FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday, 4 December 2024
Report Subject	Appointment of the Leader of the Council
Report Author	Chief Officer (Governance)

EXECUTIVE SUMMARY

The previous Leader of Council resigned over the summer. Whilst a new Leader was appointed at the next available Full Council meeting, the Constitution did not specifically require that to happen. The drafting could therefore be tightened up to specify what needs to happen in such circumstances.

RECOMMENDATIONS

1	That the Constitution is amended in accordance with the report to require a new Leader to be appointed either: 1) at the next available council meeting whenever the office falls vacant, or 2) immediately after the Leader is removed by a motion on notice.
---	--

REPORT DETAILS

1.00	EXPLAINING THE APPOINTMENT OF THE LEADER OF THE COUNCIL
1.01	The rules for appointing the Leader of Council are set out in the Constitution under the business to be transacted at the Annual Meeting (paragraph 4.10.1(v)). The duration of the Leader's term of office is provided for in paragraph 5.3 as follows: "5.3 The Leader will hold office until: a) he/she resigns from the office; or

	<p>b) he/she is suspended from being a Councillor under Part III of the Local Government Act 2000 (although he/she may resume office at the end of the period of suspension); or</p> <p>c) he/she is no longer a Councillor; or</p> <p>d) the next Annual Meeting of the Council save that the Council may remove the Leader from office at an earlier date but only in the event of a change in political control of the Council.”</p>
1.02	<p>There are three points to note:</p> <ol style="list-style-type: none"> 1) there is no other provision mentioning the appointment of a new Leader (even in the event of the Leader being removed following a notice of motion). 2) the limitation in paragraph 5.3(d) is inconsistent with the rule on dismissal of the Leader by notice of motion (at paragraph 14.10.11) 3) there is no provision for what happens in the event that the Leader is incapacitated through illness or injury
1.03	<p>It is suggested therefore that paragraph 5.3 should be re-written as follows:</p> <p>“5.3.1 The Leader will hold office until:</p> <ol style="list-style-type: none"> a) they resigns from the office; or b) they are no longer a Councillor; or c) they are unable to perform the duties and responsibilities of Leader due to incapacitation whether through illness; injury or some other reason for a period of 6 months or more; or d) they are suspended from being a Councillor under Part III of the Local Government Act 2000 (although they may resume office at the end of the period of suspension); or e) the next Annual Meeting of the Council (unless dismissed following a notice of motion under council procedure rule 14.10.11.6) <p>5.3.2 In the event that the office of Leader falls vacant pursuant to sub paragraphs 5.3.1 a) or c) above, then a new Leader shall be elected at the next following meeting of Full Council (whether that be an ordinary meeting, or a special meeting called specifically for the purpose)</p> <p>5.3.3 In the event that the office of Leader falls vacant pursuant to council procedure rule 11.6 (Motion to Remove the Leader), then a new Leader shall be elected as the next item of business at the same meeting of Full Council.</p>

2.00	RESOURCE IMPLICATIONS
2.01	None.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	This proposal has been considered by the Constitution and Democratic Services Committee which, whilst supporting the proposals before it, requested that provision be made in case the Leader was incapacitated and unable to perform their role. The wording was broadly agreed at the meeting and has been inserted at sub paragraph c

4.00	RISK MANAGEMENT
4.01	The risks of making/not making the proposed changes are minimal given that the Council did comply with its duty to appoint a new Leader at the next available Full Council meeting, and would, therefore, presumably do so again in the event that another Leader cease to hold office. However, the proposed changes put the matter beyond doubt.

5.00	APPENDICES
5.01	None.

6.00	LIST OF ACCESSIBLE BACKGROUND DOCUMENTS
6.01	Contact Officer: Gareth Owens, Chief Officer (Governance) Telephone: 01352 702344 E-mail: gareth.legal@flintshire.gov.uk

7.00	GLOSSARY OF TERMS
7.01	Annual Meeting – each year the council is required to hold an annual meeting in May to undertake certain items of business specified in legislation and its constitution. Special Meeting – a meeting of the council called to transact specific item(s) of business. The types of business that can be considered at special meetings are limited.

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday, 4 th December 2024
Report Subject	Capital Programme 2025/26 – 2027/28
Report Author	Chief Executive Corporate Manager – Capital Programme and Assets Corporate Finance Manager

EXECUTIVE SUMMARY

This report presents the proposed Capital Programme for the period 2025/26 – 2027/28 for approval by County Council.

The Council's Capital Programme covers investment in assets for the long term to enable the delivery of high quality and value for money public services. Assets include buildings (such as schools and care homes), infrastructure (such as highways and ICT networks) and assets not owned by the Council (such as works to improve and adapt private sector homes). The proposed capital investments outlined within this report are closely aligned to portfolio service business plans and the Council Plan.

The Council has limited capital resources from Welsh Government to support Council priorities, needs and liabilities. However, it has the powers to fund capital schemes by borrowing - this is temporary and ultimately, the cost and repayment of any borrowing is charged to the Council's revenue budget. Schemes funded by borrowing are carefully considered due to the long-term impacts on the Council's revenue budget.

The report divides the Council Fund Capital Programme into three sections: -

1. Statutory / Regulatory - allocations to cover regulatory and statutory works.
2. Retained Assets - allocations to fund infrastructure works necessary to ensure service and business continuity.
3. Investment - allocations to fund works necessary to remodel services to deliver efficiencies outlined in portfolio business plans and invest in services as outlined in the Council Plan.

Historically, much of the Council's programme has been funded from capital receipts and grants. The Council's ability to generate significant capital receipts is challenging as the assets the Council has available for disposal diminish. Wherever possible every opportunity to identify assets for sale and other sources of funding such as specific grants and revenue contributions will be explored. However, the Council will need to use prudential borrowing to finance more of the programme going forward. In particular, the Sustainable Communities for Learning programme, and other schemes included within the investment programme will need to be funded through prudential borrowing.

The Capital Strategy has been updated and is presented separately on the agenda.

The information in this report refers to the Council Fund (CF) programme only, not the housing programme which is funded from the Housing Revenue Account (HRA) and which is reported separately.

RECOMMENDATIONS

1	To approve the allocations and schemes in Table 3 (paragraph 1.09) for the Statutory/Regulatory and Retained Assets sections of the Council Fund Capital Programme 2025/26 - 2027/28.
2	To approve the schemes included in Table 4 (paragraph 1.31) for the Investment section of the Council Fund Capital Programme 2025/26 - 2027/28.
3	To note that the shortfall in funding of schemes in 2027/28 in Table 5 (paragraph 1.35) although there are surplus in years prior.
4	To consider and approve the schemes included in Table 6 (paragraph 1.39) for the specifically funded section of the Council Fund Capital Programme which will be funded in part through borrowing.

REPORT DETAILS

1.00	EXPLAINING THE CAPITAL PROGRAMME 2025/26 – 2027/28
1.01	<p>The Council’s Capital Programme encompasses investing significant resources in assets for the long term to enable the delivery of high quality, value for money public services. Assets include buildings (such as schools and care homes), infrastructure (such as highways and ICT networks), and assets not owned by the Council (such as works to improve and adapt private sector homes). The proposed capital investments outlined within this report are closely aligned to portfolio service business plans and the Council Plan.</p> <p>The Council has limited capital resources from Welsh Government (WG) to support Council priorities, needs and liabilities; however, it has the powers to fund capital schemes by borrowing, but this is temporary and ultimately the cost and repayment of any borrowing is charged to the Council’s revenue budget. Schemes funded by borrowing are carefully considered due to the long-term impacts on the Council’s revenue budget.</p> <p>The first half of this report covers parts of the Capital Programme where the Council invests in local infrastructure, facilities and assets, which will be funded from general capital resources (General Capital Grant, Unhypothecated Supported Borrowing and Capital Receipts). Regional programmes such as the Growth Deal for North Wales which will draw on national funds, and the Housing Revenue Account (HRA) Capital Programme, which is reported separately and includes the Welsh Housing Quality Standard (WHQS) work programme and Strategic Housing and Regeneration Programme (SHARP), supplement the Council funded Capital Programme.</p> <p>The second half of the report covers parts of the Capital Programme which includes specific grants as far as information is available at the time of writing and borrowing. This includes the Sustainable Communities for Learning Programme, delivered in partnership between the Council and WG.</p>
1.02	<p>General Capital Programme 2024/25 – 2026/27 Update</p> <p>The Council’s Capital Strategy divides the Capital Programme into three parts as follows.</p> <ol style="list-style-type: none">1. Statutory / Regulatory section – to cover regulatory and statutory works. Examples include providing support to improve and adapt private sector homes (Disabled Facilities Grants), adaptations to schools for children with disabilities and any works required to keep buildings open by meeting Health and Safety requirements.2. Retained Assets section – to ensure service and business continuity. This includes schemes that enhance and improve retained assets and infrastructure to deliver services and meets significant need identified by service plans or through condition surveys etc.

3. **Investment section** – to fund costs incurred when remodelling and investing in services. This includes new schemes arising from portfolio business plans, the Council Plan, other relevant and emerging plans, and other strategies or emerging Council priorities approved through a selection process based on the provision of a business case.

1.03 Table 1 below summarises the updated Council funded Capital Programme for 2024/25 – 2026/27 as reported at Month 6 2024/25:

1.04 Table 1 shows the current position of the Capital Programme 2024/25 – 2026/27 as reported at Month 6 to Cabinet and Corporate Resources Overview and Scrutiny Committee, an overall surplus in funding of £2.590m, with a surplus in 2024/25 of £2.315m.

When the budget was set in December 2023, there was a shortfall in funding of schemes in 2024/25 and 2025/26 and surplus in 2026/27. At that point in the approval process the position was kept flexible and this was explained in the report to Council at that time. Options included a combination of future capital receipts, alternative grants, prudential borrowing, or scheme phasing over several years which would be considered during 2024/25.

1.05 Given the current position in setting the Capital Programme for the next three years 2025/26 – 2027/28, careful consideration has been given to new schemes proposed for inclusion.

Table 2 assumes that the Un-hypothecated Supported Borrowing allocation and the General Capital Grant received from WG in the years 2025/26 to 2027/28 remains at the same level as 2024/25. The 2025/26 Welsh Local Government Provisional Settlement is expected to be announced on the 11th December 2024.

1.10 The information in Table 3 in relation to the new and previously approved schemes is explained in more detail in paragraphs 1.11 to 1.30 below.

1.11 Equalities Act – Individual pupils

An annual allocation to adapt and modify schools for children who have disabilities to support and create increasingly inclusive school environments. These works help the Council to meet its obligations under disability legislation, and reduce the potential costs and disruption associated with transporting pupils to alternative sites.

No changes are proposed for 2025/26 to 2027/28.

1.12	<p><u>Disabled Facilities Grants (DFG)</u></p> <p>An annual allocation to improve and adapt private sector homes comprising:</p> <ul style="list-style-type: none"> • Disabled Facilities Grants – adaptations enabling residents to continue to live independently in their own homes • Partnership working with Care and Repair to support vulnerable residents <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.13	<p><u>Private Sector Housing Renewal</u></p> <p>An annual allocation for private sector housing renewal and improvement loan management and administration. This had previously been reported under the DFG section before the services were disaggregated across portfolios.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.14	<p><u>School building works</u></p> <p>An annual allocation to fund the most urgent property works required at schools split across the regulatory / statutory and retained assets sections of the Capital Programme.</p> <p>A programme of toilet upgrades in both primary and secondary schools to ensure compliance with Education (School Premises) Regulations 1999 and Department for Education and Skills document "Toilets in Schools". There is currently a backlog of such works estimated to be in the region of £1.5m which is often reflected as a Health and Safety issue in Estyn inspections of schools, £0.100m per annum. When building new schools or extending current ones, the Council takes the approach to upgrade to the current standards at that time.</p> <p>Works to upgrade ventilation systems at school kitchens which are failing building regulations and gas safety legislation and are at risk of closure, £0.200m per annum.</p> <p>Fire Inspection Works at schools which are the responsibility of the Local Authority and have been identified during statutory fire risk assessments, £0.200m per annum.</p> <p>A £1m per annum allocation has been included within the retained assets section of the programme to cover all other urgent works required, such as roofing works.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.15	<p><u>Corporate property works</u></p> <p>An annual allocation to fund the most urgent property works required at non-school premises split across the regulatory / statutory and retained</p>

	<p>assets sections of the Capital Programme, including managing risks from legionella, fire safety, asbestos, accessibility and health and safety.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.16	<p><u>School safeguarding works</u></p> <p>There is a requirement to carry out works/adaptations at schools, to address safeguarding concerns raised about access at main entrances and site. These works are required to ensure both children and adults can attend schools in a safe and secure environment.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.17	<p><u>Target Hardening</u></p> <p>The target hardening budget requires replenishment over the next two year period to prevent unauthorised use of land or buildings within the County.</p> <p>No changes are proposed for 2025/26 to 2026/27.</p>
1.18	<p><u>Highways Asset Management Plan (HAMP)</u></p> <p>An annual allocation of £1.5m to fund the HAMP which includes resurfacing of the classified Highway Network, replacement programme for street lighting columns and structural maintenance, with £0.100m to be top sliced for 'streetscape' improvements.</p> <p>Whilst the Council has a statutory duty to maintain the Highways Network in a safe condition for travel, how the Council does this is not defined. WG set targets for road condition indices and invested a significant amount of grant funding in the network, however this funding ceased after the 2021/22 financial year. The condition of the highway network will naturally continue to deteriorate each year and without sufficient annual investment the overall condition of the network will decline.</p> <p>See paragraph 1.51 for more detail in regard to the position on the potential development of the HAMP.</p> <p>One off increase of £0.500m proposed in 2025/26 and no changes for 2026/27 to 2027/28.</p>
1.19	<p><u>Play areas</u></p> <p>An annual allocation of £0.200m to fund the most urgent requirements to replace play equipment that has reached the end of its useful life at play areas, as well as upgrades to play areas.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>

1.20	<p><u>ICT - Equipment at Datacentres</u></p> <p>Allocations have previously been approved for the replacement of networking technologies to provide segregation of online systems from internal systems, £0.045m and networking technologies at remote sites replacements, £0.034m. Both allocations have been included in 2026/27.</p>
1.21	<p><u>ICT - Server Technology Replacement</u></p> <p>In 2025/26 and 2026/27 the server infrastructures currently used to deliver business systems through Citrix, will come to the end of their useable life and could lead to a degradation of service if not replaced, at a cost of £0.264m and £0.124m. This has previously been approved in the programme.</p> <p>Further bids have been received for replacement equipment to deliver virtual desktop solutions in 2026/27, £0.052m along with the replacement technologies to ensure there is adequate capacity for the delivery of existing business systems and services used across the whole of the Council in 2027/28, £0.212m.</p>
1.22	<p><u>ICT - Laptop / PC Replacements</u></p> <p>The project will deliver a programme of device replacement based on the “just in time” principle of replacement to ensure the Council maximises the useable life of its laptop assets. It will ensure that the devices used by members of staff are fit for purpose and can deliver the required level of service and can support the latest operating systems and security software.</p> <p>The absence of a replacement budget for replacement devices will result in devices that perform poorly and will not be able to accommodate the operating system and security software require to ensure the required level of performance. The inability to operate up to date security software poses a significant cyber security risk.</p> <p>Capital funding of £0.560m is required over a three year programme.</p>
1.23	<p><u>ICT - Storage Technology Replacement</u></p> <p>The Council uses storage technologies that allow the allocation of storage to systems as and when they need it. It prevents unused storage sitting against systems and is the most efficient and cost-effective way of allocating storage against all systems used by the Council, from business applications to the general file share.</p> <p>Previously approved was the Councils corporate storage technology that requires replacing in 2025/26, £0.850m and the storage system specifically allocated to the Council’s Graphic Designers in 2026/27, £0.031m.</p>
1.24	<p><u>ICT – Cyber Security</u></p> <p>£0.066m has previously been approved in the programme in 2025/26 for the replacement of firewall and email scanning technologies.</p>

	<p>Another scheme previously approved was for £0.133m in 2026/27 relating to the Council's main firewalls which are the main and first line of defence from cyber-attack. This ensures the Council's technology is up to date and current, in order to provide the required level of protection.</p>
1.25	<p><u>Schools WiFi and Networking Infrastructure</u></p> <p>Flintshire, along with all other authorities in Wales were awarded a significant amount of money by WG to replace old and outdated networking infrastructures within all schools. This has provided schools with a sound digital platform to deliver the curriculum for a number of years. The school infrastructures formed part of the Hwb programme (WG programme), and subsequent funding has been directed towards end user devices.</p> <p>A condition of the grant was that Local Authorities put in place sustainability plans to fund replacement infrastructures when they are needed.</p> <p>Funding previously approved was for the wireless equipment which will reach the end of its usable life in 2025/26. £1.445m has been added to the programme for networking equipment replacement in 2027/28.</p> <p>No change is proposed for 2025/26.</p>
1.26	<p><u>Base Provision for Leisure and Libraries Estate</u></p> <p>An annual allocation to fund the most urgent property works required across the Leisure and Libraries estate. The Council recognises its landlord responsibilities for the assets that remain in its ownership, having retained ownership of all buildings.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.27	<p><u>Safety Improvements in Cemeteries</u></p> <p>Funding is required to undertake urgent health & safety improvements within Flintshire cemeteries which will also assist with environmental improvements on the sites.</p> <p>This includes a memorial safety programme to address a backlog of unsafe memorials and kerb-sets within cemeteries. This is along with a transition to battery operated small plant to replace outdated equipment, to be more energy efficient as well as the associated health & safety improvements for the operatives.</p> <p>New schemes included in 2025/26.</p>
1.28	<p><u>Office Rationalisation Programme and County Hall Campus</u></p> <p>The ambitions of the Corporate Asset Management Plan, alongside the shift towards more hybrid working arrangements and the unprecedented financial challenge currently facing the Council, have combined to create</p>

	<p>factors that now make it desirable to pursue the next stage of the office rationalisation programme and County Hall Campus redevelopment.</p> <p>Phase one of the project has already commenced with the objective to move as many people as possible out of County Hall by the end of February 2025. To enable this to happen, works are required at both Ty Dewi Sant and Flint offices. These works are essential to be undertaken as soon as possible under phase one of the project as they are necessary to provide alternative office accommodation for employees moving out of County Hall.</p> <p>Phase two of the project will have three key areas of focus:</p> <ol style="list-style-type: none"> 1. An alternative heating system and utilities supply for the other organisations/assets that remain on the County Hall Campus. (This is currently uncosted). 2. Moving the NEWydd central production kitchen out of County Hall. 3. Complete clear out of County Hall. <p>Phase three of the project will focus on the longer-term redevelopment of the County Hall Campus.</p> <p>New scheme included in 2025/26.</p>
1.29	<p><u>Terrig House Hutments Demolition</u></p> <p>The Terrig House Hutments are currently vacant and in an unlettable condition. The state of repair can only be described as very poor. The walls and windows being constructed of timber and are rotten, exposing the building to the elements and requiring periodical maintenance to remain secure from unauthorised entry. Annual costs each year in business rate and repair and maintenance costs upwards of £0.010m.</p> <p>This proposal would pay back in four years, return a parcel of land and make the site as a whole more attractive for redevelopment.</p> <p>New scheme included in 2025/26.</p>
1.30	<p><u>Funding 'Headroom'</u></p> <p>'Headroom' has been built into the Capital Programme to enable the programme to be more flexible so that funding can be allocated to small schemes as they present in year either as a result of opportunities or unforeseen circumstances (£0.350m per annum). An example would be the need to complete further highways works as a result of an exceptionally severe winter over and above any planned works funded from the annual allocation.</p> <p>No changes are proposed for 2025/26 to 2027/28.</p>
1.31	<p>Investment Section of the Capital Programme 2025/26 – 2027/28</p> <p>Table 4 below shows the proposed schemes for the period 2025/26 - 2027/28 for the Investment section of the Capital Programme. Details are provided in paragraphs 1.32 to 1.34.</p>

1.32 Joint Archive Facility, Flintshire and Denbighshire Councils

This scheme recognises and responds to the need and demand of the two Councils' archive services. Both services occupy old buildings, unfit for purpose. They lack suitable public spaces and appropriate storage, are too full to accept new collections and are listed buildings lacking scope for adaptation, requiring expensive maintenance. The proposal is to construct a new building adjacent to Theatr Clwyd, Mold, to house both the physical archives and the new service operations.

In October 2023, Cabinet approved a joint bid with Denbighshire County Council (DCC) to the National Lottery Heritage Fund, seeking a grant of £7.4m towards the construction of a new archive centre in Mold, to house the joint service and the delivery of an engagement programme. This is along with £0.300m from a WG Culture and Leisure grant.

In March this year, the Council was notified that it had been awarded funding for the development phase of the project, which is Royal Institute of British Architects (RIBA) 1-3. Both Councils are funding RIBA 4 the technical design phase, to progress the project whilst the delivery phase submission is reviewed by NLHF. If the development phase submission is satisfactory and the project is progressing as planned, the NLHF delivery phase grant funding is offered for RIBA 5-7 which is construction, handover and the defects period.

Direct Costs:

- Estimated funding available for the project is £12.9m, with £7.7m from grant funding, £3.079m from FCC and £2.052m from DCC. £0.442m included in a previous programme, which included core funding of £0.197m.

