CO-OPTED MEMBERS: Lynn Bartlett, David Hytch and Rita Price

ALSO PRESENT: Councillor Andrew Holgate

APOLOGIES: Councillors: Councillor Ian Roberts (Cabinet Member for Education), and Sian Braun. Mrs Rebecca Stark.

CONTRIBUTORS: Councillor Aaron Shotton, Leader and Cabinet Member for Finance, Interim Chief Officer (Education and Youth) and Senior Manager Integrated Youth Provision

IN ATTENDANCE:

Education & Youth Overview & Scrutiny Facilitator and Democratic Services Officer

44. DECLARATIONS OF INTEREST

There were no declarations of interest.

45. MINUTES

- (i) The minutes of the meeting of the Committee held on 18 January 2018 were submitted:

Matters arising

Page 7: in response to a question from Mr. David Hytch concerning a potential efficiency from the GwE service the Interim Chief Officer (Education) advised that a 1% efficiency had been negotiated.

- (ii) The minutes of the meeting of the Committee held on 1 February 2018 were submitted.

Matters arising

Page 13: Councillor Patrick Heesom asked if a date had been arranged for the workshop on Post 16 education. The Facilitator explained that she was

liaising with officers to find a suitable date and would inform the Committee once this had been agreed.

46. INTEGRATED YOUTH SERVICES (IYP)

The Interim Chief Officer, introduced a report to provide an update on the overall provision of Integrated Youth Services. She provided background information and advised that the IYP model worked with other statutory organisations and voluntary sector providers to deliver a bespoke universal, targeted and specialist provision for young people. She invited the Senior Manager Integrated Youth Provision to present the report which provided an overview of the many strands of service delivery for young people across Flintshire.

The Senior Manager reported on the main considerations, as detailed in the report, and explained that the IYP was informed by the Adverse Childhood Experiences (ACE) agenda which enabled the service to provide the most reactive responses and the best preventative provision to match the needs of a cohort which required creative responses to complex individual needs.

Councillor Patrick Heesom expressed concerns that the report did not provide a universal service across the County and did not address the “dire circumstances” which prevailed in some areas due to lack of provision. He also said the report was selective in terms of service provision and was provider not user driven. Councillor Heesom suggested that a workshop be held to move forward the concerns raised and also ensure that the service was user driven.

The Senior Manager responded to Councillor Heesom and referred to the issues of recruitment and lack of funding to provide additional services. She advised that the focus was on prevention and informative education and commented on the range of services that young people were sign posted to and which fed into the IYP.

Councillor Aaron Shotton spoke of the need to achieve efficiencies across all services during the ongoing financial austerity. He said the Authority had worked with local communities to provide a holistic approach to service delivery which may necessitate a change from the traditional provision.

In response to a question from Councillor Kevin Hughes on safeguarding and education of young people against internet and social media abuse, the Senior Manager gave an assurance that robust procedures were embedded into youth services provision to protect young people with regard to online and social media safety.

The Chairman emphasised the need to encourage engagement with local communities and to explore the potential for ways in which the community can provide assistance to maintain service provision in their areas.

Following concerns raised by Councillor Patrick Heesom on the lack of youth service provision to the west of the County, the Interim Chief Officer gave a commitment to meet with him and the Senior Manager Integrated Youth Provision following the meeting.

RESOLVED:

- (a) That the Committee notes the development of the Integrated Youth Provision (IYP) and endorses the delivery model which was informed by the Adverse Childhood Experience (ACE) agenda;
- (b) That the Committee endorses the increased focus on targeted and preventative e.g. increased focus on substance misuse and sexual health innovations as this offered the earliest support to the most vulnerable young people;
- (c) That the Committee endorses the increasing focus on delivering within Flintshire's secondary schools to support the engagement, attendance and wellbeing of the most vulnerable young people, particularly those who were 'looked after' children (LAC) and those at risk of becoming 'Not in Education Employment or Training' (NEET);
- (d) That the Committee invite the Youth Council to discuss youth provision issues in the County and provide a report back to the Committee;
- (e) That the Committee endorse the continued focus on safeguarding and educating young people with regard to online and social media safety; and
- (f) That the Committee request that the Integrated Youth Service seek to facilitate community initiated projects with advice and support across Flintshire.

47. YOUTH COUNCIL

The Interim Chief Officer (Education and Youth) introduced the report to provide an update on progress in establishing the Youth Council. She invited the Senior Manager Integrated Youth Provision to present the report.

The Senior Manager provided background information and reported that the development of the Youth Council had started with representatives from community groups and schools councils forming a steering group and undertaking preparatory research work. She advised that representatives of the Youth Council had met with the Leader and Deputy Leader of the Council to formalise the establishment of the Youth Council. The Senior Manager referred to the main considerations, as detailed in the report, and the Delivering Together, Integrated Youth Provision delivery plan which was appended to the report.

Councillor Aaron Shotton provided feedback on the meeting held with representatives of the Youth Council which he said had been positive and informative. He commented on the opportunity which the Youth Council presented for young people to have a strong voice to express their views.

Councillor Dave Mackie said it was important to review the constitution of the Youth Council to ensure it represented a broad range of young people and local communities across Flintshire. The Chief Officer emphasised that engagement with young people was the key priority.

RESOLVED:

- (a) That the Committee support the establishment and maintenance of a Flintshire Youth Council to represent all young people in Flintshire in line with the National Participation Standards;
- (b) That the Committee actively consult with the Youth Council to create guiding principles and to provide feedback to the Youth Council on outcomes of consultations to bridge the gap between Local Government and Flintshire young people by opening the lines of communication, leading to meaningful participation and enabling them to engage as citizens in the “here and now” to influence the future;
- (c) That the Committee establishes regular opportunities for the Youth Council to meet with them to broker opportunities for assessing and securing the sufficiency of services that affect the lives of young people they represent. This will be especially important when assessing the opportunities for those who are identified as having suffered adverse childhood experiences (ACE’s) which have impacted on their lives;
- (d) That the Committee ensures that all information is communicated in a format and language appropriate for the cohort offered in language of choice for young people in order for them to give informed opinions and make decisions;
- (e) That Cabinet be asked to establish a method for consulting with the Youth Council ensuring an appropriate timeframe for them to participate in line with Children and Young People’s Participation Standards;
- (f) That the Committee ensures that the views of the Youth Council and the young people they represent are embedded in the decision making process by using the wellbeing goals, ensuring participation is offered in a meaningful and accessible way and embedding the guidance of Annex B of the guidance for Public Service Boards. “To promote and facilitate the participation of children and young people in decisions which may affect them”; and

- (g) That the Youth Council be involved in assessing and securing the sufficiency of services that affect the lives of young people they represent. This will be especially important when assessing the opportunities for those who are identified as having suffered adverse childhood experiences (ACE's) which have impacted on their lives.

