provide pooling arrangements which allow individual funds to implement their own investment strategies (where practical).
- To achieve material cost savings for participating funds while improving or maintaining investment performance after fees.
- To put in place robust governance arrangements to oversee the Pool's activities.
- To work closely with other pools in order to explore the benefits that all stakeholders in Wales might obtain from wider pooling solutions or potential direct investments
- To deliver an investment framework that achieves the best outcomes for its key stakeholders; the Constituent Authorities. The Constituent Authorities will be able to use this framework to deliver the best outcomes for their Scheme Members & Employers.

Beliefs

The WPP holds the following beliefs, these are used to guide the WPP's decision making, policies and business plans. These beliefs are reviewed annually.

- The WPP's role is to facilitate and provide an investment pooling platform through which the interests of the Constituent Authorities can be implemented.
- Good governance should lead to superior outcomes for the WPP's stakeholders.
- Internal collaboration between the Host and Constituent Authorities is critical to achieving the WPP's objectives. External collaboration may also be beneficial in delivering cost savings and better outcomes for stakeholders.
- Responsible Investment alongside consideration and evidential management of Environmental, Social and Governance issues should result in better outcomes for the WPP's stakeholders.
- Effective internal and external communication is vital to achieving the WPP's objectives.
- External suppliers can be a cost-effective means of enhancing the WPP's resources, capabilities and expertise.
- Fee and cost transparency will aid decision making and improve stakeholder outcomes.
- Continuous learning, innovation and development will help the WPP and its Constituent Authorities to evolve.
- A flexible approach to the WPP pool structure and implementation methods will enable the WPP pool to adapt in future and continue to meet the needs of its stakeholders.