	<ul style="list-style-type: none"> • It has been assumed that borrowing will be required to fund this project. The estimated revenue costs associated with borrowing £2.882m over 50 years totals £9.654m. In year 1 revenue debt costs are estimated to be £0.170m, rising to £0.225m in year 50, with an average of £0.193m over 50 years. <p>Direct Benefits:</p> <ul style="list-style-type: none"> • Sustainable and improved archive service for Denbighshire and Flintshire via the creation of a single shared service. • The construction of a new purpose built environmentally friendly building adjacent to Theatr Clwyd, Mold, to house both the physical archives and the new service operations. Provide a sustainable archive repository for the region for the foreseeable future from the perspective of storage space and building maintenance and management. • The overall revenue impact is an estimated saving of £11,647 per annum once the new building is open, with a potential further revenue saving once the joint service is running. <p>Indirect Benefits:</p> <ul style="list-style-type: none"> • Share knowledge and skills between the workforce of both Councils • Sphere of health, education and wellbeing (connectivity, involvement, identity) can be achieved. • The transferrable skills of our volunteers will develop and will contribute to increasing their employability. • Deliver the long-term development of a resilient, relevant service: inspiring communities in North East Wales and enacting the Wellbeing of Future Generations Act; securing historic collections, diversifying audiences, volunteers and depositors. • Cost avoidance of £10,000 per annum additional revenue storage costs, and in excess of £0.718m to address the need for environmental management equipment, compliant storage areas and upgrading public facilities and access.
1.33	<p><u>Re-Fit Framework</u></p> <p>The Re-fit framework is part of Local Partnerships - a joint venture between the Local Government Association, HM Treasury and WG. The partnership works solely for the benefit of the public sector and brings public and private sector experience that provides confidence, capacity, and capability, helping councils achieve and maintain financial resilience.</p> <p>The framework provides a guaranteed 100% of the energy saving or generation (kWh) via a contractual agreement for the payback period of the project. This key feature is helping to remove risk of failure with new developments, plus protecting the client and their investment.</p> <p>Re-fit uses a competitively tendered and OJEU-compliant framework which can be utilised by any public sector organisation in England and Wales and covers the retrofit of buildings and assets to save energy and carbon. This includes a large range of technologies and measures such as: heat networks, lighting, and controls, BMS controls, heat recovery, solar thermal, heat pumps, solar PV, insulation, draught proofing, street</p>

	<p>lighting, etc.</p> <p>Re-fit would also aid in addressing capacity issues, as officers can only procure and implement a given number of projects per year. Through Refit, an energy services company (ESCo) is appointed in order to review the built estate, identify energy and carbon saving opportunities and implement on a wider scale than would likely be possible ‘in-house’</p> <p>Direct Costs:</p> <ul style="list-style-type: none"> • Capital investment required is £1.5m. Based on preliminary data potential savings have been calculated at £0.230m per annum, with an estimated payback period of 7 years. £1m included in the previous programme. <p>Direct Benefits:</p> <ul style="list-style-type: none"> • Allow the Council to accelerate the push towards achieving NZC by 2030 • Provide external support and expertise, supplementing and expanding the works that the Council are currently undertaking • Achieve potential annual CO2 savings of 892 tonnes • Meeting the priorities and objectives set within the Council Plan under ‘Green Society and Environment’ theme • Contributing towards the achievement of WG targets and obligations under the Climate Change Act, Wellbeing of Future Generations Act and Environment Act • Implementing this project will provide mitigation against future utility price increases
1.34	<p><u>Development of Children’s Residential Care</u></p> <p>There is a need to expand our in-house residential care for children. There is a statutory duty to ensure that we have sufficient registered placements to meet the placement needs of looked after children. Traditionally we have commissioned ‘out of county’ placements for looked after children requiring residential care. However, WG’s strategy to ‘eliminate profit’ from the children’s residential care market is likely to lead to a reduction in placement availability and requires local authorities to proactively expand in-house provision at pace to avoid us having to set up services that operate without registration and risk prosecution against the local authority.</p> <p>WG’s strategy is to rebalance the market so that the duties on local authorities in relation to looked after children are not contracted out to for-profit companies and remain with public sector or not-for-profit providers. Under the strategy new legislation will require:</p> <ul style="list-style-type: none"> • independent providers to demonstrate a not-for-profit status, based on a new pre-defined definition of non-profit, by 1 April 2026 • any current “for profit” providers will need to transition to, and register with Care Inspectorate Wales, as not-for-profit by 1 April 2027

If we do not have sufficient placements, we will breach our duty to secure sufficient accommodation for looked after children (Section 75) and increase the risk of needing to set up bespoke unregistered services to support looked after children.

The out of county placement revenue budgets continue to have significant pressures, with ongoing high demand for placements where children and young people cannot be supported within in-house provision. Market supply limitation factors and inflationary pressures are leading to higher costs, with current in year projected overspends of £1.418m. Services continue to do everything to manage these risks, with this development of in-house provision helping to mitigate against these pressures.

Direct Costs:

- Capital funding required is £2m, split over two financial years. It has been assumed that borrowing will be required to fund this project. The estimated revenue costs associated with borrowing £2m over 50 years totals £4.7m. In year 1 revenue debt costs are estimated to be £0.118m, rising to £0.156m in year 50, with an average of £0.134m over 50 years.
- A £1m was approved in the previous capital programme, however an additional £1m is required to continue to develop an expansion model. The service is developing a WG bid for revenue and capital funding to reduce the requirement where possible.
- WG have allocated £0.561m in year to support their strategic intent. This money can contribute to the initial phase in the design, consultancy, and support of developments in the financial year.
- Pressures of £0.450m and £0.250m for the associated revenue costs for service provision have been included within the 2025/26 and 2026/27 MTFS position.

Direct Benefits:

- Opportunity for children to maintain local links with appropriate friends, family and support networks
- Opportunity to maintain local education provision and be able to access local partnership support services
- Reunification and step-down plans for children can be managed more effectively
- Significant reduction in out-of-county placement costs, which is a huge pressure on the revenue budget.
- Improved efficiency and control over the quality and availability of care placements
- Local Job Creation: New residential homes will create local employment opportunities
- Aligns to WG's not for profit agenda
- Demonstrate that we have met our duty to ensure market sufficiency enable us to meet the current placement needs of our looked after children

Indirect Benefits:

- Improved Outcomes for Children: Children will benefit from stable, locally-based placements that support their education, health, and social development

- Enhanced community integration for children, maintaining connections with local support networks, schools, and family
- Community Integration: Children in care will remain connected to their communities, fostering better long-term outcomes
- Strategic Flexibility: Enhanced capacity to meet future demand for residential placements, reducing the risk of being unable to fulfil statutory duties

1.35 **Summary (Generally funded) Capital Programme 2025/26 – 2027/28**

Table 5 below summarises the generally funded Capital Programme and available funding.

Surplus / (Shortfall) - with borrowing	0.074	1.069	(0.163)	0.980
¹ As per 2024/25 Settlement				

1.36 Table 5 shows that before any prudential borrowing is considered there is an overall shortfall in projected funding of £4.157m over the three year period, with an estimated shortfall of £1.426m in 2025/26.

It has previously been approved that the schemes for the Joint Archive Facility, Re-Fit Framework and £1m of the development of Childrens Residential Care be funded from borrowing with the associated costs of borrowing included as revenue pressures within the Medium Term Financial Strategy (MTFS).

1.37	<p>Table 5 shows that after prudential borrowing is considered, there is an overall surplus in projected funding of £0.980m over the three year period, with an estimated surplus of £0.074m in 2025/26.</p> <p>The Council has developed a prudent policy of allocating its own capital receipts to fund capital projects only when receipts are actually received rather than when it is anticipated the receipt will be received, and this position continues to be the case.</p> <p>In recent years, much of the Council's programme has been funded from capital receipts. However, the Council's ability to generate significant capital receipts is getting harder and is almost exhausted. Although the Council will, wherever possible, seek to identify assets for sale (as appropriate) to fund the Capital Programme.</p> <p>Options to fund shortfalls include a combination of future capital receipts, alternative grants, and scheme phasing as the expenditure profile of large complex projects such as those included in the investment section of the programme could change. Every effort will be made to ensure that other sources of funding are utilised to fund the programme.</p> <p>Ultimately, should other sources of funding not materialise the Council will need to use prudential borrowing to finance any shortfalls.</p>
1.38	<p>Specific Grants and Borrowing</p> <p>Sustainable Communities for Learning Band B Programme</p> <p>WG has approved the Council's in principle submission for Sustainable Communities for Learning Band B, with a funding envelope of £85.4m. The programme is to be funded from specific grant from WG at an agreed intervention rate, with the Council's contribution to be funded by prudential borrowing. The WG intervention rate for funding the Sustainable Communities for Learning Band B programme has increased from 50% to 65% for schools, 75% for Pupil Referral Units (PRUs) and Additional Learning Needs (ALN) provision, and 81% for Mutual Investment Models (MIM).</p> <p>Each of the schemes are subject to individual approval to ensure that each meets the Council's continuing priorities and is affordable in the context of the Council's MTFS.</p> <p>Schemes currently in progress are Ysgol Croes Atti, Flint and Drury Primary School. The next scheme for consideration is the Saltney/Broughton area review.</p> <p>For the primary sector, it is recommended to amalgamate Saltney Ferry CP and Saltney Wood Memorial CP to create a new 3-11 primary school for the area.</p> <p>In relation to the secondary sector, there is a significant risk that the Council will not be successful through the business case process to secure the funding from WG to build a new 11-16 secondary school. To maintain a secondary school in the area, it is therefore proposed to seek a local</p>

capital solution for St David's High School to reduce its current capacity by remodelling and refurbishing the existing accommodation.

There is also a growing pressure on the ALN section relating to increased capacity across the special school's network which will need to be monitored and considered within the programme moving forward.

The estimated costs of these schemes are outlined in the table below:

Saltney & Broughton Area	Total Cost	WG funded	Council funded
	£m	£m	£m
Primary Sector	12.00	7.800	4.200
Secondary Sector	7.000	0.000	7.000
Total	19.000	7.800	11.200

The benefits and costs of the school improvement programme scheme are:

Direct Benefits:

- Enabling 65%-81% external investment in schools
- Continuing to raise educational standards
- Reduction in backlog maintenance costs
- Reduction in fixed costs associated with buildings and leadership focuses investment on learners
- Removal of mobile classrooms and increase in permanent capacity to meet local demand
- New build Welsh Medium primary school strategically linked to the Council's Welsh Education Strategic Plan (WESP)
- Energy efficiency improvements

Direct Costs:

- Part of bigger development programme in Band B, £85.4m.
- Estimated revenue borrowing costs associated with each scheme (interest and minimum revenue provision) are as follows and are built into the current MTFS:

Saltney & Broughton Area	Year 1	Year 50	Average over 50 years
	£m	£m	£m
Primary Sector	0.243	0.324	0.277
Secondary Sector	0.405	0.540	0.462
Total	0.648	0.864	0.739

Indirect Benefits:

- Improving learner outcomes by ensuring that school buildings are effective in creating the conditions for learners to succeed
- Alignment with the Council's School Modernisation Strategy to ensure schools are fit for purpose
- A more secure school estate
- A school estate with reduced vandalism
- Upgrading ICT provision and enabling new methods of curriculum delivery

- Provision of appropriate capacity of school network
- Economic benefits of local contractor and sub-contractor spend
- Supports with the Councils net zero carbon aims

1.39 Details of schemes funded by specific grant and borrowing is shown in Table 6 below:

1.40 At the time of setting the budget, the details of many capital grants have not been released by WG, and so are not included in Table 6 above. As details become available they will be reported to Members via the quarterly 2025/26 Capital Programme monitoring reports.

1.41 All schemes proposed for inclusion within the Capital Programme invest in assets and / or reconfigure models of service provision. They are pivotal to support the delivery of the Council's strategic priorities outlined in portfolio business plans and the Council Plan.

Potential future schemes

1.43 All capital schemes need to be considered in the context of the position of the Council's MTFS. All schemes which require prudential borrowing to fund them add revenue pressures in the form of interest charges and charges to the Minimum Revenue Provision (MRP).

1.44 Sustainable Communities for Learning

The WG schools investment programme is expected to continue into a more fluid rolling 'Band C' programme over a longer period up to ten years with the indications from WG officials that intervention rates will remain at the current rates.

The Council's Strategic Outline Programme (SOP) was submitted to WG at the end of March 2024 for consideration in accordance with their timetable. This is essentially the Council's 'statement of intent' for the Band C investment programme. Schemes will be subject to individual approval to ensure that each meets the Council's continuing priorities and is affordable in the context of the Council's MTFS.

WG have introduced additional criteria for Net Zero Carbon (NZC) requirements for schools. Buildings will be required to be NZC in operation, which means producing zero or negative carbon emissions as part of their operational energy. The first generation of schools and colleges under the new rules will also be required to demonstrate a 20% reduction on the amount of embodied carbon, which is the carbon emitted through construction materials and the construction process, with further

	<p>reductions required in future, in line with the WG's broader NZC plans. Industry indications have confirmed this will increase construction costs by up to 20%.</p>
1.45	<p>Llys Gwenffrwd, Holywell – Residential Care Home Review</p> <p>Llys Gwenffrwd is a 31 bed, three storey care home built in the 1970s which was refurbished in early 2000. There are challenges associated with the current building as it is built on a sloping site, as a result there are a number of levels requiring the need for ramps to access many areas both inside and outside. It includes the provision of a single undersized lift to reach the three stories which does not meet DDA requirements and there are a number of living and day spaces which are some distance from the bedroom areas. Outside space is difficult to access because of the site levels and parking can be difficult. The Holywell locality has the fewest number of care home placements available and would benefit from a new build facility on a different more accessible site which requires further consideration. A relocated new build meets the needs of an ageing population in alignment with the strategic service priorities. High level feasibility work has been undertaken to review potential options to develop a business case for the project.</p>
1.46	<p>Residential Care Home Provision – North East Flintshire</p> <p>Consideration has been made as to whether the Council can introduce in-house residential care to the North East region of Flintshire, to support with capacity and future proofing the care market in the area. Currently, a site mapping exercise is being undertaken to understand if there is a site with sufficient space to house a sufficiently sized facility.</p>
1.47	<p>Additional Learning Needs Reform</p> <p>In previous Cabinet reports, the need for specialist Autism and Moderate Learning Difficulties facilities had been highlight as short/medium term ambition. In reviewing the impact of Additional Learning Needs (ALN) transformation, extending existing ALN provision would also be a requirement along with consideration for a Secondary Phase Behaviour, Emotional & Social Difficulties (BESD) Resourced Unit, the County only has primary provision currently. A technical feasibility is currently being undertaken to provide a range of options with high level cost estimates around effective building solutions. For larger value cost options it would be prudent to consider the next phase of the WG Sustainable Communities for Learning Band rolling investment programme, given that the current intervention rate in this programme for ALN provision is 75% WG funded, with the Councils contribution being 25%.</p>
1.48	<p>County Hall Campus</p> <p>The requirement to take forward the redevelopment of the site so to address the future needs of the Council and other public sector partners; to provide a range of options and an integrated approach around the Courts, Theatr Clwyd and joint Archive service together with a wider site development. The first phase of relocating staff to Ty Dewi Sant from County Hall is underway and is required by the end of February 2025.</p>

1.49	<p>Register Office, Llwynegrin Hall</p> <p>The long-term proposal is to develop Llwynegrin Hall as a venue for civil marriages/partnerships in Flintshire to include the ceremony and celebrations thereafter. The internal accommodation at Llwynegrin Hall would require an upgrade, to include catering facilities and areas to celebrate. The building has potential to be available as a complete wedding venue package, like that of approved premises e.g. hotels, and has the potential to generate new income. This proposal requires a feasibility study in the first instance.</p>
1.50	<p>Review of Industrial Estates</p> <p>The Council's industrial estates are widely dispersed throughout the County and provide much needed commercial accommodation to many local businesses, preventing them from leaving the County and maintaining local sources of employment. They also bring into the Council significant revenue through rental income but are of an age where they are now likely to require investment.</p> <p>The legislation which was due to increase the Minimum Energy Efficiency Standards has not been enacted. It is not known when or if this will be introduced or whether it will be modified. Until this is confirmed we cannot assess any investment that may be required.</p> <p>Work is being undertaken to build on the initial reviews that took place on two of our estates as part of the Levelling Up bid. This work will assess our estates against criteria including regeneration, employment opportunities, sustainability and economic viability, alternative use and land values. Some of this work may determine that existing vacant buildings are demolished which will require funding.</p>
1.51	<p>Highways Asset Management Plan</p> <p>The core Capital Programme includes £1.5m per annum for the HAMP. It has been estimated that the investment required to maintain current network performance is £3.9m per annum, an increase of £2.4m per annum.</p>
1.52	<p>Digital Strategy</p> <p>A planned programme of projects required to increase the number and range of services available digitally are under consideration. The projects have an impact across a range of services, rather than in a single specific service e.g., web payment portal that will be used for all payments to the Council. These will be used to enhance the ability of customers to interact with the Council on line.</p> <p>The capital costs of purchasing new software will be calculated on a project by project basis at the time each project is ready to proceed in order to accurately capture not only the technical requirements for the software but also the costs prevailing at the time.</p> <p>The range of cross cutting projects under consideration include:</p>

	<ul style="list-style-type: none"> • A generic web booking system to allow customers to make appointments for services online • Integration of webchat and email into the Customer Relationship Manager application • A generic facility for customers to upload and store commonly needed documents e.g., proof of entitlement to benefits • Software to link information held in separate databases so that we can update them all at once in a single contact with the customer
1.53	<p>Deeside Leisure Centre</p> <p>Deeside Leisure Centre (DLC) is 50+ years old and reaching the end of its economic useful life. It is the largest sports facility in the County at 15,000m2 and is of strategic importance in terms of sports participation and health and wellbeing. It is an ageing building occupying too large a footprint with inefficient energy systems. The building is not sustainable beyond the medium term.</p> <p>The Council has undertaken a feasibility study and business case of options for the leisure centre going forward and will review the impact this may have on the Capital Programme and any future potential revenue savings.</p>
1.54	<p>Homelessness – Young Persons Hub</p> <p>Responding to the needs of young people and particularly those who may be at a risk of homelessness is a key focus for the Council. Consideration needs to be given to not only accommodation needs but also support to assist young people with the key life skills needed to live independently and reduce risks of homelessness. When looking at best practice in this area of work, there are a number of examples of positive practice which seek to not only provide accommodation, but also co-ordinate support and service delivery.</p> <p>The Housing & Communities Portfolio is considering opportunities for the development of a Young Persons Hub which will seek to provide a number of units of self-contained accommodation with support onsite. This could potentially extend to provision of housing and homelessness advice and support and facilities for co-location of young person focussed services within a “housing hub”. A feasibility study will be considered to inform this approach once a site is identified, which may consider the provision of office and community space to ensure a joined-up approach within a multi-disciplinary team model.</p> <p>Subject to the outcome of feasibility works, capital funding may be required to deliver on this agenda. External funding streams will also be considered in order to maximise opportunities to develop the Young Persons Hub. This activity is referenced within the Councils Housing Prospectus.</p> <p>The service is currently revisiting and refining the details of the brief and developing a revised specification with youth justice, homelessness, youth services and social services colleague for a “Hub” and arranging visits to existing hubs in other authorities to understand the best designs and service configurations.</p>

1.55	<p>Homelessness – Emergency Bed Provision</p> <p>In late 2019, the Council undertook work to develop an Emergency Bed provision for people who are homeless and may otherwise face the prospect of sleeping rough. Significant works were completed within the Glanrafon Resource Centre in Queensferry to transform the building into a Night Shelter offering up to 12 Emergency Beds. The Council, as the owner of the building, completed refurbishment works and then partnered with The Wallich, to deliver the support required to safely operate the Night Shelter.</p> <p>At present there are 23 individual accommodation units on site offering self-contained accommodation but this is not of a standard we wish to sustain and need to develop a purpose built provision offering high quality self-contained accommodation. Following the COVID-19 pandemic, further guidance has been issued by WG regarding the future direction of homelessness service. In the guidance there is a clear steer towards offering high quality self-contained accommodation for people experiencing homelessness.</p> <p>The Glanrafon Homeless Hub was always considered a short to medium term solution for rough sleeping in Flintshire but the pandemic prolonged the need for the provision and the model has developed significantly since then. The next iteration of the Homeless Hub is identified as a priority activity within the Councils Housing Prospectus and Social Housing Grant can be prioritised in order to deliver on this activity. Sites are presently being considered and feasibility work for supported homeless provision underway. We are currently in discission with the WG technical and social housing grant teams over a potential provision of homeless supported provision for between 10-14 unit scheme.</p>
1.56	<p>Greenfield Business Park</p> <p>Most of the remaining units in the Council ownership at Greenfield Business Park are at the end of their serviceable life and can't, in most cases, be upgraded further. Their size and condition would make them very unlikely to be lettable in the future as they no longer meet modern business needs. There will be a need to consider the future of the site with options including a) demolition with no further units being constructed, b) demolition for future Council development or private sale, c) wholesale redevelopment and construction of new business units. Capital funds may be required to cover some of these costs including acting as match funding should external capital funding become available.</p>
1.57	<p>Connah's Quay Docks</p> <p>There is an externally funded programme of improvement underway to the security and appearance at Connah's Quay Docks to help address anti-social behaviour, fly-tipping and crime in this locality. This programme does not extend to major capital investment however. The two Council-owned docks in Connah's Quay are expected to require significant investment in the medium-term to prevent further deterioration in their</p>