48. SELF-EVALUATION OF LOCAL GOVERNMENT EDUCATION SERVICES

The Interim Chief Officer (Education and Youth) introduced the report to provide an update on overall service performance. She provided background information and advised that the report provided an overview of the new inspection arrangements, and a summary of the draft self-evaluation and a copy of the draft report were appended to the report.

The Interim Chief Officer gave a brief overview of the self-evaluation of local government education services and referred to the main considerations, as detailed in the report.

In response to a question from Councillor Paul Cunningham the Interim Chief Officer outlined the role of Estyn and explained that in the main it was for the Authority to determine its own improvement. She commented on the impact of financial austerity on service delivery.

Mrs Lynne Bartlett suggested that the word 'effective' be added to the description of the partnership working between the Local Authority and the Diocese.

Councillor Patrick Heesom asked that the views of GwE on the draft Self-Evaluation Report 2018 be provided to the Committee when received.

RESOLVED:

- (a) That the new Estyn framework for the inspection of education services within Local Authorities in Wales be noted; and
- (b) That the comments of the Committee in relation to the latest draft self-evaluation report be noted.

49. QUARTER 3 COUNCIL PLAN 2017/18 MONITORING REPORT

The Interim Chief Officer introduced the Quarter 3 Council Plan 2017/18 Monitoring Report. She advised that the Report presented the monitoring of progress at the end of Quarter 3 for the Council Plan priority 'Learning Council' relevant to the Committee.

The Interim Chief Officer explained that the Monitoring Report for the 2017/18 Council Plan was a positive report, with 81% of activities being assessed as making good progress, and 69% likely to achieve the desired outcome. Performance Indicators showed good progress with 84% meeting

or near to period target. Risks were also being successfully managed with the majority being assessed as moderate (67%) or minor (10%).

The Chief Officer advised that there were no performance indicators which showed a red status for current performance against target relevant to the Committee. She reported that there were three major (red) risks identified for the Committee as detailed in the report.

The Facilitator advised that an 'Understanding of Performance Reports' workshop for all Members was to be organised for late June/early July, to link to the Council Plan out-turn report to Council on 19th June 2018.

Councillor Dave Mackie referred to page 236, IP 3.1.1.12 M12, and sought clarification on the number of first time entrants. He also queried the start date and 50% completion data provided against IP 3.1.1.2 on page 234.

RESOLVED:

- (a) That the report be noted; and
- (b) That the Committee notes with concern the risks involved in the report which were associated with Austerity and the low funding of the Council.

50. FORWARD WORK PROGRAMME

The Education & Youth Overview & Scrutiny Facilitator presented the current Forward Work Programme for consideration. She advised that the next meeting of the Committee to be held on 24 May would be a joint meeting with the Social & Health Care Overview & Scrutiny Committee. She also confirmed that Mr. Arwyn Thomas, Managing Director of GwE, would be attending the meeting of the Committee to be held on 28 June.

The Facilitator advised that the Quarter 4 Improvement Monitoring Report would be submitted to the meeting of the Committee on 24 May 2018.

In response to a request from Councillor David Williams the Facilitator agreed to ask that the School Modernisation Update report, due to be submitted to the Committee meeting on 28th June, include an update on each of the current school improvement work streams.

RESOLVED:

- (a) That the Forward Work Programme be amended; and
- (b) That the Facilitator, in consultation with the Chair of the Committee, be authorised to vary the Forward Work Programme between meetings, as the need arises.

51. **ATTENDANCE BY MEMBERS OF THE PRESS AND PUBLIC**

There were two members of the press and no members of the public in attendance

ANNUAL REPORT 2017-2018

STANDARDS

Performance strengths

- GwE's performance in the main indicators in Key Stage 2 and Key Stage 3 continues to improve rapidly, and the region's performance is the highest of the four consortia.
- Key Stage 2 - In 2017, there was a 1.6% increase in the percentage of pupils who attained the Core Subjects Indicator [CSI] compared to the national percentage of 0.9%. This was higher than the increase seen in the other regions and GwE's performance is now the best of the four regions. In 2017, an increase of 2% or more was seen in three of the local authorities, Ynys Môn (+2.1%), Gwynedd (+2.3%) and Wrexham (+2.6%). Three of the 6 authorities performed better than their FSM position, with one equivalent to it.
- In 2017 in Key Stage 3, a further increase in the percentage of pupils who attained the Core Subjects Indicator [CSI]. The region's performance in the CSI continues to be the best of the four consortia, with three authorities, Gwynedd, Conwy and Flintshire, performing higher than their FSM position, or close to it.
- Key Stage 4 - The performance gap between GwE and the 2 highest performing consortia in the TL2+ has decreased by approximately 1%.
- On the higher levels [level 6+] in Key Stage 3, an increase was seen in all core subjects. The increase in the region was higher than the national increase for Welsh. Performance in mathematics, science and Welsh is the best of the four consortia, and English has the second best performance.
- In Key Stage 2 and 3, the performance of FSM pupils in the GwE region was higher than the national percentage in each of the main indicators, with the exception of Welsh in Key Stage 2.

These are areas that require improvement:

- Raising standards in the Foundation Phase continues to be a key priority for improvement in the consortium. Even though the greatest increase was seen in the percentage of pupils who attain the Foundation Phase Indicator (FPI), an increase of 0.8% compared to 0.3% nationally, there is still considerable work to be done across the region.
- Raising Standards in KS4 remains a priority. As KS4 indicators have been revised, the historical comparison is no longer valid. GwE's performance continues to be the third best of the regions' performance. There is a need to improve the inspection results profile of secondary schools.
- In Key Stage 4, there is variation in the performance of individual local authorities across the region. This year, overall, Gwynedd and Conwy have performed close to what was expected in the majority of indicators. Improving standards in those local authorities where performance is below their comparative FSM position is an important priority.