	<p>condition and risks thereby arising to the public, businesses, wildlife, and heritage assets.</p>
<p>1.58</p>	<p>Town Centre Regeneration</p> <p>The strategic approach to town centre regeneration approved by Cabinet includes the following priorities:</p> <ul style="list-style-type: none"> • identify potential future development sites and develop options for their future assembly and redevelopment; • diversify land uses to maintain the vitality and viability of town centres including the acquisition of properties; • develop potential projects for future capital funding opportunities; • start, subject to the availability of capital resources and detailed investigation into commercial viability, to acquire key sites for redevelopment; <p>Limited capital funds are available from WG to support these priorities but they require either repayment loans or a minimum of 30% match funding to be available from grants. Both would represent a future call on the capital programme if projects are to be proposed to WG for funding.</p> <p>The Council is developing Place Plans to steer investment in each town and capital projects are expected to arise from this process.</p>
<p>1.59</p>	<p>Net Zero Carbon Aims</p> <p>WG has set out its legal commitment to achieve net zero emissions by 2050 and work towards a net zero public sector in Wales by 2030. One of the Council's key priorities within the Council Plan is to become a NZC Council by 2030 and to support wider decarbonisation actions across the County. The capital works programme plays a vital role in accelerating the shift towards achieving the NZC target. The Council has been investing in low carbon and renewable energy systems and energy efficiency for over 10 years which has led to a 51% reduction in scope 1 and 2 greenhouse gas emissions against a 2007/08 baseline year.</p> <p>Inclusion of this priority within the programme reinforces our commitment to tackling climate change and acknowledges that we have a significant role to play in further reducing our own greenhouse gas emissions. This commitment values energy efficiency, low carbon and smart technologies as a fundamental requirement of reaching net zero for across a multitude of Council services, acting as an important contributing factor towards decarbonisation.</p> <p>In most cases carbon action is integrated within specific projects – for example, school modernisation programme designed and built to NZCio. These projects are not explicitly labelled 'Carbon' or 'Climate Change' but are part of the Council wide programme to decarbonise its assets and services.</p> <p>Work continues to further understand the cost implications of carbon action for inclusion in the MTFs, in line with the Council's Net Zero Carbon by 2030 goal.</p>

1.60	<p>Investment Zone</p> <p>Following the announcement by UK Government of a potential Investment Zone for Flintshire and Wrexham in 2023 the Council, Wrexham County Borough Council, the North Wales Corporate Joint Committee and a wide range of stakeholders are developing proposals to grow the advanced manufacturing sector. Flintshire and Wrexham are home to a nationally important cluster of businesses in the sector, employing an estimated 31,000 people, and the Investment Zone would increase the scale of this sector, support the transition to advanced digital technologies and low carbon and improve skill levels and wages. On top of the £160m of investment from UK and Welsh Governments, the Investment Zone could also secure up to £1bn in private sector investment and create 5-6,000 new jobs.</p> <p>The Investment Zone funding also provides an opportunity for the Council to invest in projects that support the advanced manufacturing sector and improve the Council's commercial estate and infrastructure. It is too early in the Investment Zone development process to quantify this. The Investment Zone is expected to operate from 2025 until 2035 and is therefore highlighted in the Capital Programme as future Council projects may need to demonstrate the availability of capital match funding.</p>
1.61	<p>Re-Fit 2</p> <p>Following the completion for the first phase of the Re-Fit programme, there could be further opportunity to invest in a second phase of energy efficiency and renewable schemes on more of the Councils building including public buildings, schools and visitor centres.</p>

2.00	RESOURCE IMPLICATIONS																		
2.01	Financial consequences for capital resources are as set out within the report.																		
2.02	<p>As previously stated, there are revenue consequences of borrowing in interest costs and revenue provision for debt repayment which will bear on the MTFS as pressures. 7.01	Asset Management Plan - A plan maintained by an authority of the condition and suitability of its assets, updated regularly and utilised to assess future capital needs Capital Expenditure - Expenditure on the acquisition of Non-current Assets or expenditure that extends the life or value of an existing asset Capital Programme - The Council's financial plan covering capital schemes and expenditure proposals for the current year and a number of future years. It also includes estimates of the capital resources available to finance the programme

Capital Receipt - Receipts (in excess of £10,000) from the disposal of an asset

Capital Scheme - An individual capital project which is monitored and managed in isolation. The aggregate of all schemes comprises the **Capital Programme**

Capital Strategy - A corporate document providing clear strategic guidance about an authority's objectives, priorities and spending plans, demonstrating the link to key corporate and service objectives. May be combined with the **Asset Management Plan (AMP)** to form a single document

Council Fund - The fund to which all the Council's revenue and capital expenditure is charged

Disposal - The decommissioning or transfer of an asset to another party

Non-current Asset - A resource controlled (but not necessarily owned) by the Council, from which economic benefits or service potential are expected to flow to the Council for more than 12 months.

Prudential Code - The Code of Practice drawn up by the Chartered Institute of Public Finance and Accountancy (CIPFA) to underpin the requirements of the Local Government Act 2003 in respect of an authority's duty to determine the affordability, prudence and sustainability of its capital investment needs

Prudential Indicators - Required by the **Prudential Code**, these take the form of limits, estimates or actual figures used to support the local decision making process for capital investment

Unsupported Prudential Borrowing - Borrowing administered under the **Prudential Code**, whereby authorities can set their own policies on acceptable levels and types of borrowing. The Prudential Framework allows authorities to take out loans in response to overall cash flow forecasts and other factors provided they can show that the borrowing is to meet planned capital expenditure in the current year or the next three years.

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday, 4 th December 2024
Report Subject	Capital Strategy Including Prudential Indicators 2025/26 to 2027/28
Report Author	Corporate Finance Manager

EXECUTIVE SUMMARY

This report updates the Council's Capital Strategy and seeks County Council's approval.

The report explains the need for the Strategy, its key aims, and the content of each of its sections.

Under the Prudential Code for Capital Finance in Local Authorities (the Prudential Code), authorities are required to set a range of Prudential Indicators (PI's). The Capital Strategy includes details of the Council's Prudential Indicators for 2025/26 – 2027/28.

RECOMMENDATIONS

1	Council approves the Capital Strategy.
2	Council approves: - <ul style="list-style-type: none">• The Prudential Indicators for 2025/26 - 2027/28 as detailed within Tables 1, and 4 – 8 of the Capital Strategy.• Delegated authority for the Corporate Finance Manager to effect movements between the separately agreed limits within the authorised limit for external debt and the operational boundary for external debt (Table 6 of the Capital Strategy).

REPORT DETAILS

1.00	CAPITAL STRATEGY 2025 – 2028
1.01	The Chartered Institute of Public Finance and Accountancy's Treasury Management in the Public Services: Code of Practice 2021 Edition (the Code), requires that the Council has in place a Capital Strategy (the Strategy). The guidance to the Code defines the specific requirements of the Strategy. This report updates the Strategy for Council's consideration.
1.02	The key aims of the Strategy are to explain the ways in which the capital programme is developed and funded, the potential impact it has on the Council's Medium Term Financial Strategy (MTFS) and the way in which it relates to the Council's Treasury Management Strategy. The Strategy is an overarching document and refers to other documents such as the Capital Programme, the Treasury Management Strategy, and the Minimum Revenue Provision Policy. The Strategy is split into a number of sections as described below. The Strategy is enclosed as Appendix 1.
1.03	Capital Expenditure This section defines capital expenditure. There is some limited local discretion in the definition as reflected in the Council's accounting policies.
1.04	Resources This section explains the way in which the Capital Programme is funded. The Council has a number of funding sources, but these sources are limited and in some cases, particularly capital receipts, diminishing. Some of those sources, particularly prudential borrowing, add pressure to the Council's MTFS.
1.05	Prioritisation of Capital Expenditure This section explains the way in which the Capital Programme is divided into three sections and how decisions are made as to which schemes to include in each section in each year.
1.06	Governance This section explains the governance arrangements in place in the development and monitoring of the capital programme.
1.07	Capital Expenditure Plans This section refers to the Council's capital expenditure plans as agreed in its Capital Programme. It covers: <ul style="list-style-type: none">• Capital expenditure plans• The way in which those plans are expected to be financed• Minimum Revenue Provision• Estimates of the Capital Financing Requirement, a measure of unfinanced expenditure

1.08	<p>Treasury Management</p> <p>This section covers the way in which the Strategy relates to the Council's treasury management activity. It covers:</p> <ul style="list-style-type: none"> • The Council's Borrowing Strategy • The relationship between the Council's debt portfolio and its Capital Financing Requirement • The Authorised Limit and Operational Debt Limits for borrowing, ensuring the limits on the Council's exposure to debt are set • The Council's Investment Strategy • Treasury management governance
1.09	<p>Commercial activities</p> <p>This section reports that the Council has limited commercial activity, having a limited portfolio of investment properties (agricultural properties and industrial units). The Council does not borrow to invest for the primary purpose of financial return.</p>
1.10	<p>Liabilities</p> <p>This section explains the liabilities which the Council has, in particular the deficit on its pension fund, and links with the Council's Statement of Accounts.</p>
1.11	<p>Revenue budget implications</p> <p>This section shows the impact of the capital financing costs on the revenue stream of the Council's budget.</p>
1.12	<p>Knowledge and skills</p> <p>This section details the skills of officers involved in developing and managing the capital programme and treasury management activity, and explains that the Council makes use of external advisers to assist with this activity.</p>
1.13	<p>Prudential Indicators</p> <p>The Council is required by the Code to develop and monitor Prudential Indicators. These are contained within the various sections of the Strategy, and are indicated as such.</p>

2.00	RESOURCE IMPLICATIONS
2.01	Financial consequences for capital resources are as set out within the report and in Appendix 1.
2.02	Financial consequences for revenue resources are as set out within the report and in Appendix 1.

CAPITAL STRATEGY REPORT 2025/26

1. INTRODUCTION

The creation and approval of a capital strategy is now a requirement of the Chartered Institute of Public Finance and Accountancy's Treasury Management in the Public Services: Code of Practice 2021 Edition (the CIPFA Code).

The Code requires the Council to set Prudential Indicators in relation to its Capital Programme. This document includes those Prudential Indicators in tables 1 and, 4 - 8.

This document updates the capital strategy approved by Council in December 2023. It gives a high-level overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of local public services along with an overview of how associated risk is managed and the implications for future financial sustainability.

2. CAPITAL EXPENDITURE

Capital expenditure occurs when the Council spends money on assets, such as property or vehicles, which will be used for more than one year. In local government this includes spending on assets owned by other bodies, and loans and grants to other bodies enabling them to buy assets.

3. RESOURCES

The sources of funding available to the Council are described below:

Unhypothecated Supported Borrowing (USB), commonly referred to as Supported Borrowing

Each year Welsh Government provides councils with a Supported Borrowing capital allocation. Councils can then borrow to fund capital expenditure up to that annual allocation, and Welsh Government will include funding to cover the revenue costs associated with that level of borrowing in future years within the Revenue Support Grant. The Council decides how this funding is spent.

General Capital Grant (GCG)

This is the annual capital grant from Welsh Government. The Council decides how this funding is spent.

Supported borrowing and general capital grant will be used to fund capital schemes which:

- invest in, or maintain the life of, existing assets which will be retained for future service delivery
- are statutory / regulatory in nature

The Housing Revenue Account (HRA) equivalent is known as the Major Repairs Allowance (MRA).

Capital Receipts

These are funds raised from the sale of council assets, usually, but not restricted to, land and buildings. Other examples include repayments of loans for capital purposes and release of restrictive covenants.

Capital finance regulations dictate that capital receipts can only be used to fund capital expenditure or repay debt. In the past, regulations required a proportion of all receipts be set aside to repay debt, but this requirement was removed some time ago for the Council Fund and was removed for the HRA with the introduction of self-financing. The Council's policy is to use capital receipts to fund capital expenditure rather than voluntarily set aside to repay debt. The Council sets a Minimum Revenue Provision policy each year which sets out our prudent methods for repayment of debt.

The current policy of pooling all capital receipts to allocate to capital schemes in accordance with the Council's strategic aims and priorities will continue. Capital receipts will not be 'ring-fenced' to fund schemes in the same service or geographical areas (with the exception of the HRA). Capital receipts represent a finite funding source based on a planned approach to asset disposals in support of the Council's priorities. They will be used to fund new capital investment schemes.

Generation of capital receipts depends on our ability to identify assets that are surplus to requirements, and to sell them at an appropriate time which will be subject to local economic factors. In recent years this has been challenging, and will continue to be so. Careful and prudent planning around the timing of capital receipts is needed to ensure schemes funded by capital receipts don't begin until we have received the receipt.

Capital receipts will be generated by continuing with our agricultural disposal policy, our policy to reduce the number of assets that we have and the review of the commercial estate.

Our assets are also supporting the Strategic Housing and Regeneration Programme (SHARP) in innovative ways. We have identified surplus Council owned sites which will be used to develop new housing. This input will need to continue throughout the life of the programme. The impact of this on the generation of capital receipts will need to be carefully mapped and reflected within the wider Capital Programme.

Specific Grants and Contributions etc.

Specific Grants

These are grant allocations received from a range of sponsoring bodies including Welsh Government, Lottery, etc. for associated specific programmes and projects, with limited local discretion on how the funding is spent. Often the terms and conditions of such funding will require unused funding to be returned, and can require the Council to match fund. In times where capital resources are declining the Council will seek to maximise such funding streams, subject to the initiative/scheme reflecting both the third party's agenda and the Council's priorities.

Specific Contributions

These are contributions from developers towards the provision of public assets or facilities. Sometimes these are to mitigate the impact of their development on communities and are often referred to as Section 106 contributions. Contributions are earmarked for specific purposes in planning agreements and often relate to infrastructure projects including play areas, open spaces, and schools, but also including affordable housing. Developers also contribute to highways infrastructure developments through Section 38 and 278 agreements.

Specific Capital Loans

Increasingly, as Welsh Government's funding comes under pressure, capital funding that was previously issued as a specific capital grant is converted into a repayable loan, examples include the Home Improvement Loans fund, and Town Centre Loans funding. Grant funding will always be preferable to loan funding as it does not require repayment, however, loan funding does have benefits. Its use to date has been to provide recyclable loan funding for regeneration purposes. The benefit is that rather than being used to fund a single project, the funding can be recycled and used to fund a number of projects over the term of the loan.

Capital Loans are also available, and have been used, from other sources such as Salix in relation to energy saving projects.

As with grants, the Council will seek to maximise such developments that are in line with its priorities, whilst carefully considering the additional administrative burden in issuing and collecting loans, and the risk it carries from loan defaults.

Local Government Borrowing Initiative (LGBI)

In recent years, as Welsh Government funding has been under pressure, schemes that would have been funded by capital grant have been funded by LGBI. Welsh Government provides the revenue support for borrowing costs incurred by the Council in borrowing to fund capital schemes (the difference with supported borrowing being that it's for a specific purpose aligned to Welsh Government priorities). LGBI has been used for highways maintenance and used to part fund the Welsh Government element of the Sustainable Communities for Learning – 'Band A'.

Capital Expenditure charged to Revenue Account (CERA)

Capital expenditure can be funded via a direct contribution from revenue funding (note: capital financing regulations mean it is not possible to use capital funding to fund revenue expenditure). This method of funding is extensively used by the HRA and will continue to be in the future. Its use for Council Fund activity is generally quite limited as this would add pressure to the revenue budget as forecast in the Medium Term Financial Strategy (MTFS).

Unsupported Prudential Borrowing (commonly referred to as Prudential Borrowing)

The Prudential Code for Capital Finance in Local Authorities supports local authorities in determining their programmes for capital investment in assets (we are required by regulation to follow its requirements). The Prudential Code gives councils discretion to undertake borrowing to fund capital projects with the full cost of borrowing funded from future council revenue resources subject to the Council demonstrating, within a clear framework, that the capital investment plans are affordable, prudent and sustainable. A range of prudential indicators must be produced and approved demonstrating the impact of the programme. This option for funding additional capital developments is one which is funded from within existing revenue budgets or from generating additional and ongoing income streams, there is no support from any external funding which is a major constraint on its use as any scheme funded by prudential borrowing will add to the forecast budget deficit in the MTFS.

To date, limited use has been made of the option following cautious and prudent consideration of long-term impacts. This approach will continue to be used with schemes that have a clear financial benefit such as 'invest to save', 'spend to earn', and those that generate returns over and above the costs of debt. The focus will be to fund schemes that are the Council's priorities, attract third party funding and generate revenue benefits in future financial years in the form of revenue savings, income generation or increasing Council Tax yield. In addition, prudential borrowing will be used to fund the Council element of Sustainable Communities for Learning programme and the HRA SHARP schemes.

Alternative Sources

There are a number of other alternative sources of capital funding which the Council could make use of, depending on circumstances and cost:-

- Finance Leases - Leases that transfers (to the lessee) substantially all the risks and rewards of ownership of an asset, even though ownership may not be transferred. This method was used for the equipment at Deeside Leisure Centre and the Jade Jones Pavilion, Flint.
- Public Private Partnerships (PPPs) - This is a broad term for various arrangements in which the Council has a longer and more intensive relationship with a private sector supplier than it does under a traditional contract. It includes:-
 - PFI contracts;
 - Local Asset Backed Vehicles (LABVs);
 - Strategic partnering;
 - Sale and Lease back;
 - Joint Ventures;
 - Deferred Purchase, and
 - Mutual Investment Model (MIM)

To date, the Council has made very limited use of alternative funding options listed above. In future all options, along with any new initiatives, will be explored and used carefully. Capital schemes funded from alternative sources are likely to increase the Council's debt liability, therefore use will be restricted and considered in the same way as prudential borrowing.

4. PRIORITISATION OF CAPITAL EXPENDITURE

The purpose of the Capital Programme is to optimise the Council’s use of capital resources by allocation to those areas identified as representing the strategic priorities of the Council. The Programme is split into 3 sections;

- Statutory / Regulatory Programme consisting of an annual allocation to fund schemes of a statutory / regulatory nature. Examples include providing financial support to repair, improve and adapt private sector homes, and adapting schools for disabled children. Service areas will be required to submit plans for approval before the start of each financial year.
- Retained Asset Programme consisting of an annual allocation to fund schemes that maintain, improve or lengthen the economic life of the assets that we retain to use in delivering services where there is already a significant amount of capital work needed, identified by service plans / condition surveys etc. Service areas identified are: schools, highways, and corporate office accommodation. Service areas are required to submit plans for approval before the start of each financial year.
- Investment Programme consisting of allocations to fund new schemes arising from Portfolio Business Plans. Such schemes will be necessary to achieve revenue efficiencies included within Portfolio Business Plans, the MTFS and our strategic priorities as included in the Council Plan. Approval of such schemes will be through the submission of a full business case identifying the source of capital funding and the asset’s lifetime costs going forward.

Funding of schemes will be allocated as shown below:

Statutory / Regulatory Programme	Retained Asset Programme	Investment Programme	
General Capital Grant	Supported Borrowing	Capital Receipts	Debt and Alternative Sources of Funding

Capital Programmes will be set every year covering a timeframe of the next 3 financial years on a rolling basis, reflecting that capital schemes don’t match financial years and span more than 1 financial year. Schemes starting in that first financial year will be approved along with any costs and funding required in the subsequent 2 financial years. Schemes starting later than the first financial year will be given indicative support to enable services to plan, but will ultimately require formal approval through the process of approving the subsequent years’ Capital Programme.

Sufficient ‘headroom’ will be built into the Capital Programme to facilitate more flexibility, thus allowing smaller schemes to be presented, considered and approved by Cabinet in year. Such schemes arise in year due to, for example, grants that require an element of match funding or unforeseen events such as regulatory works etc.

The development of the Capital Programme will be considered in the context of its impact on the Council’s MTFS and in particular the added pressure the Capital Programme may bring to the revenue budget.

5. GOVERNANCE

Planning for the Capital Programme is determined in parallel with service and revenue budget planning process within the framework of the MTFS.

New investment capital schemes will be rigorously appraised through submission of full business cases which will include schemes funded by grants or contributions from 3rd parties. Large schemes which are programmes in their own right will be subject to gateway reviews at stages during the programme, for example Sustainable Communities for Learning and SHARP. This ensures that the evidence and the case for change when the scheme was initially approved is still valid, and that lessons learned from early stages can be applied to future stages.

Those portfolios with core allocations will submit annual plans for assessment and challenge by the Capital and Assets Programme Board to ensure compliance with the Capital Strategy and the Asset Management Plan.

The Capital Programme, where possible, will be set for each coming financial year before the annual budget, and will include indicative figures spanning the same time frame as the MTFS.

Monitoring of the annual Capital Programme will be undertaken at a Portfolio level by the Capital and Technical Accounting Team, with progress updates given to the Capital and Assets Programme Board. Reporting to Members will take place quarterly to Cabinet and Corporate Resources Overview and Scrutiny Committee including:

- New schemes or additions to existing schemes
- Removal of or reductions to schemes
- Slippage on schemes, and impact on future years capital programme
- Funding virements between schemes
- Other necessary revisions to the scheme

The Capital and Assets Programme Board will develop processes for monitoring the outcomes of capital schemes and measures to monitor the performance of assets.

Capital expenditure plans

The Council's planned capital expenditure for the period 2025/26 to 2027/28 is summarised below:

Table 1: Prudential Indicator: Estimates of Capital Expenditure in £ millions

	2025/26 Estimate *	2026/27 Estimate	2027/28 Estimate
Council Fund	26.435	25.418	22.625
Housing Revenue Account	28.683	23.987	24.058
Total	55.118	49.405	46.683

*£7.6m of capital expenditure in 2025/26 arises from a change in the accounting for leases and does not represent cash expenditure.