- In Key Stage 4, too many schools across the consortium are performing below expectations. There is a need for improvement in schools' performance against the modelled expected outcome in the majority of indicators. Performance in the L2+ and Capped 9 needs to be prioritised.
- In Key Stage 4, the aim is to ensure that the performance of FSM pupils is equivalent to, if not higher than, the national percentage. In 2017, the performance of FSM pupils in the L2+ was 1.7% below the 28.6% seen nationally, and the nine points score and capped 8.3 were below the national score. In Key Stage 2 and 3, GwE's performance was higher than the national percentage in the core subject indicator, and only slightly below in the foundation phase indicator.
- In Key Stage 4, there is a need to improve performance in maths and English.
- There is a need to improve the higher outcomes across all key stages.

PROVISION

Strengths:

- Support and challenge - there is more consistency across the service and clarity in terms of the accountability of the team and of the service.
- Secondary delivery model - all secondary schools now have a support programme that is more fit for purpose and which better matches the school improvement plan.
- There is a more effective structure in place to support and challenge schools. We are already seeing an improvement in performance across a range of indicators.
- The school improvement service uses data and targeting and tracking procedures more effectively and consistently to challenge and support schools.
- The number of primary schools placed in an Estyn category (Estyn monitoring, Significant Improvement and Special Measures) has nearly halved in the last two years (from 46 in 2013-15 to 26 in 2015-17).
- GwE provides a range of professional learning programmes for practitioners, from Higher Level Teaching Assistants to experienced Headteachers.
- Increasing emphasis was placed during 2017-18 on improving the quality of leadership, focusing on improving the quality of evaluation and improvement planning. There is clear evidence that the leadership workshops for primary school leaders have led to improved outcomes, and strengthened schools to direct their own journey towards improvement.
- The Literacy and Numeracy team has provided an extensive variety of support and development programmes across the region in order to ensure planning and provision of a high standard in the primary and secondary sectors.
- Effective processes have led to a more consistent approach to assessment across the region.

- Good work continues in developing schools as Learning Organisations (OECD), and collaboration with the new Academy of Education Leadership in Wales.
- Teaching and Learning - there are many exciting and far-reaching projects under way, which will enable all teachers in the region to develop and deepen their teaching skills and their understanding of the principles of formative assessment and excellent pedagogy.

These are the areas that require development:

- Ensure that a wider range of data and live information is available for Supporting Improvement Advisers, LA Officers and schools, and that the information is used consistently in an effective and timely manner across all levels of implementation.
- Improve provision, curriculum planning and assessment in the Foundation Phase.
- Improve curriculum planning in secondary schools in order to ensure improved outcomes for all learners.
- Improve the quality of assessment, tracking and intervention programmes in secondary schools.
- Improving A level provision.
- Develop and further improve the quality of senior and middle leadership across the region.
- Improve the quality of departmental leadership in the core subjects in secondary schools.
- Develop aspiring headteachers / senior leaders.
- Develop and implement a common strategy for Wellbeing across the region.
- Continue to incorporate the Curriculum for Wales agenda into the wider team work of GwE.

LEADERSHIP

Since the core inspection, the service has made good and rapid progress to re-structure its leadership and administrative team. Consequently, there is more consistency across the service and clarity in terms of the accountability of the team and of the service.

Strengths:

- The clear and robust accountability framework is an important strength in GwE. Detailed business plans on several levels address all aspects of GwE's work.
- Self-evaluation is a strong feature in GwE. Considerable emphasis is placed on accountability and continuous review, and there is a consistent emphasis on achieving

progress in line with priorities. This emphasis on evaluation and review leads to significant improvement.

- There are thorough and composite arrangements in place to rigorously identify and manage risks on a local, regional and national level.
- The Organisational Health Index notes GwE as an organisation in the highest quartile, with particular strengths in terms of direction, capacity and leadership.
- GwE's improved planning and performance management model clearly notes the vision, values, priorities and objectives of the service. Its clear strategic direction and strong accountability framework are key features in moving forward.
- Using data with increased effectiveness to identify our key priorities has strengthened the link between the business planning process and decisions regarding financial planning. Resources clearly match priorities and specific criteria are used to monitor and evaluate the impact of funding.
- Overall, the consortium has effective financial management processes. A formal framework has enabled GwE to better demonstrate and assess value for money.
- Scrutiny has matured across the region. Local scrutiny members have a better understanding of the purpose of GwE and its objectives.

These are the areas that require development:

- Establish GwE as an Organisation that is learning and working in partnership with WG and OECD.
- Develop an information management system to analyse and share best practice.
- Continue to develop the working relationship and develop opportunities for action research for schools across the region.
- Continue to strengthen the links with a wide range of partners in line with developing the new curriculum, and share resources with an increasing number of schools.

The areas for development are priorities in our business plans for 2018-2019.

EDUCATION AND YOUTH OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday 28 th June 2018
Report Subject	School Modernisation
Cabinet Member	Cabinet Member for Education and Youth
Report Author	Chief Officer (Education and Youth)
Type of Report	Operational

EXECUTIVE SUMMARY

To inform Education and Youth Overview and Scrutiny Committee of progress of the School Modernisation Programme and emerging additional Capital Grant funding streams available through Welsh Government.

RECOMMENDATIONS

1	That the Education and Youth Overview and Scrutiny Committee note the contents of the report and progress of the School Modernisation programme.
---	--

REPORT DETAILS

1.00	BACKGROUND AND CONSIDERATIONS
1.01	<p><u>21st Century Programme (Band A)</u></p> <p>The funding envelope for Band A 21st Century school investment programme within Flintshire was fixed at £64.2m, and runs between 2013/14 to 2018/19. Projects at Holywell Learning Campus and Deeside 6th were completed on time and within Budget.</p> <p>The remaining projects in this band are at Connah's Quay High School and Penyffordd County Primary School, which will effectively bring to a close the Band A programme.</p>

1.02	<p>Connah's Quay High School – Kier Construction started on site July 2017 with the anticipated completion date December 2018. Construction works are on schedule. As part of the same contract, demolition of the former John Summers school will be undertaken. This project started onsite in April 2018 and will be completed by December 2018.</p>
1.03	<p>Penyffordd CP - Wynne Construction started on site April 2018 with anticipated completion of the new school building July 2019 (phase 1) and the remainder of external works (phase 2) in November 2019.</p>
1.04	<p><u>Brynford and Lixwm Area Review</u></p> <p>A report has been presented to Cabinet 19th June 2018. The report informed Cabinet of the responses from the statutory consultation period for the Brynford and Lixwm Area School Review. At this meeting Cabinet determined to cease the proposal for amalgamation and invited the two governing bodies to work with the Council to develop a federated model on two sites as the status quo is not an option. This means the original plan to use 21st Century Band B funding to modernise facilities is now not an option. The Council will therefore be applying to Welsh Government for funding to improve the Brynford site, which has significant suitability issues, through other newly emerging funding streams once they become available e.g. Early Years Capital Grant.</p>
1.05	<p><u>Nercwys VA</u></p> <p>The Diocesan Authority and the Governors of Nercwys VA had previously held positive discussions around the potential to form a formal federation with a suitable partner and early discussions with another school have begun. Governors had agreed to collaborate more closely with another school and to set up a joint sub-committee to foster closer collaborative working between the two schools. This collaboration is becoming increasingly well embedded at a governance, leadership and curriculum level.</p>
1.06	<p><u>21st Century Schools Programme (Band B)</u></p> <p>As previously reported, Welsh Ministers have confirmed that the Band B 21st Century Schools and Education Programme will be funded by both capital and revenue budgets.</p> <p>£500 million of capital funding is available to 22 Local Authorities (LAs) and 14 Further Education (FE) institutes for the 21st Century Schools and Education programme from 2019 to 2024. Early informal intelligence suggest that the Programme may be extended beyond 2024.</p> <p>In addition to the capital funding, there will also be a revenue budget funding model that will enable an additional investment with a maximum capital value of £500 million. This is called the Mutual Investment Model (MIM).</p>

1.07	The Council's Strategic Outline Programme (SOP) was submitted to WG at the end of July 2017 In the SOP, the Council expressed an interest in using MIM primarily to help support an ambitious Band B programme in order to maximise all sources of external funding.
1.08	<p>The intervention rates for the programme are confirmed by WG as follows:</p> <ul style="list-style-type: none"> • Capital – 50% WG / 50% LA • MIM – 75% WG / 25% LA (through revenue budgets of both organisations)
1.09	The total Band B funding envelope request by the Council as outlined in the SOP submission to WG was £85,420,000.00, including an expression of interest that one project (£25m) could be suitable for MIM. Attached at Appendix 1 is the SOP which includes a summary of the projects contained within the proposed programme.
1.10	<p>WG requested that Band B programmes are prioritised in order that they can, at a national level, ensure that the programme is affordable in year for the duration of the programme. The anticipated priority order is shown in the summary contained in Appendix 1. However, both national and local factors could influence the programme, the projects and or their sequence. Currently, the Council is waiting for confirmation from WG in respect of the Council's funding proposed funding timeline (which is indicative).</p> <p>Dependant on the agreed funding timetable nationally, the anticipated programme may need to be reviewed. In any event, a complex investment programme over a 5/6 year period will require a degree of flexibility. To this end LAs can request to amend their SOPs if Cabinet determines there is a need to make changes to the programme should there be changes in circumstance.</p> <p>Dependant the complicity of projects, there will be differing timelines from Cabinet determination to realisation. (Ranging from 2- 5 years)</p>
1.11	As per the Council's constitution, officers would require a mandate from Cabinet to proceed with area reviews for potential school organisational change and/or individual projects contained within the programme. Reports will be presented to Cabinet at key programme milestones.
1.12	Welsh Government have made available to Local Authorities the potential to draw down funding from Band B 21st Century School programme to enable the acceleration of projects prior to the commencement of the Band B funding envelope.
1.13	To this end a proposal has been submitted to Cabinet on 14 th April 2018 to take advantage the WG initiative and draw down funding for the Connah's Quay High School project (Phase 2) prior to the start of Band B.
1.14	Cabinet supported this recommendation: This will allow the Council to enter into a two stage Design & Build contract with Kier Construction. This will enable a seamless transition between construction phase 1 and 2 at the school.

	The first stage will enable the detailed design work and cost certainty to be undertaken concurrently with the current contractor/team whilst the Phase 1 construction work is on site. The 2 nd stage would be a construction project.
1.15	The proposal would allow contract efficiencies e.g. no re-tendering costs, site set up, coordination of existing services, single point design responsibility and avoidance of abortive work as a result of a stop-start scenario, notwithstanding the benefits to the school of the proposed project being that it would be completed earlier and also have the continuity of a familiar contractor team.
1.16	The proposed phase 2 project will include re-modelling to provide a new administration area and existing administration block demolition and associated new cladding; remainder of external works (car parking); sports hall & main façade upgrades, including a new roof to the Sports Hall; DDA compliance works and agreed packages of smaller refurbishment works. This will bring the school up to the required standard.
1.17	A Business Justification Case (BJC) has been completed and submitted to WG. At the time of writing we are awaiting confirmation of approval before the proposed project can officially proceed.
1.18	<p><u>WG - Infants Class Size Grant</u></p> <p><i>(Initially known as reducing Infants Class Sizes and Raising Standards Grant)</i> As reported to Education and Youth Overview & Scrutiny 23rd November 2017</p> <p>With £20m capital funding available nationally the Council has submitted a business case for £1,820,000 to fund two proposed projects, in priority order as requested by WG. They are as follows:</p> <ol style="list-style-type: none"> 1. Ysgol Glan Aber, Bagillt 2. Westwood CP, Buckley
1.19	In terms of Ysgol Glan Aber, the school already has a commitment of £997,000 through the Council's Capital Programme. However, the detailed feasibility work recently undertaken has identified a number of suitability/circumstance issues which have resulted in the proposal needing to be enlarged beyond the scope of the original scheme. The proposal to WG, for an additional £1,320,000 in capital would allow the Council to address all the issues identified through the detailed feasibility study. The proposed scheme at Westwood CP School (£500,000) would modernise and rationalise facilities at the school into one building.
1.20	The Council were expecting feedback from Welsh Government (WG) in December 2017 but this was not forthcoming. However, WG officials have recently contacted officers to confirm that the proposed scheme at Westwood CP would not be eligible for grant (which was a risk given the changes in criteria) and 2) to ask a number of further questions relating to the business case for Ysgol Glan Aber. WG are currently deliberating this business case. At the time of writing this report the Council is still awaiting