The Council's Capital Programme is due to be approved by Council in December 2024, and details can be found on the Council's website.

The Council is planning a number of significant investments during the period of this strategy. In particular, it is investing substantially in its schools in conjunction with Welsh Government through the Sustainable Communities for Learning programme; development of children’s residential care to expand our in-house provision; has plans, and in conjunction with its partners, to create a new archive building to deliver a single archive service for North East Wales. More detail is available in the Capital Programme 2025/26 – 2027/28 report.

The HRA is a ‘ring-fenced’ account which ensures that council housing does not subsidise, or is itself subsidised by, other local services. HRA capital expenditure is therefore recorded separately. The Council has plans to invest significantly in housing assets over the period of the strategy, including the building of new homes as part of the SHARP, as well as maintaining its stock in line with the Welsh Housing Quality Standard (WHQS).

In addition, part of SHARP is to build new homes for rent at intermediate rent levels (between social housing rents and market rents). This is achieved by making capital loans to the Council’s wholly owned subsidiary, North East Wales Homes Ltd (NEW Homes) to build affordable homes.

All capital expenditure must be financed, either from external sources (government grants and other contributions), the Council’s own resources (revenue, reserves and capital receipts) or debt (borrowing, leasing etc.). The planned financing of the above expenditure is as follows, broken down into the sources detailed above:

Table 2: Capital Financing in £ millions

Sub Total - HRA	28.683	23.987	24.058
TOTAL	55.118	49.405	46.683

*£7.6m of capital expenditure in 2025/26 arises from a change in the accounting for leases and does not represent cash expenditure.

Debt is only a temporary source of finance, as any loans or leases must be repaid. Local authorities are required each year under regulations, to set aside some of their revenue resources as provision for the repayment of debt. The annual charge to the revenue account for repaying debt is known as the Minimum Revenue Provision (MRP). Planned MRP is as follows:

Table 3: Replacement of prior years' debt finance in £ millions

	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
Council Fund	3.892	4.204	4.568
Housing Revenue Account	1.781	1.918	2.011

Local authorities are required to set a policy for MRP each financial year. The Council sets its annual MRP policy in February each year and this is available on its website.

Alternatively, capital receipts may be used to repay debt by applying capital receipts to the Capital Financing Requirement (CFR).

The Council's cumulative outstanding amount of capital expenditure financed by debt is measured by the Capital Financing Requirement (CFR). This increases with new debt-financed capital expenditure and reduces with MRP and any capital receipts used to repay debt. Based on the above figures for expenditure and financing, the Council's estimated CFR is as follows:

Table 4: Prudential Indicator: Estimates of Capital Financing Requirement in £ millions

	2025/26 Estimate *	2026/27 Estimate	2027/28 Estimate
Council Fund	323.482	337.463	349.285
Housing Revenue Account	139.734	142.410	144.993
Total	463.216	479.873	494.278

*£75m of the CFR increase in 2025/26 arises from a change in the accounting for leases.

6. TREASURY MANAGEMENT

Treasury Management is concerned with keeping sufficient but not excessive cash available to meet the Council's spending needs as they fall due, while managing the risks involved. Surplus cash is invested until required, while a shortage of cash will be met by borrowing, to avoid excessive credit balances or overdrafts in the bank current account. The Council is typically cash rich in the short-term as revenue income is received before it is spent, but cash poor in the long-term as capital expenditure is incurred before being financed. The revenue cash surpluses are offset against capital cash shortfalls to reduce overall borrowing.

Due mainly to decisions taken in the past, the Council currently (30th September 2024) has £316m long-term borrowing at an average interest rate of 4.49%, and short-term borrowing of £10m at an average interest rate of 4.63%. It also has £24.9m treasury investments at an average interest rate of 5.03%.

Borrowing strategy: The Council's chief objective when borrowing money is to strike an appropriately low risk balance between securing low interest costs and achieving cost certainty over the period for which the funds are required. The flexibility to renegotiate loans, should the Council's long-term plans change, is a secondary objective. Short-term loans are currently available at around 5% and long-term fixed rate loans where the future cost is known but higher are currently 5.11% to 5.52%.

The Council does not borrow to invest for the primary purpose of financial return and therefore retains full access to the Public Works Loans Board.

Projected levels of the Council's total outstanding debt (which comprises borrowing and leases) are shown below, compared with the capital financing requirement (see above).

Table 5: Prudential Indicator: Gross Debt & the Capital Financing Requirement in £ millions

	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
Debt (Incl Leases)	432.854	451.870	461.594
Capital Financing Requirement	463.216	479.873	494.278

Statutory guidance is that debt should remain below the Capital Financing Requirement, except in the short-term. As can be seen from Table 5, the Council expects to comply with this in the medium term.

Affordable borrowing limit: The Council is legally obliged to set an affordable borrowing limit (also termed the authorised limit for external debt) each year and to keep it under review. In line with statutory guidance, a lower “operational boundary” is also set as a warning level should debt approach the limit.

Table 6: Prudential Indicators: Authorised Limit & Operational Boundary for external debt in £m

	2025/26 Limit	2026/27 Limit	2027/28 Limit
Authorised Limit - Borrowing	483	500	514
Authorised Limit - Other long term liabilities	35	35	35
Authorised Limit - Total External Debt	518	535	549
Operational Boundary - Borrowing	408	427	443
Operational Boundary - Other long term liabilities	75	73	71
Operational Boundary - Total External Debt	483	500	514

Treasury Investment strategy: Treasury investments arise from receiving cash before it is paid out again. Investments made for service reasons or for pure financial gain are not generally considered to be part of treasury management.

The Council’s policy on treasury investments is to prioritise security and liquidity over yield that is to focus on minimising risk rather than maximising returns. Cash that is likely to be spent in the near term is invested securely, for example with the government, other local authorities or selected high-quality banks, to minimise the risk of loss. Money that will be held for longer terms is invested more widely, including in bonds, shares and property, to balance the risk of loss against the risk of receiving returns below inflation. Both near-term and longer-term investments may be held in pooled funds, where an external fund manager makes decisions on which particular investments to buy and the Council may request its money back at short notice.

Governance: Decisions on treasury management investment and borrowing are made daily and are therefore delegated to the Corporate Finance Manager and the Treasury Management team, who must act in line with the Treasury Management Strategy approved annually by the Council in February. Quarterly reports on treasury management activity are presented to the Governance and Audit Committee. The Governance and Audit Committee is responsible for scrutinising treasury management decisions.

The Council sets a Treasury Management Policy Statement, an annual Treasury Management Strategy and Treasury Management Schedules and Practices which contain further details on the Council’s borrowing strategy, investment strategy and treasury management governance which are available on its website.

7. COMMERCIAL ACTIVITIES

The Council has a portfolio of investment properties, in the form of agricultural property and industrial units. Although these are classified as investment properties, they are legacy assets and the Council is managing down its agricultural portfolio and is reviewing its position in regard to industrial units. The Council does not borrow to invest for the primary purpose of financial return.

Table 7: Prudential Indicator: Net Income from Commercial and Service Investments to Net Revenue Stream

	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
Total net income from service and commercial investment	1.673	1.673	1.673
Proportion of net revenue stream	0.45%	0.45%	0.45%

8. LIABILITIES

In addition to debt of £316m detailed above, the Council is committed to making future payments to cover any required pension fund deficit (valued at £18m, March 2024). It has also set aside £1.1m to cover the risks associated with the aftercare of former landfill sites, and £3.5m as a provision against bad debts.

The Council is also at risk of having to pay for any additional works necessary at landfill sites, payments in respect of historic insurance, abuse and housing disrepair claims, costs involved in some employment tribunal cases, and has given pension guarantees on behalf of various alternative service delivery models. The Council has not set aside any funds because of a lack of certainty in estimating the size and timing of these liabilities.

Governance: Decisions on incurring new discretionary liabilities are taken by Chief Officers in consultation with the Corporate Finance Manager. The risk of liabilities crystallising and requiring payment is monitored by corporate finance and reported as required to Cabinet.

Further details on liabilities and guarantees are in the contingent liability section in Note 34 of the Council's 2023/24 Statement of Accounts available on its website.

9. REVENUE BUDGET IMPLICATIONS

Although capital expenditure is not charged directly to the revenue budget, interest payable on loans and MRP are charged to revenue. The net annual charge is known as financing costs; this is compared to the net revenue stream i.e. the amount funded from Revenue Support Grant, Council Tax and business rates (NNDR) for the Council Fund, and the HRA equivalent is the amount to be met from Welsh Government grants and rent payers.

Table 8: Prudential Indicator: Proportion of Financing Costs to Net Revenue Stream

	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
Council Fund	4.24%	4.47%	4.60%
HRA	18.25%	18.60%	18.58%

Sustainability: Due to the very long-term nature of capital expenditure and financing, the revenue budget implications of expenditure incurred in the next few years will extend for up to 50 years into the future. The Corporate Finance Manager is satisfied that the proposed Capital Programme is prudent, affordable and sustainable because the impact of the existing Capital Programme on the MTFS has been considered, and the revenue implications of future capital schemes are included when considering the approval of the capital budget.

Other revenue implications of capital expenditure are included in business cases and are factored into the MTFS.

10. KNOWLEDGE AND SKILLS

The Council employs professionally qualified and experienced staff in senior positions with responsibility for making capital expenditure, borrowing and investment decisions. For example, the Corporate Finance Manager is a qualified accountant with significant experience. The Council pays for junior staff to study towards relevant professional qualifications, including CIPFA and AAT.

Where Council staff do not have the knowledge and skills required, use is made of external advisers and consultants that are specialists in their field. The Council currently employs Arlingclose Limited as treasury management advisors. This approach is more cost effective than employing such staff directly and ensures that the Council has access to knowledge and skills commensurate with its risk appetite.

Report Subject	Treasury Management Annual Report 2023/24
Report Author	Corporate Finance Manager

EXECUTIVE SUMMARY

The report presents the Treasury Management Annual Report 2023/24 for Member approval.

The Treasury Management Annual Report 2023/24 is attached as Appendix 1. As required by the Council's Financial Procedure Rules, this Annual Report was reviewed by the Governance and Audit Committee on 24th July and Cabinet on 25th September 2024.

RECOMMENDATIONS

1	That Council approves the Annual Treasury Management Report for 2023/24.
---	--

REPORT DETAILS

1.00	EXPLAINING THE ANNUAL REPORT
1.01	On 23 rd February 2023, following the recommendation of the Cabinet and consideration by the Governance and Audit Committee, the Council approved the Treasury Management Strategy 2023/24.
1.02	The Council delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to Cabinet, and for execution and administration of treasury management decisions to the Corporate Finance Manager, who acts in accordance with the Council's Treasury Management Policy Statement, Strategy and Practices.
1.03	The Council has nominated the Governance and Audit Committee to be responsible for ensuring effective scrutiny of Treasury Management Strategy and Policies.
	<u>CONSIDERATIONS</u>
1.04	The Treasury Management Annual Report 2023/24 is attached as Appendix 1. As required by the Council's Financial Procedure Rules, this Annual Report was reviewed by the Governance and Audit Committee on 24 th July 2024 and Cabinet on 25 th September 2024, where no significant issues were raised.
	<u>Summary of Key Points</u>
1.05	<p>UK inflation continued to decline throughout the year with headline consumer price inflation (CPI) falling to 3.4% in February from the 8.7% seen at the start of the year, although this was still above the Bank of England's 2% target.</p> <p>Having begun the financial year at 4.25%, the Bank of England's Monetary Policy Committee (MPC) increased the Bank Rate to 5.25% in August 2023 with a 3-way split in the Committee's voting as the UK economy appeared resilient in the face of the dual headwinds of higher inflation and interest rates. The Bank Rate was maintained at 5.25% through the remainder of the financial year.</p> <p>Section 2 of the report provides a full economic and interest rate review for 2023/24.</p>
1.06	<p>Due to increases in the UK Bank Rate, the short-term money market rates have been higher than expected. The average interest rate on the income earned during the year was 4.87%.</p> <p>Section 4 provides further details of the Council's investment activity during the year.</p>
1.07	During the year a total of £12m Public Works Loan Board (PWLB) loans were taken out to support the strategy of fixing a portion of the long-term borrowing requirement. Section 3 provides more information on borrowing and debt management during the year.

1.08	Options for debt rescheduling were explored in conjunction with our treasury management advisors. The premium charged for early repayment of PWLB debt remained relatively expensive for the loans in the Council's portfolio and therefore unattractive for debt rescheduling activity. Therefore, no rescheduling activity was undertaken.
1.09	The treasury function operated within the limits detailed in the Treasury Management Strategy 2023/24.

2.00	RESOURCE IMPLICATIONS
2.01	Financial implications are addressed in the report; no other resource implications directly as a result of this report.

3.00	CONSULTATIONS REQUIRED AND UNDERTAKEN
3.01	Arlingclose Ltd, being the Council's treasury management advisors.

4.00	RISK MANAGEMENT
4.01	Risk Management directly addressed within the report and appendices including identification of risks and measures to mitigate likelihood and impact of risks identified.

7.00	GLOSSARY OF TERMS
7.01	Authorised Limit: A statutory limit that sets the maximum level of external debt for the Council.

Balances and Reserves: Accumulated sums that are held, either for specific future costs or commitments (known as earmarked) or generally held to meet unforeseen or emergency expenditure.

Bank Rate: The official interest rate set by the Bank of England's Monetary Policy Committee and what is generally termed at the "base rate".

Basis Point: A unit of measure used in finance to describe the percentage change in the value or rate of a financial instrument. One basis point is equivalent to 0.01% (1/100th of a percent). In most cases, it refers to changes in interest rates and bond yields. For example, if interest rates rise by 25 basis points, it means that rates have risen by 0.25% percentage points.

Bond: A certificate of debt issued by a company, government, or other institution. The bond holder receives interest at a rate stated at the time of issue of the bond. The price of a bond may vary during its life.

Capital Expenditure: Expenditure on the acquisition, creation or enhancement of capital assets.

Capital Financing Requirement (CFR): The Council's underlying need to borrow for capital purposes representing the cumulative capital expenditure of the local authority that has not been financed.

Certificates of Deposits (CD's): A savings certificate entitling the bearer to receive interest. A CD bears a maturity date, a specified fixed interest rate and can be issued in any denomination. CDs are generally issued by commercial banks. The term of a CD generally ranges from one month to five years.

Cost of Carry: The "cost of carry" is the difference between what is paid to borrow compared to the interest which could be earned. For example, if one takes out borrowing at 5% and invests the money at 1.5%, there is a cost of carry of 3.5%.

Consumer Price Index (CPI): The UK's main measure of inflation (along with Retail Price Index or 'RPI') The Monetary Policy Committee of the Bank of England set the Bank Rate in order to try and keep CPI at or close to the target set by the Government. The calculation of CPI includes many items of normal household expenditure but excludes some items such as mortgage interest payments and Council Tax.

Credit Rating: Formal opinion by a registered rating agency of a counterparty's future ability to meet its financial liabilities; these are opinions only and not guarantees.

Corporate Bonds: Corporate bonds are bonds issued by companies. The term is often used to cover all bonds other than those issued by governments in their own currencies and includes issues by companies, supranational organisations and government agencies.

Counterparty List: List of approved financial institutions with which the Council can place investments.

Debt Management Office (DMO): The DMO is an Executive Agency of Her Majesty's Treasury and provides direct access for local authorities into a government deposit facility known as the Debt Management Account Deposit Facility (DMADF). All deposits are guaranteed by HM Government and therefore have the equivalent of a sovereign credit rating.

Federal Reserve: The US central bank, the equivalent of the Bank of England. (Often referred to as "the Fed").

Financial Instruments: Financial instruments are tradable assets of any kind. They can be cash, evidence of an ownership interest in an entity, or a contractual right to receive or deliver cash or another financial instrument

Gilts: Gilts are bonds issued by the UK Government. They take their name from 'gilt-edged'. They are deemed to be very secure as the investor expects to receive the full face value of the bond to be repaid on maturity.

LIBID: The London Interbank Bid Rate (LIBID) is the rate bid by banks on Eurocurrency deposits (i.e. the rate at which a bank is willing to borrow from other banks).

LIBOR: The London Interbank Offered Rate (LIBOR) is the rate of interest that banks charge to lend money to each other. The British Bankers' Association (BBA) work with a small group of large banks to set the LIBOR rate each day. The wholesale markets allow banks who need money to borrow from those with surplus amounts. The banks with surplus amounts of money are keen to lend so that they can generate interest which it would not otherwise receive.

LOBO: Stands for Lender Option Borrower Option. The underlying loan facility is typically very long-term - for example 40 to 60 years - and the interest rate is fixed. However, in the LOBO facility the lender has the option to call on the facilities at pre-determined future dates. On these call dates, the lender can propose or impose a new fixed rate for the remaining term of the facility and the borrower has the 'option' to either accept the new imposed fixed rate or repay the loan facility.

IFRS: International Financial Reporting Standards.

Maturity: The date when an investment or borrowing is repaid.

Maturity Structure / Profile: A table or graph showing the amount (or percentage) of debt or investments maturing over a time period.

Monetary Policy Committee (MPC): Government Body that sets the Bank Rate. Its primary target is to keep inflation within 1% of a central target of 2%. Its secondary target is to support the Government in maintaining high and stable levels of growth and employment.

Money Market Funds (MMF): Pooled funds which invest in a range of short term assets providing high credit quality and high liquidity.

Minimum Revenue Provision (MRP): An annual provision that the Council is statutorily required to set aside and charge to the Revenue Account for the repayment of debt associated with expenditure incurred on capital assets.

Non Specified Investment: Investments which fall outside the WG Guidance for Specified investments (below).

Operational Boundary: This linked directly to the Council's estimates of the CFR and estimates of other day to day cash flow requirements. This indicator is based on the same estimates as the Authorised Limit reflecting the most likely prudent but not worst case scenario but without the additional headroom included within the Authorised Limit.

Premiums and Discounts: In the context of local authority borrowing,
(a) the premium is the penalty arising when a loan is redeemed prior to its maturity date and
(b) the discount is the gain arising when a loan is redeemed prior to its maturity date.

Prudential Code: Developed by CIPFA and introduced in April 2004 as a professional code of practice to support local authority capital investment planning within a clear, affordable, prudent and sustainable framework and in accordance with good professional practice.

Prudential Indicators: Indicators determined by the local authority to define its capital expenditure and asset management framework. They are designed to support and record local decision making in a manner that is publicly accountable; they are not intended to be comparative performance indicators

Public Works Loans Board (PWLB): The PWLB is a statutory body operating within the United Kingdom Debt Management Office, an Executive Agency of HM Treasury. The PWLB's function is to lend money from the National Loans Fund to local authorities and other prescribed bodies, and to collect the repayments.

Quantitative Easing (QE): In relation to the UK, it is the process used by the Bank of England to directly increase the quantity of money in the economy. It does not involve printing more banknotes. Instead, the Bank buys assets from private sector institutions – that could be insurance companies, pension funds, banks or non-financial firms – and credits the seller's bank account. So the seller has more money in their bank account, while their bank holds a corresponding claim against the Bank of England (known as reserves). The end result is more money out in the wider economy.

Revenue Expenditure: Expenditure to meet the continuing cost of delivery of services including salaries and wages, the purchase of materials and capital financing charges.

Retail Price Index (RPI): A monthly index demonstrating the movement in the cost of living as it tracks the prices of goods and services including mortgage interest and rent.

Term Deposits: Deposits of cash with terms attached relating to maturity and rate of return (Interest).

Specified Investments: Term used in the Welsh Assembly Guidance for Local Authority Investments. Investments that offer high security and high liquidity, in sterling and for no more than one year. UK government, local authorities and bodies that have a high credit rating.

Supported Borrowing: Borrowing for which the costs are supported by the government or third party.

Supranational Bonds: Instruments issued by supranational organisations created by governments through international treaties (often called multilateral development banks). The bonds carry an AAA rating in their own right. Examples of supranational organisations are the European Investment Bank, the International Bank for Reconstruction and Development.

Treasury Bills (T-Bills): Treasury Bills are short term Government debt instruments and, just like temporary loans used by local authorities, are a means to manage cash flow. They are issued by the Debt Management Office and are an eligible sovereign instrument, meaning that they have an AAA-rating.

Treasury Management Code: CIPFA's Code of Practice for Treasury Management in the Public Services, initially brought in 2003, subsequently updated in 2009 and 2011.

Treasury Management Practices (TMP): Treasury Management Practices set out the manner in which the Council will seek to achieve its policies and objectives and prescribe how it will manage and control these activities.

Temporary Borrowing: Borrowing to cover peaks and troughs of cash flow, not to fund capital spending.

Unsupported Borrowing: Borrowing which is self-financed by the local authority. This is also sometimes referred to as Prudential Borrowing.

Yield: The measure of the return on an investment instrument.

TREASURY MANAGEMENT

ANNUAL REPORT 2023/24

1.00 INTRODUCTION

The Council approved the Treasury Management Strategy 2023/24 (the Strategy) including key indicators, limits and an annual investment strategy on 23rd February 2023.

The Strategy was produced based on the 2021 edition of the *CIPFA Treasury Management in the Public Services: Code of Practice*.

This report includes the requirement in the 2021 Code, mandatory from 1st April 2023, of reporting of the treasury management prudential indicators.