	a determination from WG.
1.21	<p>The revenue grant available to the Council through the grant has been successfully claimed for 17/18 and 18/19 with the following schools benefiting:</p> <ul style="list-style-type: none"> • Ysgol Cae'r Nant, Connah's Quay • Saltney Ferry CP • St Marys RC Flint
1.22	<p>WG originally intimated that this Infants class size revenue grant would continue until the 2020/21 financial year. However future years grant funding for 19/20 and 2021 is yet to be confirmed. Once WG confirm funding is available, Officers will prioritise spend based on WG criteria/local need. Given the amount of grant funding available (which is provided on a formula basis) it will only benefit a small number of schools as in previous years.</p>
1.23	<p><u>WG – Welsh Medium Grant</u></p> <p>In Addition to the 21st Century school investment programme WG have made £30m Welsh Medium (WM) capital grant available across Wales. This grant is funded at a 100% intervention rate through WG. The grant funding is aimed specifically at capital projects that will demonstrably contribute to meeting the Welsh Government's aim of one million Welsh speakers by 2050.</p>
1.24	<p>The key WG criterion for assessing, and if necessary, prioritising projects will be the contribution it will make to the 2050 target in terms of numbers of Welsh speakers. Within this WG will consider relevant factors such as:</p> <ul style="list-style-type: none"> • Welsh-medium schools within a 10% capacity threshold or nearing their capacity; • Significant levels of unmet demand for Welsh medium provision as demonstrated through the Welsh-medium education assessment; • Significant gaps in Welsh medium childcare as demonstrated through the Childcare Sufficiency Assessment; • Potential for growing the Welsh medium sector in the area affected.
1.25	<p>The Council have only one school within the WM sector which has unfilled places below 10% - Ysgol Glanrafon, Mold. Consequently a Business Case has been submitted to WG for capital investment in Ysgol Glanrafon through this funding stream.</p> <p>The Council have requested that the £750K earmarked for the Mold Area WM review within its original SOP is retained. The rationale is that this funding would be recycled to supplement the proposed Ysgol Croes Atti WM Project to enable continued support and potential growth for WM provision in the Shotton area – Ysgol Glannau Dyfdrwy, where numbers are steadily growing.</p>

1.26	<p>If the proposal for Ysgol Glanrafon is successful the proposed would;</p> <ul style="list-style-type: none"> • Remove the existing mobile accommodation on the school site and replace with a permanent classroom accommodation to increase the permanent capacity of the building. • Address a number of the buildings suitability issues such as small classroom sizes, provide additional specialist teaching spaces and studio in line with the requirements for a school of its size and to future proof the school for future growth. • Provide a purpose built pre-school provision onsite • Improve the existing car parking and provide a new dedicated drop off zone onsite to improve traffic management and improve safety.
1.27	<p>WG have informed Councils that they hope to complete their deliberations on this grant and inform Councils of the outcome of their business cases by the end of the summer. However, this is, of course, subject to change any change in WG circumstance.</p>
1.28	<p>WG – Early Years’ Capital Grant</p> <p>WG have informed LAs that it is their intention to make £60m in capital funding available across Wales to support Early Years projects, again at 100% intervention rate. At the time of writing the Council are awaiting confirmation of this proposed grant and WG criteria.</p>

2.00	RESOURCE IMPLICATIONS
2.01	<p>Capital and revenue implications will need regular review at key stages within the programme.</p>

3.00	CONSULTATION REQUIRED/CARRIED OUT
3.01	<p>The Programme reports to two operational boards, the Education and Youth Programme Board and Capital Asset Programme Board.</p>
3.02	<p>Some projects within the programme will require statutory proposals. These will be carried out based subject to Cabinet mandate and based on WG’s School Organisation Code Legal Framework. Determination on Statutory proposals are the responsibility of Cabinet.</p>

4.00	RISK MANAGEMENT
4.01	<p>Programme Boards are set up to oversee the implementation business plans and manage risks in close detail. High level risks will be reported to Programme Board, operational risks will be managed by the project team in accordance with agreed tolerances.</p>

EDUCATION & YOUTH OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday 28 th June, 2018
Report Subject	Year-end Council Plan Monitoring Report 2017/18
Cabinet Member	Cabinet Member for Education & Youth
Report Author	Chief Officer (Education & Youth)
Type of Report	Operational

EXECUTIVE SUMMARY

The Council Plan 2017/23 was adopted by the Council in September 2017. This report presents the monitoring of progress at the end of 2017/18 for the Council Plan priority 'Learning Council' relevant to the Education & Youth Overview & Scrutiny Committee.

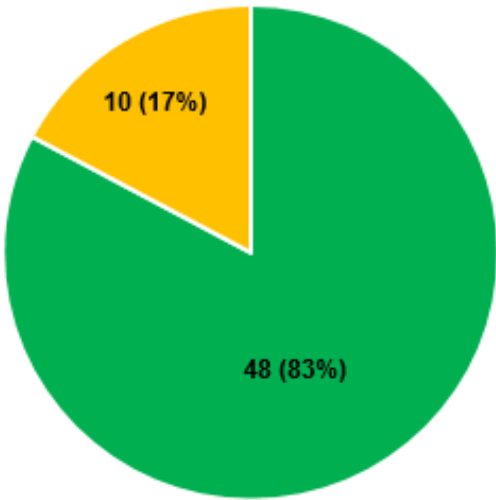

Flintshire is a high performing Council as evidenced in previous Council Plan monitoring reports as well as in the Annual Performance Reports. This monitoring report for the 2017/18 Council Plan is a positive report, with 83% of activities being assessed as having made good progress, and 74% having achieved the desired outcome. Performance indicators show good progress with 56% meeting or near to period target. Risks are also being successfully managed with the majority being assessed as moderate (63%), minor (8%) or insignificant (6%).

This report is an exception based report and therefore detail focuses on the areas of under-performance.

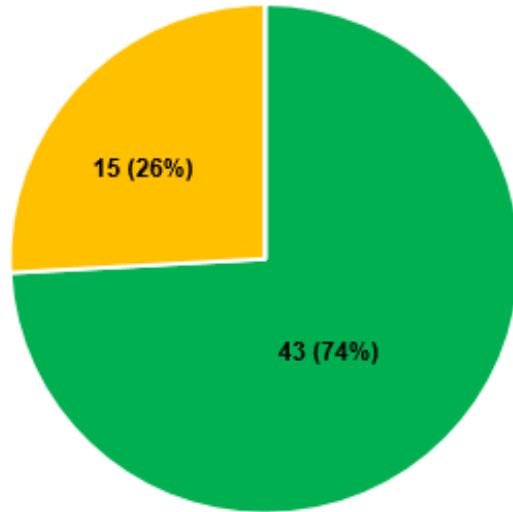

RECOMMENDATIONS

1	That the Committee consider the Year-end Council Plan Monitoring Report 2017/18 to monitor under performance and request further information as appropriate.

REPORT DETAILS

1.00	EXPLAINING THE COUNCIL PLAN 2017/18 MONITORING REPORT									
1.01	The Council Plan monitoring reports give an explanation of the progress being made toward the delivery of the impacts set out in the 2017/18 Council Plan. The narrative is supported by performance indicators and / or milestones which evidence achievement. In addition, there is an assessment of the strategic risks and the level to which they are being controlled.									
1.02	This is an exception based report and detail therefore focuses on the areas of under-performance.									
1.03	<p>Monitoring our Activities</p> <p>Each of the sub-priorities have high level activities which are monitored over time. 'Progress' monitors progress against scheduled activity and has been categorised as follows: -</p> <ul style="list-style-type: none"> • RED: Limited Progress – delay in scheduled activity; not on track • AMBER: Satisfactory Progress – some delay in scheduled activity, but broadly on track • GREEN: Good Progress – activities completed on schedule, on track <p>A RAG status is also given as an assessment of our level of confidence at this point in time in achieving the 'outcome(s)' for each sub-priority. Outcome has been categorised as: -</p> <ul style="list-style-type: none"> • RED: Low – lower level of confidence in the achievement of the outcome(s) • AMBER: Medium – uncertain level of confidence in the achievement of the outcome(s) • GREEN: High – full confidence in the achievement of the outcome(s) 									
1.04	<p>In summary our overall progress against the high level activities is: -</p> <p>ACTIVITIES PROGRESS:</p> <div style="text-align: center;">  <table border="1" style="margin: 0 auto;"> <caption>ACTIVITIES PROGRESS</caption> <thead> <tr> <th>Category</th> <th>Count</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Green</td> <td>48</td> <td>83%</td> </tr> <tr> <td>Yellow</td> <td>10</td> <td>17%</td> </tr> </tbody> </table> </div>	Category	Count	Percentage	Green	48	83%	Yellow	10	17%
Category	Count	Percentage								
Green	48	83%								
Yellow	10	17%								

ACTIVITIES OUTCOME:

No activities are currently assessed as 'red' for progress or outcome.

1.05 **Monitoring our Performance**

Analysis of performance against the Improvement Plan performance indicators is undertaken using the RAG (Red, Amber Green) status. This is defined as follows: -

- RED equates to a position of under-performance against target.
- AMBER equates to a mid-position where improvement may have been made but performance has missed the target.
- GREEN equates to a position of positive performance against target.

1.06 Analysis of current levels of performance against period target shows the following: -

The above figures are correct with the 4 KPIs for which no data is available removed from the calculation

1.07	<p>The performance indicator (PI) which showed a red RAG status for current performance against target, relevant to the Education & Youth Overview & Scrutiny Committee is: -</p> <p>Priority: Learning Council</p> <p>Percentage of pupils who receive free school meals achieving the expected outcome at the end of key stage 4. Level 2 inclusive threshold 5 GCSE A* - C incl E/W and Maths</p> <p>Pupils entitled to free school meals achieved below the Wales average in 2017 for this indicator at Key Stage 4. This remains a key focus area for improvement.</p>																							
1.08	<p>An Action Plan will be produced for each performance indicator which shows a red RAG status for overall performance against target for the year. This will look in more detail at what steps can be taken to mitigate future underperformance and whether the indicator should be carried over to the 2018/19 Council Plan. This Action Plan will go to Cabinet in June 2018.</p>																							
1.09	<p>Monitoring our Risks</p> <p>Analysis of the current risk levels for the strategic risks identified in the Council Plan is as follows:</p> <div style="text-align: center;"> <table border="1" style="margin-left: auto; margin-right: auto;"> <caption>Risk Level Data</caption> <thead> <tr> <th>Risk Level</th> <th>Count</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Insignificant</td> <td>3</td> <td>6%</td> </tr> <tr> <td>Minor</td> <td>4</td> <td>8%</td> </tr> <tr> <td>Moderate</td> <td>30</td> <td>63%</td> </tr> <tr> <td>Major</td> <td>11</td> <td>23%</td> </tr> <tr> <td>Severe</td> <td>0</td> <td>0%</td> </tr> </tbody> </table> </div> <p>Key:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 15%;">■ Insignificant</td> <td style="width: 15%;">■ Minor</td> <td style="width: 15%;">■ Moderate</td> <td style="width: 15%;">■ Major</td> <td style="width: 15%;">■ Severe</td> </tr> </table>	Risk Level	Count	Percentage	Insignificant	3	6%	Minor	4	8%	Moderate	30	63%	Major	11	23%	Severe	0	0%	■ Insignificant	■ Minor	■ Moderate	■ Major	■ Severe

Analysis of the current direction of travel for the strategic risks identified in the Council Plan is as follows:

1.10 The major (red) risks identified for the Education & Youth Overview & Scrutiny Committee are: -

Priority: Learning Council

Risk: Sustainability of funding streams.

The sustainability of grant funding remains a major and live risk. The Council has received notification of a 7.69% cut to the Education Improvement Grant, resulting in a real terms reduction of approximately quarter of a million pounds. This grant funds a range of posts within schools e.g. Foundation Phase Support Staff and central service delivery within the portfolio. There is limited guidance available at the current time from Welsh Government (WG) to be able to strategically plan for the implementation of this cut. Additionally, other grants e.g. Small and Rural School grant which was made available this year do not appear on the grant schedule for 18-19. The School Uniform Grant for yr 7 pupils entitled to Free School Meals has also been withdrawn without prior notification, leaving a potential cost pressure for the Council or schools to absorb. There remains considerable concern about the future of the Minority Ethnic Achievement Grant (MEAG) as WG advised it had been transferred into the Revenue Support Grant. WLGA have challenged this and discussions at the highest level at WG are continuing. Currently only 7.5m of the original 12.5 m grant for all LAs in Wales has been confirmed. A cut in funding will result in reduced service delivery in the portfolio, where demand for pupil support is increasing.

Risk: Numbers of school places not matching the changing demographics.

Reducing unfilled school places via school organisation change is an ongoing process. School change projects can take between three and five years from inception to delivery before reductions of unfilled places can be realised. This continues to be an ongoing process linked to the school modernisation programme. To supplement this the Council will continue to work closely with schools to consider innovative ways for reduction in capacity on a school by school basis (i.e. alternative use of school facilities by other groups) with the objective of meeting national targets of circa 10% unfilled places in all school sectors.