The purpose of this report is to review the outcomes from 2023/24 treasury management operations and compare these with the Strategy.

Treasury management comprises the management of the local authority's cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

2.00 ECONOMIC & INTEREST RATE REVIEW 2023/24

This is provided by Arlingclose Ltd, the Council's treasury management advisors.

2.01 Economic background

UK inflation continued to decline from the 8.7% rate seen at the start of 2023/24. By the last quarter of the financial year headline consumer price inflation (CPI) had fallen to 3.4% in February but was still above the Bank of England's 2% target at the end of the period. The core measure of CPI, i.e., excluding food and energy, also slowed in February to 4.5% from 5.1% in January, a rate that had stubbornly persisted for three consecutive months.

The UK economy entered a technical recession in the second half of 2023, as growth rates of -0.1% and -0.3% respectively were recorded for Q3 and Q4. Over the 2023 calendar year GDP growth only expanded by 0.1% compared to 2022. Of the recent monthly data, the Office for National Statistics reported a rebound in activity with economy expanding 0.2% in January 2024. While the economy may somewhat recover in Q1 2024, the data suggests that prior increases in interest rates and higher price levels are depressing growth, which will continue to bear down on inflation throughout 2024.

Labour market data provided a mixed message for policymakers. Employment and vacancies declined, and unemployment rose to 4.3% (3mth/year) in July

2023. The same month saw the highest annual growth rate of 8.5% for total pay (i.e., including bonuses) and 7.8% for regular pay growth (i.e., excluding bonuses). Thereafter, unemployment began to decline, falling to 3.9% (3mth/year) in January and pay growth also edged lower to 5.6% for total pay and 6.1% for regular pay, but remained above the Bank of England's forecast.

Having begun the financial year at 4.25%, the Bank of England's Monetary Policy Committee (MPC) increased Bank Rate to 5.25% in August 2023 with a 3-way split in the Committee's voting as the UK economy appeared resilient in the face of the dual headwinds of higher inflation and interest rates. Bank Rate was maintained at 5.25% through to March 2024. The vote at the March was 8-1 in favour of maintaining rates at this level, with the single dissenter preferring to cut rates immediately by 0.25%. Although financial markets shifted their interest rate expectations downwards with expectations of a cut in June, the MPC's focus remained on assessing how long interest rates would need to be restrictive in order to control inflation over the medium term.

In the Bank's quarterly Monetary Policy Report (MPR) released in August 2023 the near-term projection for services price inflation was revised upwards, goods price inflation widespread across products, indicating stronger domestic inflationary pressure with second-round effects in domestic prices and wages likely taking longer to unwind than they did to emerge. In the February 2024 MPR the Bank's expectations for the UK economy were positive for the first half of 2024, with a recovery from the mild recession in calendar H2 2023 being gradual. Headline CPI was forecast to dip below the 2% target quicker than previously thought due to declining energy prices, these effects would hold inflation slightly above target for much of the forecast horizon.

Following this MPC meeting, Arlingclose, the Council's treasury adviser, maintained its central view that 5.25% remains the peak in Bank Rate and that interest rates will most likely start to be cut later in H2 2024. The risks in the short-term are deemed to be to the downside as a rate cut may come sooner than expected, but then more broadly balanced over the medium term.

The US Federal Reserve also pushed up rates over the period, reaching a peak range of between 5.25-5.50% in August 2023, where it has stayed since. US policymakers have maintained the relatively dovish stance from the December FOMC meeting and at the meeting in March, economic projections pointed to interest rates being cut by a total of 0.75% in 2024.

Following a similarly sharp upward trajectory, the European Central Bank hiked rates to historically high levels over period, pushing its main refinancing rate to 4.5% in September 2023, where it has remained. Economic growth in the region remains weak, with a potential recession on the cards, but inflation remains sticky and above the ECB's target, putting pressure on policymakers on how to balance

these factors.

2.02 Financial markets

Sentiment in financial markets remained uncertain and bond yields continued to be volatile over the year. During the first half of the year, yields rose as interest rates continued to be pushed up in response to rising inflation. From October they started declining again before falling sharply in December as falling inflation and dovish central bank attitudes caused financial markets to expect cuts in interest rates in 2024. When it emerged in January that inflation was stickier than expected and the BoE and the Federal Reserve were data dependent and not inclined to cut rates soon, yields rose once again, ending the period some 50+ bps higher than when it started.

Over the financial year, the 10-year UK benchmark gilt yield rose from 3.44% to peak at 4.75% in August, before then dropping to 3.44% in late December 2023 and rising again to 3.92% (28th March 2024). The Sterling Overnight Rate (SONIA) averaged 4.96% over the period to 31st March.

3.00 BORROWING REQUIREMENTS AND DEBT MANAGEMENT

3.01 CIPFA's 2021 Prudential Code is clear that local authorities must not borrow to invest primarily for financial return and that it is not prudent for local authorities to make any investment or spending decision that will increase the capital financing requirement and so may lead to new borrowing, unless directly and primarily related to the functions of the Council. PWLB loans are no longer available to local authorities planning to buy investment assets primarily for yield unless these loans are for refinancing purposes.

The Council has not invested in assets primarily for financial return or that are not primarily related to the functions of the Council. It has no plans to do so in future.

3.02 PWLB (Public Works Loans Board) Certainty Rate

The Council qualified for the PWLB Certainty Rate, allowing the Council to borrow at a reduction of 20 basis points on the Standard Rate for a further 12 months from April 2023.

3.03 Borrowing Activity in 2023/24.

The total long-term borrowing outstanding, brought forward into 2023/24 was £295.2 million.

	Balance 01/04/2023 £m	Debt Maturing £m	New Debt £m	Balance 31/03/2024 £m
Capital Financing Requirement	355.3	(6.6)	6.2	354.9
Short Term Borrowing	12.0	(12.0)	30.0	30.0
Long Term Borrowing	295.2	(5)	12.1	302.3
TOTAL BORROWING	307.2	(17)	42.1	332.3
Other Long-Term Liabilities	2.7	(0.3)	0.00	2.4
TOTAL EXTERNAL DEBT	309.9	(17.3)	42.1	334.7
Increase/(Decrease) in Borrowing (£m)	-	-	25.1	

The Council's Capital Programme is financed by a combination of capital receipts and grants, capital expenditure charged to the revenue account (CERA) and borrowing. The borrowing strategy in recent years, in accordance with advice received from the Council's treasury management advisors, Arlingclose, has been to use existing cash balances and short-term borrowing to confirm the long-term borrowing requirement. This is to ensure that the Council does not commit to long-term borrowing too early and borrow unnecessarily, which will be costly. This is balanced against securing low interest costs and achieving cost certainty over the period for which the funds are required so as not to compromise the long-term stability of the portfolio.

Short term borrowing continued to be available throughout the year and was utilised as far as possible without exposing the Council to excessive refinancing risk. The total short term (temporary) borrowing as at 31st March 2024 was £30m with an average rate of 6.08%.

The relative costs and benefits of internal / short-term borrowing and long-term borrowing were monitored closely, in conjunction with Arlingclose, throughout the year. Although Arlingclose's advice was to keep borrowing short, the Council continued to have a long-term borrowing requirement. In December, short to medium term loans were taken to support its strategy of fixing a portion of its long-term borrowing requirement. After discussing with Arlingclose, the following loans were taken out:

Start Date	Maturity Date	Amount	Rate	Loan Type
12 Dec 2023	12 Dec 2035	£5.0m	4.41%	EIP
28 Dec 2023	28 Dec 2036	£7.0m	3.98%	EIP

On 31st March 2024, £279.0m of the Council's loans were in the form of fixed rate with the PWLB, £18.95m were variable rate in the form of LOBOs (Lender Option Borrower Option) and £4.3m were interest free loans from the Government, available for specific schemes. The Council's average rate for long term borrowing was 4.49%.

The Council's underlying need to borrow as measured by the Capital Financing Requirement (CFR) as at 31st March 2024 was £354.9m. The Council's total external debt was £334.7m.

3.04 Lender Option Borrower Option loans (LOBOs)

The Council holds £18.95m of LOBOs, loans where the lender has the option to propose an increase in the interest rate at set dates, following which the Council has the option to either accept the new rate or to repay the loan at no additional cost.

As market interest rates rose, there was increased probability of call options on the LOBOs being exercised by lenders. These LOBO loans had semi-annual call option dates during the year to 31st March 2024, however, none of them were called.

The LOBO loans also have call dates within the next 12 months. The Council has liaised with treasury management advisors Arlingclose over the likelihood of the options being exercised. If the option is exercised and an increased rate proposed, the Council plans to repay the loan at no additional cost as accepting the revised terms would mean it would still have refinancing risk in later years. If required, the Council will repay the LOBO loans with available cash or by borrowing from other local authorities or the PWLB.

3.05 Debt Rescheduling

Options for debt rescheduling were explored in conjunction with the Council's treasury management advisors. The premium charged for early repayment of PWLB debt remained relatively expensive for the loans in the Council's portfolio and therefore unattractive for debt rescheduling activity. As a consequence, no rescheduling activity was undertaken.

The Corporate Finance Manager, in conjunction with the Council's treasury management advisors, will continue to review any potential opportunities for restructuring the Council's debt in order to take advantage of potential savings as

interest rates change and to enhance the balance of the long-term portfolio (amend the maturity profile and/or the balance of volatility).

4.00 **INVESTMENT ACTIVITY**

4.01 **Guidance**

The Welsh Government's Investment Guidance gives priority to security and liquidity and the Council's aim is to achieve a yield commensurate with these principles.

4.02 **Investment Activity in 2023/24**

Summary of investments as at 31st March 2024.

Country	Total	<1 month	1 –12 months	>12 months
	£m	£m	£m	£m
UK BANKS	3.0	3.0		
UK BUILDING SOCIETIES				
OVERSEAS				
MMF's	30.4	30.4		
LOCAL AUTHORITIES				
DMO	5.0		5.0	
<u>TOTAL</u>	38.4	33.4	5.0	

The investment for £5m was classified as a short-term investment in the Council's Balance Sheet. The remainder of the investments had maturities of less than 3 months, so were classified as cash.

Security of capital remained the Council's main investment objective. This was maintained by following the Council's counterparty policy as set out in its Strategy for 2023/24. Investments during the year included:

- Deposits with the Debt Management Office
- Deposits with other local authorities
- Investments in AAA-rated Low Volatility Net Asset Value (LVNAV) money market funds
- Call accounts and deposits with banks and building societies

4.03 **Credit Risk**

The Council assessed and monitored counterparty credit quality with reference to

credit ratings, credit default swaps, GDP of the country in which the institution operate, the country's net debt as a percentage of GDP, and share price. The minimum long-term counterparty credit rating determined by the Council for the 2023/24 treasury strategy was A-/A-/A3 across rating agencies Fitch, S&P and Moody's.

4.04 Counterparty Update

In response to an improving outlook for credit markets, in January 2024 Arlingclose moved away from its previous temporary stance of a 35-day maximum duration and increased its advised recommended maximum unsecured duration limit on all banks on its counterparty list to 100 days.

Earlier in the period, S&P revised the UK sovereign outlook to stable and upgraded Barclays Bank to A+. Moody's also revised the UK outlook to stable, Handelsbanken's outlook to negative, downgraded five local authorities, and affirmed HSBC's outlook at stable while upgrading its Baseline Credit Assessment. Fitch revised UOB's and BMO's outlooks to stable.

In the final quarter of the financial year, Fitch revised the outlook on the UK sovereign rating to stable from negative based on their assessment that the risks to the UK's public finances had decreased since its previous review in October 2022, the time of the mini- budget.

Moody's, meanwhile, upgraded the long-term ratings of German lenders Helaba, Bayern LB and LBBW on better solvency and capital positions, despite challenges from a slowing German economy and exposure to the commercial real estate sector. Moody's also upgraded or placed on review for an upgrade, Australian banks including ANZ, CBA NAB and Westpac on the back of the introduction of a new bank resolution regime.

Credit default swap prices began the financial year at elevated levels following the fallout from Silicon Valley Bank and collapse/takeover of other lenders. From then the general trend was one of falling prices and UK lenders' CDS ended the period at similar levels to those seen in early 2023. Earlier in the year some Canadian lenders saw their CDS prices rise due to concerns over a slowing domestic economy and housing market, while some German lenders were impacted by similar economic concerns and exposure to commercial real estate towards the end of the period, with LBBW remaining the most elevated.

Heightened market volatility is expected to remain a feature, at least in the near term and, credit default swap levels will be monitored for signs of ongoing credit

stress. As ever, the institutions and durations on the Council's counterparty list recommended by Arlingclose remain under constant review.

4.05 Liquidity

In keeping with the WG's Guidance on Investments, the Council maintained a sufficient level of liquidity through the use of money market funds and call accounts.

4.06 Yield

Due to the increases in the UK bank rate, the short-term money market rates have been higher than expected. The Council's budgeted investment income for the year had been prudently estimated at £1.2m, based on an average rate of 3.9%. The average investment balance was £44.3m during the period and interest earned was £2.177m, at an average interest rate of 4.87%.

4.07 Loans to NEW Homes

The loans to NEW Homes do not meet the definition of an investment and are not therefore included in the Council's investment figures. They are classed as capital expenditure.

4.08 ESG Policy

When investing in banks and funds, the Council prioritised banks and other institutions that are signatories to the UN Principles for Responsible Banking and funds operated by managers that are signatories to the UN Principles for Responsible Investment, the Net Zero Asset Managers Alliance and/or the UK Stewardship Code.

5.00 TREASURY MANAGEMENT PRUDENTIAL INDICATORS

As required by the 2021 CIPFA Treasury Management Code, the Council monitors and measures the following treasury management prudential indicators.

5.01 Liability Benchmark

This new indicator compares the Council's actual existing borrowing against a liability benchmark that has been calculated to show the lowest risk level of borrowing. The liability benchmark is an important tool to help establish whether the Council is likely to be a long-term borrower or long-term investor in the future, and so shape its strategic focus and decision making. It represents an estimate of

the cumulative amount of external borrowing the Council must hold to fund its current capital and revenue plans while keeping treasury investments at the minimum level required to manage day-to-day cash flow.

5.02 Interest Rate Exposures

This indicator is set to control the Council’s exposure to interest rate risk.

Interest rate risk indicator	31.12.23 £'000	31.03.24 £'000
Upper limit on one-year revenue impact of a 1% <u>rise</u> in interest rates	(274)	(198)
Upper limit on one-year revenue impact of a 1% <u>fall</u> in interest rates	421	344

The impact of a change in interest rates is calculated on the assumption that maturing loans and investments will be replaced at new market rates.

Fixed rate investments and borrowings are those where the rate of interest is fixed for at least 12 months, measured from the start of the financial year or the

transaction date if later. All other instruments are classed as variable rate.

5.03 Maturity structure of borrowing

This indicator is set to control the Council's exposure to refinancing risk. The upper and lower limits on the maturity structure of fixed rate borrowing will be:

	Lower	Upper	Actual as at 31.03.24
Under 12 months	0%	20%	2.63%
12 months and within 24 months	0%	20%	2.13%
24 months and within five years	0%	30%	7.29%
Five years and within 10 years	0%	50%	14.80%
10 years and above	0%	100%	73.15%

Time periods start on the first day of each financial year. The maturity date of borrowing is the earliest date on which the lender can demand repayment.

5.04 Long-term treasury management investments:

The purpose of this indicator is to control the Council's exposure to the risk of incurring losses by seeking early repayment of its investments. The prudential limits on the long-term treasury management investments will be:

Price risk indicator	2023/24 Limit	31.03.24 Actual
Limit on total principal invested beyond year end	£5m	£0m

Any long-term investments carried forward from previous years will be included in each year's limit.

5.05 Borrowing Limits

These limits are reported as part of the quarterly monitoring of the capital programme, however, they are repeated here for completeness.

	2023/24 Limit	31.03.24 Actual
Operational Boundary	£403m	£334.7m
Authorised Limit	£438m	£334.7m

6.00 COMPLIANCE

The Council can confirm that it has complied with its Prudential Indicators for 2023/24. These were approved by Council as part of the Treasury Management Strategy on 23rd February 2023.

In compliance with the requirements of the CIPFA Code of Practice this report provides members with a summary report of the treasury management activity during 2023/24. None of the Prudential Indicators have been breached and a prudent approach has been taken in relation to investment activity with priority being given to security and liquidity over yield.

The treasury function operated within the limits detailed in the Treasury Management Policy and Strategy Statement 2023/24.

7.00 OTHER ITEMS

The following were the main treasury activities during 2023/24:

- The Council's Governance and Audit Committee received a Mid-Year Report on 22nd November 2023.
- Quarterly update reports were presented to the Governance and Audit Committee.
- The 2024/25 Investment Strategy Statement was approved by Council on 20th February 2024.
- The Council's cash flow was managed on a daily basis. During the year the Council acted both as a borrower and as a lender and was a net borrower over the year in question. The maximum investments the Council had on deposit at any one time were £62.0m and the maximum long-term borrowing at any one time was £302.5m.

8.00 CONCLUSION

The treasury management function has operated within the statutory and local limits detailed in the 2023/24 Treasury Management Strategy.

The Treasury Management Policy was implemented in a pro-active manner with security and liquidity as the primary focus.

Debt Maturity Profile - March 2024

APPENDIX A NON-TREASURY INVESTMENTS

1.01 The definition of investments in the Treasury Management Code now covers all the financial assets of the Council as well as other non-financial assets which the Council holds primarily for financial return. Investments that do not meet the definition of treasury management investments (i.e. management of surplus cash) are categorised as either for service purposes (made explicitly to further service objectives) and or for commercial purposes (made primarily for financial return).

Investment Guidance issued by the Welsh Government also includes within the definition of investments all such assets held partially or wholly for financial return.

The Council has given loans to wholly owned companies for service purposes and has historical non-financial investments in property defined as Investment Properties within the Council's Statement of Accounts. The Council considers both to be non-treasury investments.

1.02 Wholly Owned Companies

The Council's investments in the form of loans to wholly owned companies contribute to its service delivery objectives and/or to promote wellbeing as follows:

- The Council has embarked on an ambitious house building programme as part of its Strategic Housing and Regeneration Programme (SHARP). Over a 5-year period 500 new homes will be built at a range of sites across the county, a mixture of new council houses and affordable homes, alongside commissioning a range of linked regeneration initiatives and community benefits.
- Affordable homes are being developed through the Council's wholly owned subsidiary North East Wales Homes Limited (NEW Homes) in partnership with the Council. Affordable homes for rent are built or purchased by NEW Homes funded by loans from the Council. New affordable homes for rent have been built in Flint, Penyffordd (Holywell), Dobshell, Bryn-y-Baal, Northop and Saltney.

The Council considers that its financial exposure to loans to wholly owned companies is proportionate and has set the limits in the table below. The Council's loan book is currently within these self-assessed limits.

Borrower	Cash Limit
Wholly owned companies	£40m
Treasury management investments meeting the definition of a loan	Unlimited

Yield (net profit)

The loans generate a small income for the Council as there is a margin of approx. 0.25% charged to NEW Homes on the Council's borrowing rate from the PWLB. The income makes a very small contribution to achieving a balanced revenue budget.

1.03 Investment Properties

The Welsh Government guidance includes an investment category covering non-financial assets held primarily or partially to generate a profit, primarily investment property. Proper accounting practice defines an investment property as those that are held solely to earn rent and / or for capital appreciation.

The Council has a portfolio of investment properties, in the form of agricultural property and industrial units. Although these are classified as investment properties, they are legacy assets, and the Council is managing down its agricultural portfolio and is reviewing its position regarding industrial units.

Fair Value of Investment Properties

	31.03.2024 £m	31.03.2023 £m	31.3.2022 £m	31.3.2021 £m	31.3.2020 £m
Fair Value Inv. Properties	29.3	29.0	27.6	25.2	25.0

Yield (net profit)

The profit generated by investment activity makes a small contribution to achieving a balanced revenue budget. The table below details the extent to which funding expenditure to meet the service delivery objectives and or promote wellbeing in the Council is dependent on achieving the expected yield over the life cycle of the Medium-Term Financial Plan.

Proportionality of Investment Properties

	2023/24 Actual £m	2024/25 Budget £m	2025/26 Budget £m
Net Revenue Budget	352.121	368.106	368.106
Net Investment income	1.71	1.67	1.67
Proportion	0.48%	0.45%	0.45%

Date of Meeting	Wednesday, 4 th December 2024
Report Subject	Annual Performance Report 2023/24 (combined with the Council Plan End of Year Performance Report 2023/4)
Cabinet Member	Leader of the Council
Report Author	Chief Executive
Type of Report	Strategic

EXECUTIVE SUMMARY

The Annual Performance Report sets out an analysis and summary of how well the Council has performed against our Well-being Objectives, Priorities and Sub-priorities at the end of the financial year 2023/24 of our Council Plan (2023-28). The Annual Performance Report also provides a summary of performance regarding other key areas of focus within the Council, i.e., Partnership and Collaboration Activity, Strategic Equality Plan.

The Council Plan (2023-28) sets out our deliverable organisational priorities and outcomes to align with the Well-being of Future Generations (Wales) Act 2015, seven well-being goals and five ways of working to create a sustainable Wales.

Performance against the Council Plan (2023-28) Well-being Objectives and Priorities was positive overall for 2023/24 with 74% of the actions and 64% of the performance measures meeting or exceeding target for the year.

RECOMMENDATIONS

1	County Council to approve the 2023/24 Annual Performance Report, combined with the Council Plan End of Year 2023/24 Performance Report, noting the performance achieved.

Welcome to Flintshire’s Annual Performance Report (APR). This document gives an overview of the performance of the Council during 2023/24 against the priorities set within our Council Plan (2023-28) and progress against our Well-being Objectives;

- Protecting people from poverty by supporting them to meet their basic needs
- Housing in Flintshire meeting the needs of our residents and supporting safer communities
- Limiting the impact of the Council’s services on the natural environment and supporting the wider communities of Flintshire to reduce their own carbon footprint
- Enabling a sustainable economic recovery and growth
- Supporting people in need to live as well as they can
- Enabling and Supporting Learning Communities

The Annual Performance Report also provides an overview of performance of the Council in relation to other key areas, including climate change and monitoring budget.

Flintshire County Council continues to pride itself on being a Council which performs highly for its local communities and one which is guided and motivated by a set of strong social values.

The past year has been another challenging year for many, especially in light of the current economic situation and the continued cost of living pressures. However, as a Council we have continued to deliver good quality services; development of sustainable housing, supporting residents of Flintshire, delivering high quality education and learning opportunities, and a continued commitment to being a green Council.

Next year we will be mid-way through of five-year Council Plan and as a Council this provides us with the perfect opportunity to review progress achieved so far against our existing priorities and Well-being Objectives and also inform planning for the Council’s future direction to support with making a positive and lasting difference.

Priority Setting

The report has amended slightly from last year’s Annual Performance Report and now includes analysis of our end of year performance in relation to the Council Plan (2023-28), whereas previously this report used to focus on performance within each Portfolio.

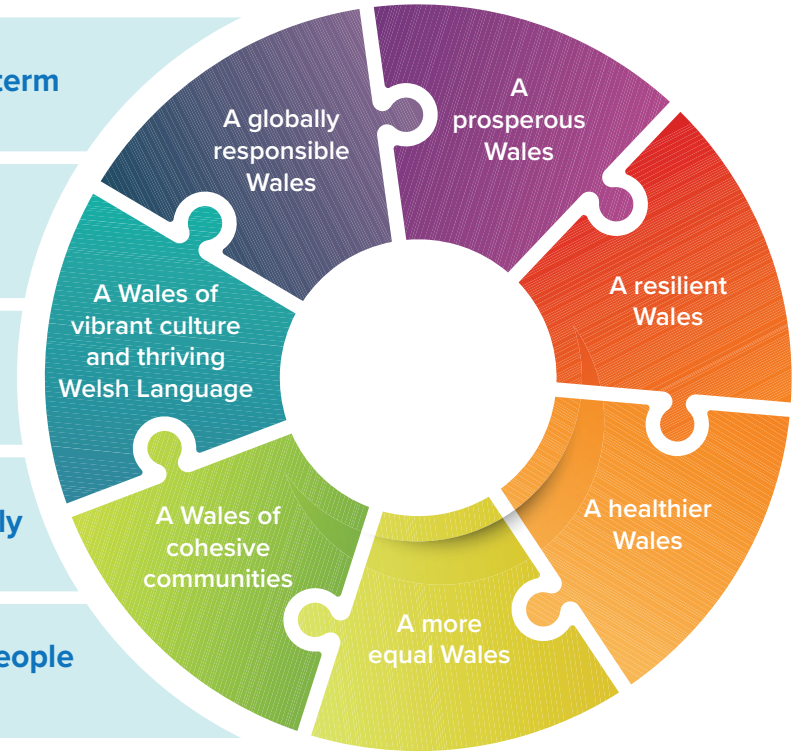

The Council Plan (2023-28) sets out the Council’s seven priorities and Well-being Objectives and what we aim to achieve. These priorities and Well-being Objectives have been chosen as the areas where the Council can add the most value and also help us to identify how we are working towards the [Well-being of Future Generations \(Wales\) Act 2015](#).

Designated public bodies are required to work individually and collectively to improve well-being in Wales. The seven well-being goals and the five ways of working (Sustainable Development Principle) set a general purpose for public bodies.

Sustainable Development (Five Ways of Working)

Seven Well-being Goals

Section 5 of the report will provide a high level overview of our performance against the Council Plan (2023-28) under the following headings.

- Priority
- Key Achievements and More
- What We Said We Will Do
- Future Improvements

Council Plan (2023-28) Summary of Performance

Overall, 2023/24 performance has been a positive start to the Council Plan (2023-28) with 74% of actions that have either met or exceeded their targets for the year, achieving a green RAG (Red, Amber, Green) status and 65% of measures also have either met or exceeded their targets, achieving green RAG status.

The Council recognises that not all outcomes (actions and measures) have been achieved, but there is a need to be mindful of the number of competing priorities as a Council we have responsibility for, and the

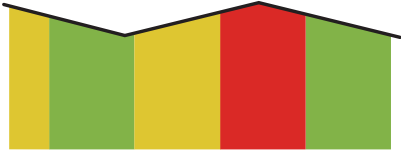

increased economic and financial constraints; however, performance and improvement remain a high priority for the Council with many positive outcomes achieved this financial year.

With the Council Plan being a five-year plan and the aim of thinking longer term (Sustainable Development Principle) there are outcomes which are continuing next year and others that will continue through the duration of the Plan. Thus, allowing performance to be analysed over a period of time.

4.1 Assessment of Our Performance

The table below provides an overview of how progress against the Council Plan (2023-28) is measured. Section 4.2 provides a high-level summary of our Portfolios and Council Plan (2023-28) performance. Please see attached Appendix 1 for a full analysis of the Council Plan (2023-28) End of Year 2023/24 Performance Report. Where it refers to a Council Plan (2023-28) objective in Section 4.2, this is referenced by a code at the end of the sentence and can be referred to within Appendix 1.

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 111

Priority:

Well-being Objective:
Protecting people from poverty by supporting them to meet their basic needs and be resilient.

Poverty

What We Said We Will Do:

- Deliver Welsh Government support schemes linked to the cost-of-living crisis.
- Maximise the number of people signposted for support to facilitate longer term change.
- Explore development of support schemes to mitigate in work poverty.
- Ensure children and young people have access to transitional play/youth activity to support succession from play opportunities into youth clubs to further support young people’s development.
- Provide free physical activity and well-being sessions within the summer School Holiday Enrichment Programme.
- Provide free access to Fit, Fed and Read sessions during summer holidays providing activities, sport, reading, crafts and meals.

- Introduce and develop a “Well Fed at Home Service”.
- Engage, support and refer vulnerable households to reduce fuel poverty and improve health and Well-being.
- Continue to provide free of charge public access to the internet at Flintshire Connects Centres.
- Support people to use digital technology through Digital Workforce Volunteers.

Assessment of our Seven Priorities and Well-being Objectives

Key Achievements and More for 2023/24

- A hardship scheme has been implemented to support Local Authority households to mitigate effects of in-work poverty by promoting Discretionary Housing Payments and budgeting advice. (CHC003T)
- The cost-of-living crisis continues to increase, impacting residents, and referrals to the Council continue to be received. Ongoing advice and support still form part of the Discretionary Housing Payments application process and advice is also provided around options for support, even if an application is unsuccessful. (CHC001T)
- Automatic payments for School Essential Grants resulted in 3085 children receiving payments, reducing the pressure on families and allowing them to order and purchase school uniforms. Automatic payments also enabled the team to prioritise new applications.
- The 2023 Fit, Fed and Read community programme took place across the county during a five-week period in July and August 2023, with a wide range of public sector partners tackling issues such as health inequalities, food poverty, literacy levels, and physical and mental well-being. 5,040 families and young people attended the 39 sessions. The scheme made a significant contribution in supporting 3,000 children to sign up to the annual Summer Reading Challenge. 110 volunteering hours were recorded by our young ambassadors. (CAU13T)
- The Youth Service continues to deliver a range of open access and targeted provision in a range of settings, including open access youth clubs, schools, forest school, community centres and street-based work. Flintshire Youth Service delivered 1928 sessions between April 23 - March 24 with 14,743 registered attendees.
- 150 Christmas dinner boxes were provided to vulnerable residents.
- The 'Well Fed at Home' service launched in April 2023 and the service is proving popular. In Quarter Four, Well Fed had over 200 customers ordering meals from the Well Fed food hubs within the community led hubs and mobile shop. Well Fed mobile shop visits 45 locations across Flintshire including schools, churches, community groups and sheltered accommodation schemes with residents purchasing 16,533 subsidised meals (CHC005T)
- 508 households were supported against a target of 200 to help reduce the risk of fuel poverty. Measure consists of work carried out on post installation work as well as energy advice, help and guidance for the general public to assist with fuel poverty and the current energy crisis in general. (CPE002T)

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 113

- 1,203 measures delivered against a target of 1,200 to increase the energy efficiency of homes. This is made up of various component parts delivered by the Domestic Energy Efficiency Project team. Included within the statistic are works carried out on private and public housing stock for renewable heating, gas central heating, loft and cavity insulation and solar photo voltaic installations (CPE001T)
- Supported by workforce volunteers, Digital Surgeries launched in March 2024. A schedule of surgeries are planned throughout 2024 in different towns across the county. (CGV007T)

Council Plan (2023-28) Objectives Off Track

- **Sub-priority - Food Poverty**
CHC006M Number of residents supported by the “Hospital to Home” meals service.

Future Improvements

- Increase campaigns to raise awareness and take-up of Free School Meals, School Essential Grants, Housing Benefit and Council Tax Reduction.
- Support community led hubs to open their own food pantries, reducing food waste from local supermarkets and increasing access to seasonal food. This will include to hold a ‘Good Food Flintshire’ event in Autumn, working corroboratively with other key agencies.
- Low subscribers to My Account by Contract Holders (tenants). Promotion will help increase awareness and Housing Officers should aim to offer digital by default whenever a new contract is issued.

Priority:

Well-being Objective:
Housing in Flintshire meeting the needs of our residents and supporting safer communities.

Affordable and Accessible Housing

What We Said We Will Do:

- Commission a wide range of housing related support that meets the needs of the people of Flintshire.
- Ensure a multi-agency partnership approach to homeless prevention and develop a culture where homelessness is “everyone’s business”.
- Develop self-service approaches that enable people to identify their own housing options through on line support.
- Create a Single Point of Access service for housing help and advice.
- Work with housing association partners to build new social housing properties and additional affordable properties.
- Ensure the Council’s housing stock maintains the current Welsh Housing Quality Standards.
- Support our tenants to access technology and create sustainable digital communities.
- Finalise the plan for the decarbonisation of Council homes in line with Welsh Government guidance to ensure their thermal efficiency is optimised and the cost of heating homes are minimised.
- Ensure increase in stock capacity meets the identified needs and demands.
- Implement the initial recommendations of the sheltered housing review to ensure that it continues to meet the needs of current and prospective tenants.
- Work with residents to ensure our communities are well managed, safe, and sustainable places to live.
- Engage with private sector tenants, giving them a voice, and responding to their needs.
- Work in partnership with landlords and private sector agents to better understand their needs.

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 115

Key Achievements and More for 2023/24

- Work continues to promote Housing Support and Homelessness services through the development of website content and active engagement with residents electronically, which for many is a preferred method of sourcing information. Additionally, officers regularly attend local activities to promote services and support offers through groups such as local Community Hubs, Children’s Services Forum and Citizen Advice Bureau frontline worker events and the Flintshire Support Network (FSN). (CHC008T)
- Community Based Accommodation Support Services Team (CBASS) received over 500 out of hours calls with 156 residents requiring attendance. The CBASS teams support residents who have a range of needs including substance misuse and mental health problems. The team work closely with Social Services and other services to support residents to stay safe and well and maintain their tenancy.
- Housing Supply Map and availability data has been included as part of the Housing Hub webpages on the Council’s website. This allows residents to be better informed about local social housing supply.
- There has been an increase in homeless households rehoused by the Council and Housing Partners through the 50% homeless nominations process.
- The Council continues to target properties that do not meet the

Standard Assessment Procedure (SAP) 65 rating through various improvement works. This includes, installation of efficient central heating systems, renewable technology (Solar Panels and Air Source Heating) and extensive external refurbishment contracts comprising of new windows, doors, loft insulation and roof coverings, the energy performance and thermal efficiency of our properties is addressed and improved. Our current average SAP rating for our entire stock is 73.5%. The Council are currently moving towards incorporating our decarbonisation measures into our investment programmes of refurbishment works to our tenanted homes. (CHC012T)

- Staff service improvement groups are working through priorities as identified through the last Survey of Tenants and Residents (STAR) to see where improvements can be made. (CHC023T)
- Work continues with regards to housing support and advice for landlords when they have issues with residents. This is positive prevention activity to avoid housing problems and risk of homelessness. Where landlords are selling properties, we now have a purchase offer and an established process in partnership with Housing Strategy and Empty Homes Teams. This is in direct response to landlords telling us they are selling up and leaving the market. (CHC029T)
- Utilised 96% of the allocated £13.3m Social Housing Grant (SHG) in 2023/24. Schemes have been prioritised for inclusion within the main Programme Development Plan. (CHC014T)

Council Plan (2023-28) Objectives Off Track

- **Sub-priority - Housing Support and Homeless Prevention**

- CHC007M** Number of presentations to the homeless service.
- CHC008M** Percentage of successful prevention outcomes for homelessness under Housing (Wales) Act 2014.
- CHC009M** Percentage of successful relief outcomes for homelessness under Housing (Wales) Act 2014.
- CHC010M** Number of households accommodated by the Council under Housing (Wales) Act 2014 homeless duties.
- CHC011M** Average length of stay (days) for those households in interim homeless accommodation under Housing (Wales) Act 2014.

- **Sub-priority - Housing Needs and Housing Options**

- CHC015M** Number of applicants rehoused via SARTH by All Housing Partners.
- CHC017M** Number of households rehoused with significant adaptations requirements.

- **Sub-priority - Social Housing**

- CHC018M** Number of Council Homes under construction.
- CHC021M** Number of Affordable Homes completed via NEW Homes.
- CHC019T** Increase the Council's housing portfolio by building social housing properties and affordable properties for North East Wales (NEW) Homes.
- CHC024T** Support our tenants to access technology and create sustainable digital communities.

Future Improvements

- Scope the potential merger of the Telecare (Social Services) and Carelink teams to create a more efficient service for both the Council and the customer.
- Undertake the STAR survey again in 2024/25 and assess response to areas identified previously for improvement, including tenants views and these are taken into account to inform service provision and delivering of services.
- Ensure the sheltered housing review continues to assess and identifies the needs of current and prospective tenants and the council implements solutions to achieve them.
- Deliver the agreed restructure of the Housing and Prevention Service increasing resources to engage with Private Sector Landlords.

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 117

Priority:

Well-being Objective:
Limiting and enhancing the impact of the Council's services on the natural environment and supporting the wider communities of Flintshire to reduce their own carbon footprint.

Green Society and Environment

What We Said We Will Do:

- Produce guidance on viable and deliverable options to mitigate the impact of phosphates from new development on Special Areas of Conservation (SAC) protected rivers.
- Work with Flintshire's leisure and culture trust partners to reduce carbon emissions.
- Develop plans towards net zero carbon for our assets in line with Welsh Government guidance.
- Review the procurement policy to reduce greenhouse gas emissions from suppliers.
- Ensure climate change and biodiversity are considered a priority in key decision making across all Council services.
- Assess the feasibility of schemes within land assets for resisting flood and drought while enhancing biodiversity and increasing carbon storage.
- Identify projects to further support climate adaptation ambitions following Welsh Government guidance.
- Reduce the environmental impact of our fleet by transitioning to ultra-low emission vehicles (ULEV).
- Deliver an increase in canopy cover as part of the Urban Tree and Woodland Plan.
- Enhance the natural environment through the delivery of the Section 6 Environment (Wales) Act 2016 biodiversity duty.
- Explore opportunities to develop the Flintshire Coast Park through the production of a scoping study.
- Support the development of public electric vehicle charging network.
- Promote active travel and further develop the County's walking and cycleway network.
- Implement formalised crossing facilities at existing school crossing patrol sites.
- Work in partnership, actively support and engage with community led groups by developing recycling initiatives.

Key Achievements and More

- The adoption of the Local Development Plan (LDP) was premised on the basis of certain allocated housing sites having to demonstrate nutrient neutrality in terms of not harming the Bala Lake and River Dee (Special Area of Conservation) through the release of phosphates from waste water treatment works into the River Alyn. Work commenced on the feasibility of developing wetlands alongside the waste water treatment works at Mold, Buckley and Hope, which would have required developer financial contributions as part of a process to have been set out in Supplementary Planning Guidance (SPG). However, the release of updated and unchanged permits for the three waste water treatment works by Natural Resources Wales and the availability of 'headroom' (difference between the level of phosphate permitted by the permit and the actual level of phosphate being released by the treatment works) evidenced by Dwr Cymru/ Welsh Water has provided a window within which to deliver LDP allocations. **(CPE044T)**
- The revised Procurement Strategy for 2024/2027, has a key theme centred around 'Climate Emergency' - ensuring procurement exercises have a reduced impact on CO2 emissions, and that our suppliers embrace our Net Zero Carbon ambitions too. **(CPE009T)**
- The Council's investment in the Fit Framework for 2024/25 and 2025/26 will see energy efficiency and renewable energy works worth £1.5 million invested in our building assets. The framework has been awarded and project work will commence post-April 2024. **(CPE010T)**
- The following strategies and plans have been reviewed and now incorporate the Council's Net Zero Carbon ambitions: Asset Management Plan, Procurement Strategy, Biodiversity Plan, Waste Strategy, and Housing Strategy and action plan.
- Over 100 standard trees planted, and over 4000 whips planted, with carbon sequestration potential of 2,972kgCO₂e.
- A working draft of the Flood Risk Management Strategy has been drafted with consultants and the next stage is to complete the draft action plan in order to carry out stakeholder consultation with Members and key stakeholders. This will then lead to a public consultation exercise on the strategy before review of comments made, sign off by the Council, and submission to Welsh Government. **(CPE012T)**
- Bee friendly status: Bee friendly status obtained in recognition of our work for pollinators, we are the fourth Local Authority in Wales to receive the status.
- Small Grants for Nature: The Council have delivered our first small community nature grant which allocated over £13,000 to small community groups and schools to support local features for nature.
- Ponds for Schools project successfully obtained funding from the Airbus Community Impact Fund to restore ponds in two schools, the projects included preparatory educational visits, pond works, and volunteering sessions with Airbus corporate staff.

Assessment of our Seven Priorities and Well-being Objectives

Key Achievements and More

- Significant natural environment enhancement through changes in estate management, tree planting and green infrastructure projects. (CPE016T)
- Assessment of over 180 Flintshire owned sites for suitability for tree planting is to become part of the Flintshire Forest.
- Successful Countryside and Greenfield Valley events programme with 7537 event participants.
- Shared Prosperity Funding secured to further progress establishing the Flintshire Coast Park. (CPE019T)
- Social media promotional and awareness content reached 54,000, which is a 10% increase of social followers.
- Active Travel schemes including; Holywell Urban Area and Flint Six Schools have been delivered as part of Safer Routes in Communities initiatives enabling pupils to walk and cycle to school safely, as well as benefitting the wider local communities.
- All civil engineering works associated with the formalised crossing facilities has been completed and will be operational in May 2024. (CST017T)
- Electric Vehicle (EV) charging feasibility study and associated Delivery Plan completed in February 2024. The aim of the study is to identify the next phase of EV charge-points within public car parks in Flintshire. (CST004T)
- The Waste Strategy Team have been actively engaging with communities in Flintshire to promote our recycling and reuse services. This has taken place with housing associations, at community group meetings and on the doorstep. A six week consultation took place with Flintshire residents and stakeholders to gain their input into developing a future Resource and Waste Strategy. Five engagement events took place in January 2024, where team members met and discussed recycling with Flintshire residents. Work has begun with Repair Café Wales to introduce more repair centres. (CST009T)
- A new Resource and Waste Strategy was adopted in March 2024 which identifies measures to maximise the amount of waste reused, recycled and composted. (CST019T)
- Service Delivery waste and recycling crews continue to visit approximately 11,624 per day and this year have maintained a successful collection rate of 99.72%.

Tudalen 119

Council Plan (2023-28) Objectives Off Track

- **Sub-priority - Net Zero Carbon Council**
 - CPE018M** Percentage of Councillors received carbon related training.
 - CPE019M** Percentage of employees received carbon related training.
 - CPE020M** Number of contracts with carbon impact assessed.
- **Sub-priority - Climate Change and Adaptation**
 - CPE024M** Increase in carbon sequestered (Kg/tCO₂e).
- **Sub-priority - Flood Risk Management Strategy**
 - CPE205M** Completion of the Flood Risk Management Strategy by the revised Welsh Government due date.
- **Sub-priority - Fleet Strategy**
 - CST013M** Number of Ultra Low Emission Vehicles on Fleet.
- **Sub-priority - Active and Sustainable Travel Options**
 - CST018T** Declassification of hazardous routes across the county where appropriate through the implementation of engineering initiatives.
 - CST016M** Number of hazardous routes declassified through the Implementation of Active Travel infrastructure to provide safe routes to schools.
- **Sub-priority - Circular Economy**
 - CST006T** Achieve Welsh Government recycling targets.
 - CST008T** Promote the option to reuse and repair unwanted items at Household Recycling Centres by partnering with local Charities or social enterprises.