	<p>Risk: Limited funding to address the backlog of known repair and maintenance works in Education & Youth assets.</p> <p>Continuation of the School Modernisation programme is one of the strategic options available to address the repair and maintenance backlog. The programme continuation will also i) Support a reduction of unfilled places ii) Provide a more efficient school estate and concentrate resources on teaching by removal of unwanted fixed costs in infrastructure and leadership iii) Ensure that the condition and suitability of the school estate is improved. Additionally, in future year's capital business cases will be submitted through the Council process to supplement the 21st Century Schools investment programme.</p>
1.11	An Action Plan will be produced for each risk which shows a red RAG status. This will look in more detail at what steps can be taken to mitigate the risk and whether the risk should be carried over to the 2018/19 Council Plan. This Action Plan will go to Cabinet in June 2018.

2.00	RESOURCE IMPLICATIONS
2.01	There are no specific resource implications for this report.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	The Council Plan Priorities are monitored by the appropriate Overview and Scrutiny Committees according to the priority area of interest.
3.02	Chief Officers have contributed towards reporting of relevant information.

4.00	RISK MANAGEMENT
4.01	Progress against the risks identified in the Council Plan is included in the report at Appendix 1. Summary information for the risks assessed as major (red) is covered in paragraphs 1.07 and 1.10 above.

7.04	CAMMS – An explanation of the report headings																																													
	<p>Actions</p> <p><u>Action</u> – Each sub-priority have high level activities attached to them to help achieve the outcomes of the sub-priority.</p> <p><u>Lead Officer</u> – The person responsible for updating the data on the action.</p> <p><u>Status</u> – This will either be ‘In progress’ if the action has a start and finish date or ‘Ongoing’ if it is an action that is longer term than the reporting year.</p> <p><u>Start date</u> – When the action started (usually the start of the financial year).</p>																																													

End date – When the action is expected to be completed.

% complete - The % that the action is complete at the time of the report. This only applies to actions that are 'in progress'. An action that is 'ongoing' will not produce a % complete due to the longer-term nature of the action.

Progress RAG – Shows if the action at this point in time is making limited progress (Red), satisfactory progress (Amber) or good progress (Green).

Outcome RAG – Shows the level of confidence in achieving the outcomes for each action.

Measures (Key Performance Indicators - KPIs)

Pre. Year Period Actual – The period actual at the same point in the previous year. If the KPI is a new KPI for the year then this will show as 'no data'.

Period Actual – The data for this quarter.

Period Target – The target for this quarter as set at the beginning of the year.

Perf. RAG – This measures performance for the period against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target.

Perf. Indicator Trend – Trend arrows give an impression of the direction the performance is heading compared to the period of the previous year:

- A 'downward arrow' always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire).
- Similarly an 'upward arrow' always indicates improved performance.

YTD Actual – The data for the year so far including previous quarters.

YTD Target – The target for the year so far including the targets of previous quarters.

Outcome RAG – The level of confidence of meeting the target by the end of the year. Low – lower level of confidence in the achievement of the target (Red), Medium – uncertain level of confidence in the achievement of the target (Amber) and High - full confidence in the achievement of the target (Green).

Risks

Risk Title – Gives a description of the risk.

Lead Officer – The person responsible for managing the risk.

Supporting Officer – The person responsible for updating the risk.

Initial Risk Rating – The level of the risk at the start of the financial year (quarter 1). The risks are identified as follows; insignificant (green), minor (yellow), moderate (amber), major (red) and severe (black).

Current Risk Rating – The level of the risk at this quarter.

Trend Arrow – This shows if the risk has increased (upward arrow), decreased (downward arrow) or remained the same between the initial risk rating and the current risk rating (stable arrow).

Risk Status – This will either show as 'open' or 'closed'. If a risk is open then it is still a relevant risk, if the risk is closed then it is no longer a relevant risk; a new risk may be generated where a plan or strategy moves into a new phase.

3.1.1.1 Develop Education and Integrated Youth Services	Vicky Barlow - Interim Senior Manager - School Improvement	Completed	01-Apr-2017	31-Mar-2018	100.00%	 GREEN	 GREEN

ACTION PROGRESS COMMENTS:

The Education and Youth Portfolio has continued to work in partnership with the Regional School Improvement Service (GwE) to achieve the best possible educational outcomes for all learners. The Interim Senior Manager for School Improvement has worked collaboratively with the GwE Core Leads for Primary, Special and Secondary schools to provide targeted support for schools. Priorities have been focused on improving wellbeing and standards by developing curriculum and assessment, improving teaching and learning and building leadership capacity. Flintshire schools have had access to an increased professional development offer through GwE which also now includes a regional offer for the development of digital competency.

ACTION PROGRESS COMMENTS:

Welsh Government has developed a Digital Competency Framework (DCF) and a working group has been established to support improved outcomes for more able and talented pupils. The group has focused on skill development and offers sessions to support the improvement and development of areas such as communication skills. A suite of vocational options has been offered to Key Stage 4 pupils across Flintshire schools. These offer accredited courses along with qualifications in Teamwork, Personal Development in the Community and Employability Skills. Welsh Government are promoting an initiative called the Junior Apprenticeship. This enables young people in Key Stage 4 to access a full vocational programme with a view to continuing onto a formal apprenticeship in the field of study. Flintshire schools have also engaged in a range of free vocational workshops through the 'Have a Go' initiative. These provide the opportunity for learners to engage in a range of practical activities. Coleg Cambria are running a Construction Academy which offers young people between the ages of 16 and 18 a chance to gain skills and experience in the construction industry. Local construction companies are engaged in this initiative and will provide work experience.

ACTION PROGRESS COMMENTS:

The initial Early Implementation Schedule is complete. Weekly, monthly and termly monitoring reports are sent to Welsh Government. There are three grants; Administration, Childcare Settings, and Special Educational Needs. The application process is electronic and can only be accessed if the child is living at an address in an eligible area. Since September 2017 payments to Settings have been processed in a timely manner. Expansion has been made into other areas. Requests have been made to Welsh Government for full expansion to cover all of Flintshire from April 2018. Welsh Government have acknowledged Flintshire's effective implementation of this pilot.

3.1.1.4 Families First Collaborative Programme	Ann Roberts - Families First Lead / Youth Services Manager	Completed	01-Apr-2017	31-Mar-2018	100.00%	 GREEN	 GREEN

ACTION PROGRESS COMMENTS:

For 2017/18 the portfolio's aim was to achieve Welsh Government Funding to enable the Council to re-commission a full Families First Programme. The funding (approx. £1.6 million) is now achieved and fully commissioned for an April 2018 start in line with Welsh Government's agreed transition time. The third sector has been key to delivery and has been engaged in all development and provision. This includes utilising third sector buildings and producing efficiencies for the Council. The programme has ensured that the new provision is a resource for the Early Help Hub, which is an innovative multi-agency approach to deliver on the Well-being Act. The programme will add value to other provision and will offer early intervention and targeted support.