Future Improvements

- The roll out of the Climate Essentials e-learn to the wider workforce was delayed to coincide with the roll out of the new Learning portal. Once this module is available it will vastly increase the number of employees and Members receiving carbon related training.
- To improve on recycling targets. In 2023/24 the Council missed the statutory recycling target for the fourth year in succession, resulting in potential infraction charges.
- Work has been underway this year to identify Flintshire Council land assets with the potential for planting schemes in order to provide natural flood mitigation, and improved biodiversity and carbon sequestration of our land. This work is nearing completion and will help to inform sites that can be considered for planting in the coming years.

Assessment of our Seven Priorities and Well-being Objectives

Priority:

Well-being Objective:
Connecting communities and enabling a sustainable economic recovery and growth.

Economy

What We Said We Will Do:

- Ensure that Economy interventions consider and meet the needs of rural businesses and individuals.
- Commission a data review for rural Flintshire and hold community consultation to better understand rural community needs.
- Monitor the health and vitality of town centres to support effective management and business investment decisions.
- Encourage and supporting investment in town centre properties specially to facilitate more sustainable uses and including improvements to the environment.
- Understand the needs of and supporting community enterprises in town centre locations.
- Libraries and leisure centres are community well-being hubs with social objectives underpinning their operation.
- Engage town centre small businesses and promote support packages available to them.
- Support small and/or local businesses to engage with public sector procurement opportunities.
- Support recovery of the County’s Street and indoor markets.
- Support growth of the local and regional food and drink business sector through marketing and collaborative projects.
- Support recovery of the tourism and hospitality sectors and rebuild confidence in the industry.
- Increase the scale and impact of the social business sector.
- Support local businesses in their efforts to reduce their carbon footprint and become more resource efficient.
- Improve digital connectivity across the County for businesses and residents.
- Make decisions at Planning Committee in line with the adopted Local Development Plan.
- Co-ordinate a multi-agency approach to support businesses to recruit people from disadvantaged groups.
- Deliver mentoring and wider support programmes to assist disadvantaged people to re-engage with the labour market.

Tudalen 121

Key Achievements and More

- All current interventions (outside of specific town centre projects) supporting individuals and businesses are targeting all of the County. **(CPE051T)**
- Discussions are underway with Wrexham University about how the needs of rural Flintshire residents can be most effectively assessed and supported. **(CPE053T)**
- The Council processed over £30m of Shared Prosperity Fund project proposals in conjunction with similar processes across the other North Wales Councils. £11m of funding was awarded to projects in Flintshire supporting businesses, supporting places and communities and improving skills and employability. The majority of projects cover all of the County including rural areas, especially those focused on the visitor economy, which will bring a disproportionate benefit to rural businesses.
- Work has continued during Quarter 4 (January - March 2024) to monitor and respond to the health, vibrancy and needs of town centres across Flintshire. This has included planning and delivering an online consultation for four towns across Flintshire, which 3,356 local people responded to, and also reviewing data related to the town centres to develop up-to-date profiles of the current strengths and focus for future improvement/ investment. The focus of the past three months has been on initiating work in four of the seven towns (Connah's Quay, Flint, Mold and Queensferry). The place making plan for Shotton has been developed and identifies 10 key themes and priorities responding to local needs. The place making plans for both Holywell and Buckley have also been commissioned and work has progressed on these also. **(CPE024T)**
- 'Save The High Street' has been engaged by the Council's Regeneration Team to deliver tailored business support for town centre businesses across the seven town centres of Flintshire, to support their growth, development and diversification through the delivery of an intensive eight week support programme. Flintshire was the first local authority in Wales to partner with 'Save The High Street' using funding secured from the Shared Prosperity Fund. 14 town centre businesses participated in the 'Save The High Street' eight week intensive programme. Due to the success of the pilot project, a further 30 businesses will benefit from this provision between April and November 2024. Excellent feedback has been received from local businesses who participated and has been featured in the local press. Work has continued to roll-out grant schemes and encourage take-up amongst local businesses as take-up has been excellent. **(CPE028T)**
- The Regeneration Team secured £1.178million from UK Government to deliver Town Centre Investment Programme across seven towns in Flintshire (Buckley, Connah's Quay, Flint, Holywell, Mold, Shotton, Queensferry) in 2023/24 and 2024/25. The programme comprises of nine projects in total - a mix of capital and revenue initiatives aimed at supporting our Flintshire's high streets. **(CPE025T)**
- During January - March 2024, 42 support sessions have been delivered by the Council's Social Enterprise Officer to social enterprises in the towns of Buckley, Connah's Quay, Mold and Shotton. These sessions have involved understanding their needs and tailoring support provided to these in addition to

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 123

Key Achievements and More

- encouraging the social enterprises to utilise the Flintshire Social Impact toolkit to calculate their overall social value. Of the organisations supported over the last three months, this has involved a total of £807,269 social value being recorded. (CPE054T)
- £466,458 secured from Welsh Government’s ‘Transforming Towns’ and UK Government’s Shared Prosperity Funding £180,000 of this total being contributed to businesses towards improving their premises. (CPE025T)
- £63,130 has been awarded to local communities to deliver activities and events in towns across Flintshire to improve footfall and the vibrancy of towns. (CPE025T)
- The development of the Flintshire Social Impact toolkit and increase of numbers of social enterprises using it, continues to demonstrate the impact of social enterprise activity in Flintshire. During this reporting period (2023/24) the 14 participating social enterprises reported the generation of a combined social value of £2,119,680.98 through the 18 activities being measured. (CPE054T)
- The Business Development Team have delivered two Net Zero workshops and in partnership with Deeside Decarbonisation Forum have delivered four network events, engaging with 271 business delegates throughout the year. (CPE033T)
- Mold Street Market continues to thrive with an average of 66 traders attending each market day and 24 new traders have been accommodated since April 2023, (including the replacement of retired stallholders). Mold Indoor Market is currently 87% occupied with interest shown in the two remaining vacant units.
- 143 business support sessions were delivered to 43 social enterprises.
- Engagement with over 90 commercial investors to support new businesses moving into Flintshire or expanding current operations.
- Fibre connectivity has improved significantly in Flintshire recently. A number of regional projects to improve connectivity are approaching delivery phase. Locally, work is underway to encourage network operators to fill gaps in mobile phone coverage and capacity. (CPE05T)
- A successful joint partnership between Communities For Work Plus, Jobcentre Plus and Careers Wales through the Jobs, Skills and Training Events group has delivered a number of successful projects throughout the year highlighting opportunities available locally. (CPE042T)
- £160,000 Brilliant Basics Fund Grant was secured to develop and improve regionally recognised trails across Flintshire and associated infrastructure.

- The Flintshire Tourism Ambassador Course was delivered in July 2023. Seventy ambassadors have completed and achieved the Bronze and Silver Award during 2023/24. (CPE032T) <https://www.ambassador.wales>

Council Plan (2023-28) Objectives Off Track

- **Sub-priority - Rural Regeneration**
 - CPE052T** Recruit a Digital Connectivity Officer to support rural communities to access better quality connectivity options.
 - CPE035M** Digital Connectivity Officer appointed.
 - CPE036M** Rural needs report completed.
- **Sub-priority - Town Centre Regeneration**
 - CPE038M** Completion of initial 3 (of 7) Place Making Plans in partnership with a range of stakeholders.
- **Sub-priority - Local Development Plan (LDP) Targets**
 - CPE039M** Completion of first LDP Annual Monitoring Report and submission to Welsh Government.
 - CPE040M** Completion of annual review of LDP housing trajectory.
 - CPE042M** Contribution to the scoping of the form and content of the North Wales Strategic Development Plan.
- **Sub-priority - Reducing Worklessness**
 - CPE043T** Deliver mentoring and wider support programmes to assist disadvantaged people to re-engage with the labour market.
 - CPE013M** Number of individuals receiving support.

Future Improvements

- The Council will be working closely with Welsh Government and communities in order to increase patronage on public transport through the delivery of education and infrastructure improvements.

Assessment of our Seven Priorities and Well-being Objectives

Priority:

Well-being Objective:
Supporting people in need to live as well as they can.

Tudalen 125

Personal and Community Well-being

What We Said We Will Do:

- Continue to grow the Microcare market, including access to commissioned care packages.
- Develop a national, regional, and local approach to Early Years Transformation so that all our children ages 0-7 have the best possible start in life and are able to reach their full potential.
- Support people to achieve their mental well-being outcomes by promoting personal and community well-being through open access courses delivered by the Learning Partnership.
- Work in partnership with the Community Mental Health Team and Social Services Mental Health Support Service to develop clear pathways for individuals needing access to Mental Health services, and a sustainable model for the future.
- Utilise the progression model as a way of promoting people's independence skills.
- Provide additional placements for step down care within our in-house provision (Croes Atti 2).
- Work with Housing to fund a small team of people to support individuals with low level Mental health problems to improve their housing.
- Plan for the relocation of Tri Ffordd supported employment project to Maes Gwern in Mold.
- Prepare for the implementation of the new Liberty Protect Safeguard procedures.
- Deliver a programme of registered Children's Homes to help avoid the need for residential placements outside Flintshire.
- Explore the recommissioning of advocacy services on a regional basis.
- Develop childcare expansion and seamless childcare provision across programmes.
- Continue to grow our in-house fostering service to support more looked after children.
- Continue to grow our in-house homecare service to support more people to live at home, utilising a rolling scheme of recruitment.
- Establish a Dementia Strategy Implementation Group, to include representation from people with lived experience.

Assessment of our Seven Priorities and Well-being Objectives

Key Achievements and More

- 46 Microcare businesses were operational at the end of March 2024. The intention is to increase this by another 10 providers over the next 12 months. (CSS014T)
- The Wellbeing and Recovery Team is now fully operational and delivering excellent outcomes. The service focusses on those residents who have housing problems, or are homeless, or at risk of homelessness and require additional support due to their mental health. The service is proving very successful and currently has a full caseload and a waiting list. The service is part funded through Social Care and Housing Support Grant and consideration will be given to increasing capacity during 2024-2025. (CSS015T)
- In order to provide additional capacity for step down care within our in-house provision, twelve step down Discharge to Recover and Assess beds have been agreed for Croes Atti Newydd (planned for completion in May 2025). This will increase the step down provision from its current level of 16 to a total of 28 across Flintshire. (CSS011T)
- The design concept for the Maes Gwern hub has evolved to incorporate areas to enable health services and therapies to be delivered at the site. This is in addition to the learning disability,

mental health, and autism support services to create an integrated social services and health hub. The construction start date to commence April 2024. (CSS002T)

- Continue to support individuals to achieve their mental well-being outcomes by promoting personal and community well being through open access courses delivered by the Learning Partnership, with 66 courses available. Courses have been well attended throughout the financial year. (CSS003T)
- The North East Wales Community Equipment service continue to deliver a level of service exceeding Welsh Government standards for equipment requests. 93% of equipment has been reused this year; this equates to £2,185,980 cost avoidance (average £42,076 a week). Without this level of re-use of equipment, the North East Wales Community Equipment Service budget would only cover 12.5 weeks of operation. (CSS006)
- Between April 2023 and March 2024, 1109 safeguarding reports for adults were received, representing a 23% increase on last year. 667 of these reports met the threshold for an enquiry under Section 126, representing a significant increase in demand, however, the Safeguarding Unit continue to prioritise safeguarding reports on an individual basis. (CSS006T)

Assessment of our Seven Priorities and Well-being Objectives

Key Achievements and More

- The children’s residential homes are now fully operational. Ty Nyth is a tri-party partnership collaboration between Flintshire County Council (FCC), Wrexham County Borough Council (WCBC) and Betsi Cadwaladr University Health Board (BCUHB), offering up to four places for children and young people aged 8-18 years. Park Avenue provides care and support; including accommodation, for up to four children and young people between the ages of 8–18 years old who are supported by Flintshire County Council. Bromfield Park and Chevrons Road offers care and support including accommodation for one young person aged 8-18 years as a solo placement or two siblings aged 8-18 years. Mesen Fach is an emergency crisis flat on the site of Ty Nyth. (CSS007T)

- (CSS008T) Foster carer recruitment has been active this year, with four new general foster carers approved and a further eight connected person carers.
- (CSS018T) Flying Start two-year-olds part time childcare expansion Phase 2 is currently being rolled out across Flintshire with an additional 23 children for 2024/25.

- The Adults Advocacy Contract has been successfully commissioned in collaboration with Wrexham County Borough Council. This has been awarded to ASNEW for Independent Professional Advocacy and Community Advocacy, and Advance Brighter Futures have been awarded Self Advocacy. (CSS016T)
- The Flintshire Dementia Strategy supports around 850 people living with dementia, and carers, receiving care and support or engaging in community activities in Flintshire.
- Throughout 2023 over thirty community events were attended to engage with Flintshire residents to drive environment initiatives and behavioural change.
- Fourteen sessions offering a range of activities and sport for young people around Flintshire are available. The Youth Services work with Community councils and sit on the contextual safeguarding meetings to ensure they are in the right areas.

Education and Skills

What We Said We Will Do:

- Support the implementation of the revised curriculum for secondary pupils in years 7 and 8.
- Continue to deliver Alternative Provision (Education) and to increase the number of young people on the programme gaining qualifications and achieving their full potential (subject to external grant funding).
- Provide bespoke support for schools through training and development to improve the level of speech language and communication skills for pupils.
- Explore and develop options for in house provision in response to the increasing number of pupils struggling to engage with education due to mental health difficulties.
- Embed the delivery plan for Integrated Youth Services by maintaining focus on digital, school and community engagement.
- Provide Duke of Edinburgh Award training opportunities for young people in Alternative Provision, schools, and community groups (subject to external grant funding).
- Schedule Council approval to progress Wales Government's Band B Sustainable Communities projects within the Learning Investment Programme.
- Continue construction of the 3-16 campus at Mynydd Isa.
- Deliver the Adult Community Learning (ACL) programme.
- Complete the annual strategic actions within the Welsh Education Strategic Plan 5-year action plan.
- Run a referral programme for children and young people with ACEs or a disability and their families to provide low cost / no cost physical activity opportunities to improve overall health and well-being.
- Embed a Whole School Approach to Emotional Health and Wellbeing in all Flintshire schools.

Key Achievements and More

- Informal Qualifications delivered by Flintshire Youth Service and eight young people were recruited for the Youth Work Young Leaders Award.
- Anti-Racism: 'Leaders of Now' is a pilot project that has seen young people from four secondary schools in Flintshire lead the way in challenging racism in their own settings.
- The model of intervention for the Community Focused Schools Team has been established and further developed to focus on transition. [\(CEY045T\)](#)
- All secondary schools in Flintshire have implemented the revised curriculum for secondary pupils in Years 7 and 8 from September 2023. Each school continues to work with their supporting improvement adviser to embed this work. [\(CEY044T\)](#)
- Over the past six months, from October 2023 to March 2024, the PlayPals project has been successfully implemented across eight schools in different areas of Flintshire.
- Substance Education by Flintshire Sorted: This was undertaken in twelve schools and PPRUs through assemblies, lunchtime walkaround sessions and input into lessons, engaging a total of 2,152 children and young people. 75 sessions also took place in the community.
- Over 70 Young People enrolled on the Bronze and Silver Duke of Edinburgh. [\(CAU019T\)](#)
- £6.23m of capital investment was injected across the school network to improve facilities for learners.
- Construction of new 3-16 campus continues and is progressing well, following the site start in November 2022 on the Argoed High School site. [\(CEY015T\)](#)
- Sixty young people successfully completed the John Muir Award through the Forest School programme.
- The Council's contribution to the Adult Community Learning Partnership continues to grow, with over 1,036 learners and 246 sessions being delivered during this reporting year. Examples of the courses that we provided include - First Aid for Parents, Pre and Post-natal Fitness, Employability Skills, Autism Awareness, Safeguarding, Social Media workshops, Food Safety qualifications. [\(CAU020T\)](#)
- Secured funding through the Shared Prosperity Fund to improve responses and support to children and young people at risk of exploitation by enabling Action for Children to deliver their SideStep Programme until December 2025.
- Welsh Language Music Club - 35 young people took part in a 4 week programme across two schools.
- 56 young people from secondary schools competed in the Eisteddfod in a variety of different competitions, including Cogurdd, Dance, Singing and Reciting.
- A review has been undertaken to consider the current provision and engage with Welsh medium settings to determine need. The findings are being collated and will be presented to the Welsh Education Strategic Plan Forum. [\(CEY054T\)](#)
- Flintshire schools are positively engaged with developing their work around the whole school approach to emotional health

- **Sub-priority - Digital Learning Opportunities**
CEY017M Number of Youth Work Sessions Delivered - Digital.
- **Sub-priority - Welsh Education Strategic Plan (WESP)**
CEY011M Number of Year 11 pupils studying Welsh.

Future Improvements

- The level of exclusion remains high across secondary schools, and this remains a targeted priority. The focus on Trauma Informed practice will continue with the aim of supporting a reduction in the need for exclusion by encouraging schools to adopt a different approach to managing serious behaviour incidents.
- There has been a 12 month gap in the position of the Welsh Language Youth Worker. The new post holder was successfully recruited at the end of 2023 and starts their position in May 2024. The sustaining of the current projects has been a success and focus will be placed on growth for 2024/25, including the Welsh language skills across the play and youth team.

Priority:

Well-being Objective:
Responsible, resourceful, and trusted Council operating efficiently as possible.

A Well Managed Council

What We Said We Will Do:

- Maintain competitive pay and reward, and terms and conditions of employment.
- Recruit sufficient permanent high quality staff with suitable qualifications and experience.
- Retain existing employees by supporting them to carry out their roles effectively, and by ensuring that our total offer for new and existing employees is competitive within the market place.
- Increase the level of Welsh Language across the organisation.
- Develop and implement an Action Plan to meet Welsh Government’s Anti-racist Wales Action Plan.
- Complete an annual self-assessment against the Welsh Language Standards and implement an action plan for improvement across all Portfolios.
- Publish the Strategic Equality Plan Annual Report to meet our statutory public sector equality duties.
- Ensure the funding needs of the Council cover the medium term are met through financial planning.
- Ensure robust processes exist for the management and recovery of debt including Council Tax and rent.
- Monitor Council Progress against the Corporate Asset Management Plan.
- Continue to provide a corporate Contact Centre for handling telephone calls to the Council.
- Provide access to Council services on the internet in a responsive way (information can be accessed using different devices).
- Work with public sector partners, develop and publish a local Well-being Plan for 2023-28 setting out the local well-being objectives and how the Public Services Board, including the Council, aims to achieve them.
- Deliver three engagement events to encourage other organisations to sign up to the Armed Forces Covenant, which contribute to Flintshire County Council being re-accredited with the Defence Employers Recognition Scheme Gold Award in 2024.

Assessment of our Seven Priorities and Well-being Objectives

Tudalen 133

Key Achievements and More

- During the year 754 positions were filled, which is positive and indicates that we are able to recruit to a large number of positions, all of which will have been assessed as meeting the essential criteria for the post (including qualifications and experience), (percentage determined after deducting those who commenced employment but left during the first 12 months (CHR004T)
- Turnover for 2023/24 was 13.55%, which means that the stability for the year was 88.69%. (CHR005T)
- A range of Welsh language courses have been accessed by a number of learners and by offering different levels/methods of learning makes it more accessible. (CHR008T)
- There have been 2,403 portal accesses to Vivup from September 2023 up until the end of February 2024. 500 self-help downloads have been recorded and 63 employees have accessed counselling. (CHR007T)
- The annual self-assessment for all Portfolios has been completed, with actions being identified and implemented. Regular reviews and reminders of Welsh Language Standards continue to be shared across the Portfolios. (CPA004M)
- The Strategic Equality Plan Annual Report was approved and published in March 2024. The action plan is now included within the Strategic Equality Plan 2024/28 which has now been published. (CPA004T)
- The Council was able to set a legal and balanced budget for 2024/25 in February 2024. Work is underway to update the Medium Term Financial Strategy for 2025/26 onwards and an update report is scheduled for June/July 2024. (CFI001T)
- The Council continues to apply robust, but fair, debt recovery processes to maximise collection levels across all areas. At the same time, the Revenues service engages constructively with residents who struggle to meet their payment obligations by entering into affordable payment plans. The approach to debt recovery is set out in the Council's Corporate Debt Recovery Policy. (CFI004T)
- The Corporate Asset Management Plan informs the Capital Programme, which is reviewed annually, and progress is monitored throughout the year. The Corporate Asset Management Plan will be refreshed 2024/25. (CPA005T)
- Work has commenced on the Office Strategy; draft principles have been prepared and further work is required to firm up principles. (CPA007T)
- The corporate Contact Centre is open Monday-Friday between 08:30 - 17:00. The team continues to handle a wide range of telephone calls for services in Housing, Streetscene, Planning, Elections and Blue Badges. In addition, the team answer calls to the Council's main telephone number. (CGV009T)
- The Digital Flintshire Hub continues to promote a range of initiatives to help people to use digital technology now and in the future. The Hub includes resources to keep people safe online, training, health and wellbeing resources, digital events and activities. The Hub also provides information about the Council's ambitious plans contained in the Digital Strategy.
- The joint Flintshire and Wrexham Public Services Board (PSB) have been working on the first year of the Well-being Plan 2023-28. Three Outcome Boards and an Integration Team have been established and partnership project working is ongoing. (CPA010T)

Council Plan (2023-28) Objectives Off Track

- Sub-priority - People

CHR001M The number of working days lost per full time equivalent (FTE) local authority employees lost due to sickness absence.