Lead Officer: Jeanette Rock - Principal Education Officer Inclusion

Reporting Officer: Jeanette Rock - Principal Education Officer Inclusion

Aspirational Target:

Progress Comment: Levels of authorised absence have increased across secondary schools. There has been an increase in the levels of individuals accessing specialist intervention who struggle to engage and also an increase in the levels of exclusion across schools. These factors combined with illness and holidays has resulted in the overall reduction in attendance.

This was the same as in the previous reporting period and a small reduction from the same period in 2016/17 which saw eight First Time Entrants. The reduction equates to 25% due to the small numbers in the cohort. The Bureau process together with collaboration with the Early Help Hub has maintained the focus on identifying and assessing those young people most at risk of offending, and diverting them away from the criminal justice system through interventions and family support. The service has developed links with education providers and colleges across the region. The Youth Justice Service encourages these young people back into training and education by offering alternatives to mainstream school or college. For example, those young people completing unpaid work programmes are able to complete vocational qualifications in Health and Safety, Construction etc. as well as completing CV's and application forms, with the aim of improving their employability and therefore, deterring them from future offending.</p> <p>Last Updated: 19-Apr-2018</p>

Despite not reaching the target, this is a positive outcome as the pupils attending the provision have a range of complex needs which can impact on their ability to sustain engagement with academic provision. Progress Comment: As an Early Implementer Authority, one of seven in Wales, Flintshire has had a phased rollout, with each electoral ward being approved by Welsh Government and Cabinet (initial areas, plus two expansions in November and January). The aspirational target of 748 was established by Welsh Government using a predictive take-up formulae, which was unknown due to the number of variables. The Flintshire calculated target was 441 based upon the electoral wards approved by Welsh Government for 2017/18. The number of applications received from September to March 2018 was 564 digital applications – this is the highest single authority figure for Wales. Of the 564 applications received, 514 applications were approved; 7 deemed ineligible; and 43 pending awaiting further information from parents. Families have benefited in financial terms by £622,134, with a further £29,576 funding special education needs. In March, £140 972 was paid to the childcare sector for eligible families. Due to the success of early implementation in Flintshire, the Childcare Offer will be available across the whole Authority effective 1 May 2018.

Progress Comment: The Families First Programme came to the end of its initial five year cycle at the end of 2017/18. A new programme has been re-commissioned and refocuses projects to engage with the three service areas of Parenting, Services to Young People, and Disability. Projects were required to go through a competitive procurement process on a new consortia basis to retain an interest in working with Families First. The drop in interventions in the final quarter was mainly due to a nil return from one provider due to staffing changes but was also affected by projects undertaking either exit strategy tasks or using time & resources to re-shape / re-imagine provision in readiness for the new Families First programme commencing in April 2018.

Sustainability of funding streams	Claire Homard - Senior Manager - School Improvement	Vicky Barlow - Interim Senior Manager - School Improvement	Red	Red	↔	Open

Potential Effect: Reduced capacity to deliver targeted support to schools.

Management Controls: Intelligence on grant regime

Progress Comment: The sustainability of grant funding remains a major and live risk. The Council has received notification of a 7.69% cut to the Education Improvement Grant, resulting in a real terms reduction of approximately quarter of a million pounds. This grant funds a range of posts within schools e.g. Foundation Phase Support Staff and central service delivery within the portfolio. There is limited guidance available at the current time from Welsh Government (WG) to be able to strategically plan for the implementation of this cut. Additionally, other grants e.g. Small and Rural School grant which was made available this year do not appear on the grant schedule for 2018/19. The School Uniform Grant for yr 7 pupils entitled to Free School Meals has also been withdrawn without prior notification, leaving a potential cost pressure for the Council or schools to absorb. There remains considerable concern about the future of the Minority Ethnic Achievement Grant (MEAG) as Welsh Government advised it had been transferred into the Revenue Support Grant. The Welsh Local Government Association (WLGA) have challenged this and discussions at the highest level at WG are continuing. Currently only £7.5m of the original £12.5m grant for all Local Authorities in Wales has been confirmed. A cut in funding will result in reduced service delivery in the portfolio, where demand for pupil support is increasing.

Potential Effect: Higher teacher ratios, unfilled places, backlog maintenance pressures, inefficient estate

Management Controls: Continuation of school modernisation programme, will reduce unfilled places, reduce backlog maintenance, remove unwanted fixed costs and infrastructure

School change projects can take between three and five years from inception to delivery before reductions of unfilled places can be realised. This continues to be an ongoing process linked to the school modernisation programme. To supplement this the Council will continue to work closely with schools to consider innovative ways for reduction in capacity on a school by school basis (i.e. alternative use of school facilities by other groups) with the objective of meeting national targets of circa 10% unfilled places in all school sectors.

The programme continuation will also i) Support a reduction of unfilled places ii) Provide a more efficient school estate and concentrate resources on teaching by removal of unwanted fixed costs in infrastructure and leadership iii) Ensure that the condition and suitability of the school estate is improved. Additionally, in future years capital business cases will be submitted through the Council process to supplement the 21st Century Schools investment programme.</p>

EDUCATION & YOUTH OVERVIEW & SCRUTINY COMMITTEE

Date of Meeting	Thursday 28 th June 2018
Report Subject	Forward Work Programme
Cabinet Member	Not applicable
Report Author	Education & Youth Overview & Scrutiny Facilitator
Type of Report	Operational

EXECUTIVE SUMMARY

Overview & Scrutiny presents a unique opportunity for Members to determine the Forward Work programme of the Committee of which they are Members. By reviewing and prioritising the Forward Work Programme Members are able to ensure it is Member-led and includes the right issues. A copy of the Forward Work Programme is attached at Appendix 1 for Members' consideration which has been updated following the last meeting.

The Committee is asked to consider, and amend where necessary, the Forward Work Programme for the Education & Youth Overview & Scrutiny Committee.

RECOMMENDATION

1	That the Committee considers the draft Forward Work Programme and approve/amend as necessary.
2	That the Facilitator, in consultation with the Chair of the Committee be authorised to vary the Forward Work Programme between meetings, as the need arises.

REPORT DETAILS

1.00	EXPLAINING THE FORWARD WORK PROGRAMME
1.01	Items feed into a Committee's Forward Work Programme from a number of sources.