CHR003M Percentage of permanent employees who leave within first year of employment.

CHR004M Percentage of employees who have completed all of mandatory modules.

- Sub-priority - Flintshire Assets

CPA006M Commercial rent review completed: To increase rental income in line with prevailing market rents to make sure that rental income is optimised. To ensure rental consistency within estates.

CPA007M County Hall Master Plan options appraisal/strategy: To develop a plan which will provide the blueprint for the redevelopment of County Hall site.

- Sub-priority - Digital

CGV008M 80% of telephone calls to the corporate Contact Centre answered.

- Sub-priority - Partnerships

CPA009M Number of organisations who sign up to the Armed Forces Covenant.

Future Improvements

- Although the use of agency workers has increased in 2023/24, reducing the use of agency workers still remains a key priority for the Council.
- Low subscribers to My Account by Contract Holders (tenants). Promotion will help increase awareness and Housing Officers should aim to offer digital by default whenever a new contract is issued.
- We need to encourage more organisations to sign up to the Armed Forces Covenant. Two organisations signed up to the Covenant during 2023/24.

Strategic Equality Plan

Tudalen 135

During the past 12 months, the new Strategic Equality Plan, (SEP) 2024-28 has been developed and published. The new Plan includes actions from Welsh Government’s Anti-racist Wales action plan and the Lesbian, Gay, Bisexual, Transgender, Questioning, Plus (LGBTQ+) Action Plan for Wales. The Council’s Housing Team is working with Tai Pawb to develop specific actions and training to embed an anti-racist approach within the Service. A new LGBTQ+ e-learning module has been developed to support the implementation of the new SEP and meet the commitments of the LGBTQ+ Action Plan for Wales.

Vision Support reviewed the Council website to ensure it is fully accessible for people who are blind or have visual impairments. The results of their review were positive and no issues with accessibility were identified.

We have continued to work with the University of Manchester on developing a new approach for Integrated Impact Assessments (IIA). The new IIA Tool has been piloted by several officers across the Council, this takes into account recommendations made by Audit Wales in their report “Equality Impact Assessments: more than a tick box exercise”. An evaluation of the new Tool will be completed by the University during 2024/25 which will involve interviews with both IIA authors and decision makers. This will help understand how the outcomes of IIAs influence decisions made by the Council.

Welsh Language

There has been an increased number of initiatives to increase the use of Welsh by employees. In addition to providing Welsh language skills training and offering informal chat sessions. Several teams are participating in Bangor University's ARFer project which aims to increase the use of incidental Welsh amongst employees, whatever their level of skill. We have developed video recordings with phonics to support employees use more Cymraeg in meetings and on the telephone. This means that employees can hear and see words and phrases to support pronunciation.

laith, the Welsh Centre for language planning, delivered a series of courses- "Welsh Matters for Everyone" and "Welsh Matters for Managers".

The aim of these courses was to look at:

- **Influences on language use** - reflect upon personal experience and knowledge, understand changes to the status of the Welsh Language and what influences language attitudes and behaviours.
- **Why Use Welsh** - understand National Policy and legislation and the Language Standards in Flintshire
- **Facts and figures about the Welsh Language** - linguistic demography of Wales and Flintshire
- **Working Bilingually** - importance of bilingual services

We have experienced difficulties recruiting Welsh speaking job applicants, as have other public bodies. To tackle this we worked with Wrexham County Borough Council and partners, including Menter Iaith Fflint a Wrecsam, Mudiad Meithrin and Coleg Cambria, to look at solutions to attracting and recruiting more Welsh speakers to our organisations. This has involved two employees being involved in promotional videos to show how we support employees to use Welsh at work. The North Wales Regional Public Services Board also commissioned Iaith to look at issues and solutions to recruiting and retaining Welsh speaking employees. This work will be completed during 2024/25.

During 2023/24, we asked employees to complete a Welsh language attitude survey the results will be used to develop more initiatives to promote the Welsh language during 2024/25.

Partnership and Collaboration Activity

Tudalen 137

Flintshire has a longstanding and proud track record of partnership working. The communities it serves rightly expect the statutory and third sector partners to work together to manage shared priorities through collaboration. The Flintshire Public Services Board is at the heart of promoting a positive culture of working together, setting shared priorities, and combining resources for the benefit of Flintshire, with an overall aim of improving local well-being.

The Flintshire Public Services Board was formally established in April 2016 following the Well-being of Future Generations (Wales) Act 2015 coming into effect. The Flintshire Public Services Board and Wrexham Public Services Board formally merged in January 2023.

Membership of the Flintshire and Wrexham Public Services Board includes Natural Resources Wales, Betsi Cadwaladr University Health Board, North Wales Fire and Rescue Service, Flintshire County Council, Wrexham County Borough Council, Association of Voluntary Organisations Wrexham, Flintshire Local Voluntary Council, Coleg Cambria, DWP, North Wales Police, Wrexham Glyndwr University and Welsh Government.

The Flintshire and Wrexham Public Services Board is working with its communities to change how we do things, to make sure we will be able to face the challenges ahead such as the climate and nature emergency, and how we ensure good mental health and wellbeing for all.

A key focus for the Flintshire and Wrexham Public Service Board has been the development of a new five-year Well-being Plan, drawing

on the findings of the Well-being Assessments produced in 2022. The Flintshire and Wrexham Public Services Board Well-Being Plan 2023-2028 contains two well-being objectives for the Public Services Board over the coming five years:

- 1. **Building flourishing communities by reducing inequalities across environment, education, employment, income, and housing.**
- 2. **Improve community well-being by enabling people of all ages to live safe, healthy, and independent lives.**

Under these objectives are several outcomes, which fall under three themes: Children and Young People, Our Communities, and Where We Work.

The Well-being Plan 2023 - 2028 will shape the work of the Public Services Board over coming years and there will be close working with other Public Services Boards across North Wales, along with local communities.

Risk Management

All Council Plans, business as usual and emerging risks are identified, assessed, treated, and monitored using the Council's Risk Management Framework.

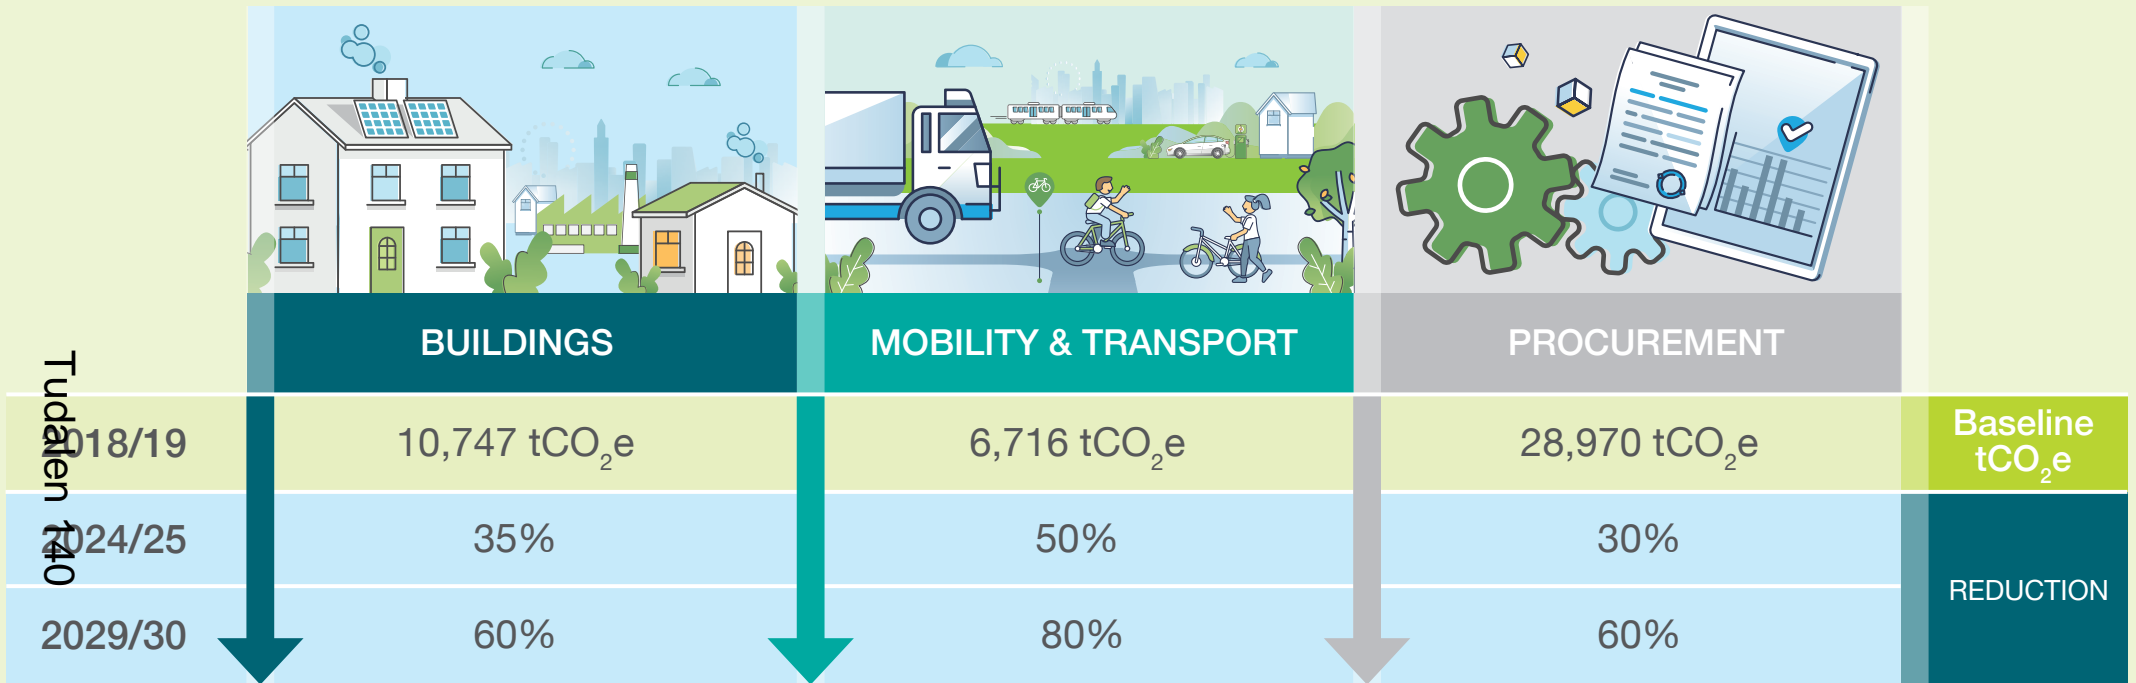

Risks are identified using qualitative (milestones & actions) and quantitative (performance indicators, financial) data. Risk identification remains a key priority for the Council.

It is a continuous process which is embedded in not only in our day to day (business as usual) but embedded within our Council Planning, Portfolio Business Planning, Project Management, and Partnerships (short term, medium term and long term).

Our Flintshire, Our Future 2023 - 2024

The budget, your Council Tax and local services

Every year councils have to set a budget which balances their resources with their spending needs. Between 2008 and 2020 all councils received reduced funding from government. As a low funded council - ranked 20 out of 22 councils in Wales - Flintshire was particularly exposed to the effects of this period of austerity.

Over the last 14 years, Flintshire County Council has reduced its spending by **£100M**. Every year it's been harder and harder to make more savings and protect services. At times hard budget choices have been needed.

Tudalen 142

Where the Council's money comes from

- Comes from the Welsh Government
- Comes from Council Tax
- Comes from the fees we charge for some services e.g. planning fees, garden waste charges, Register Office fees

Budget Monitoring 2023/24

What your Council Tax pays for

The Council Tax you pay goes up every year, but not all the money collected goes to pay for council services. It also supports 34 Town and Community Councils, the North Wales Police and Crime Commissioner and contributes to increases in funding for other regional services.

How Council Tax is shared between the Council and other public services

£125.5M is the total the Council expects to collect in Council Tax in 2023/24, of which:

- 80% is retained by the Council as a contribution to run local services
- 17% is collected on behalf of North Wales Police and the Police and Crime Commissioner
- 3% is collected on behalf of our Town and Community Councils

Flintshire County Council is committed to keeping its annual increase at 5% or less and has applied a 3.99% increase to pay for council services.

All six North Wales councils also contribute to the costs of the North Wales Fire and Rescue Authority, The North Wales Coroners Service and GWE - the Regional Education Improvement Service. Flintshire has added an extra 0.96% to cover annual increases in these contributions.

This brings the total increase of Flintshire County Council's portion of Council Tax to 4.95%.

What this means in monetary terms for Council Tax for 2023/24

Using an average Band D property example:

	2023/24	2022/23	Increased Cost	Percentage increase
Flintshire County Council	£1,521.33	£1,449.58	£71.75	4.95%
North Wales Police & Crime Commissioner	£333.09	£316.80	£16.29	5.14%
Town and Community Councils*	£51.98*	£49.02*	£2.96*	6.04%*
TOTAL COST	£1,906.40	£1,815.40	£91.00	5.01%

* average cost across all 34 Town and Community Councils, the cost on individual bills will differ from Council to Council

The Council was successful in balancing the budget for 2023/2024

What is the Annual Governance Statement?

The Accounts and Audit (Wales) Regulations 2018 require us to prepare a statement on internal control.

Like many authorities in Wales, this is referred to as the 'Annual Governance Statement'. This is a public document that reports on the extent to which we as the Council comply with our own code of governance.

In the Annual Governance Statement, we, the Council:

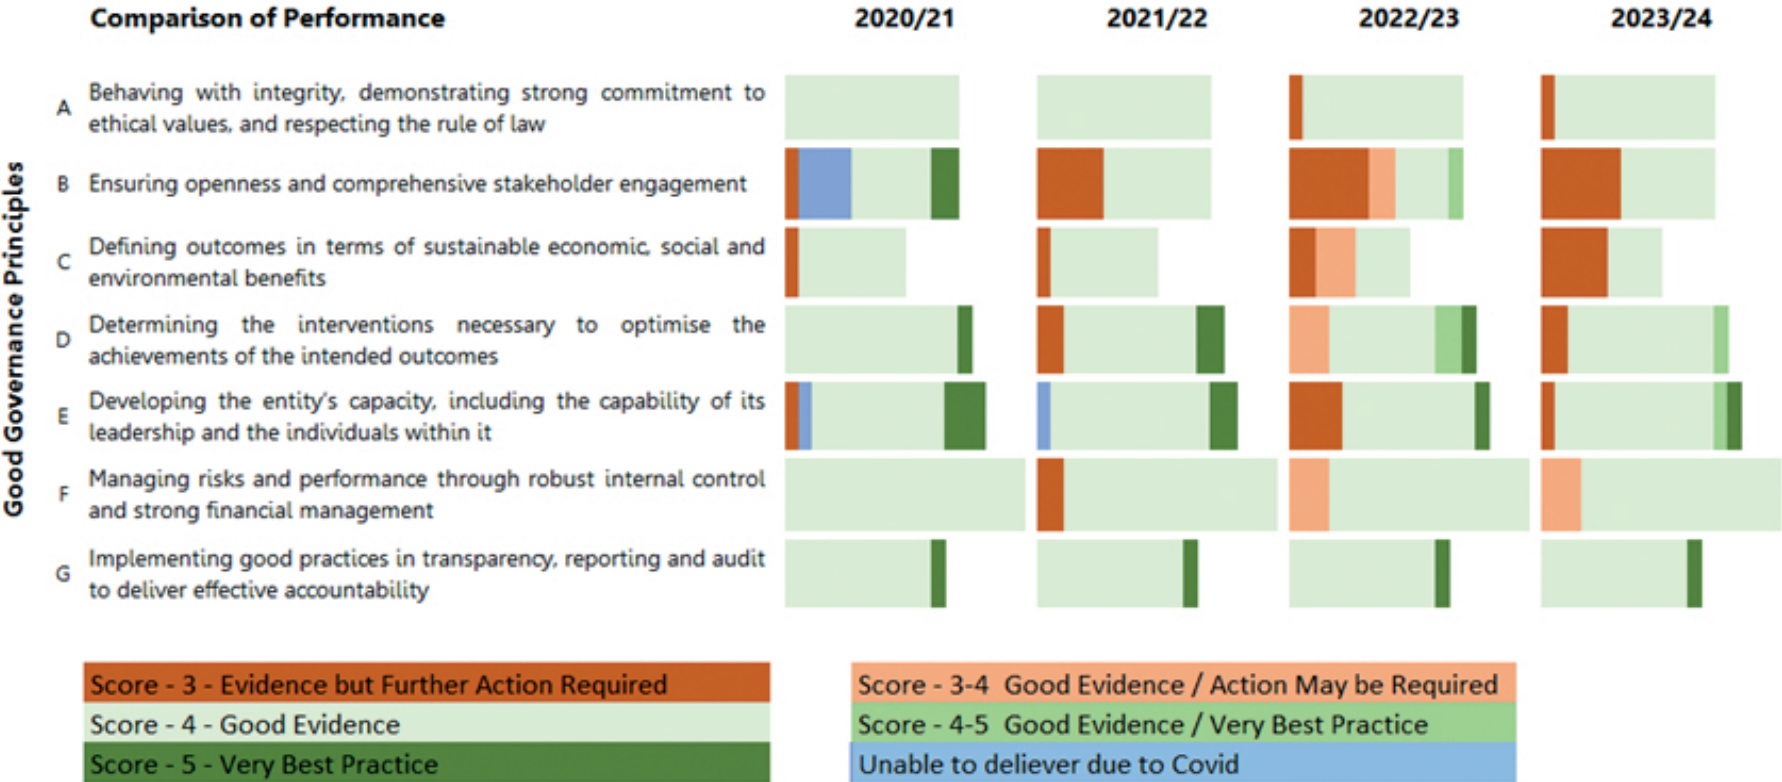

- Acknowledge our responsibility for ensuring that there is a sound system of governance;
- Summarise the key elements of that governance framework and the roles of those responsible for the development and maintenance of the governance environment;
- Describe how we have monitored and evaluated the effectiveness of our governance arrangements in year, and any planned changes in the coming period;
- Provide details of how we have responded to any issue(s) identified in last year's governance statement;
- Report on any governance issues identified from this review and provide a commitment to addressing them; and
- In referring to the Council, this includes its group relationship with other entities such as New Homes and Newydd

The Annual Governance Statement reports on the governance arrangements that has been in place at Flintshire County Council during the financial year 2023/24 and up to the date of approval of the Statement of Accounts.

Corporate Self-assessment

The Corporate Self-Assessment is a comprehensive assessment of the corporate organisation and not a detailed assessment of the performance of each service portfolio, the assessment themes are designed in this way. The Corporate Self-assessment is meant to provide a platform for assurance and self-improvement and would lead to an improvement plan for the organisation.

The Corporate Self-Assessment model focuses on a number of themes and considers a number of core questions within each of these themes. As with all models there will inevitably be overlaps across themes, however, the themes are sufficiently defined and demarked

to avoid too much overlapping or duplication. This year, the Corporate Self-Assessment also incorporates a number of additional questions and a new theme to cover areas that will be considered within the Panel Performance Assessment.

Building on the approach in 2021 the Corporate Self-assessment has a stronger focus on i) a more proportionate and targeted collection of evidence and ii) the analysis of evidence, focusing on the strengths, areas for development and the impact that is being achieved. This approach will help the formulation of the action plan.

Tudalen 146

Comparison between 2021/22, 2022/23 and 2023/24 Corporate Self Assessments

■ Score 5 - Very Best Practice (1%)
 ■ Score 4/5 (1%)
 ■ Score 4 - Good Evidence (58%)
 ■ Score 3/4 (16%)
 ■ Score 3 - Evidence but Further Action Required (19%)
 ■ Score 2/3 - Some Evidence but Lacking in Key Areas (4%)
 ■ Score 2 - Some Evidence but Lacking in Key Areas (1%)

Note: Two additional questions were added to the 22/23 Corporate Self-assessment within Theme A

Note: A total of 32 new questions and a new theme (Theme I) were added to the 23/24 Corporate Self-assessment

<input checked="" type="checkbox"/> CAU022T	Provide free access to swimming lessons (subject to WG funding), children's outdoor play areas, resources and information via library services	100%	✔	Throughout 2023/24, Aura managed the Welsh Government/Sport Wales Free Swimming Initiative (for children and young people aged 16 years and under, people aged 60 years and over, and veterans and serving Armed Forces personnel). Aura continued to inspect and maintain nearly 200 free to access outdoor children's play areas, and continued to support residents with free access to written and digital resources, together with free Wi-Fi and free public access to computers, via its library network.
<input checked="" type="checkbox"/> CAU023T	Provide free activities and sports sessions during all school holidays within communities across Flintshire (subject to external grant funding)	100%	✔	We offer a range of opportunities in a variety of venues for young people to attend. 6035 attended with 71 sessions on offer. this is reliant on Funding that we write bids for and are successful.
<input checked="" type="checkbox"/> CHC001T	Maximise the number of people signposted for support to facilitate longer term change	100%	✔	The cost-of-living crisis continues to increase, impacting residents, and referrals to the Council continue to be received. Ongoing advice and support still form part of the Discretionary Housing Payments (DHP) application process and advice is also provided around options for support, even if a DHP application is unsuccessful. It is envisaged that with the implementation of Managed Migration to Universal Credit early 2024, more residents will require access to this support.
<input checked="" type="checkbox"/> CHC002T	Ensuring that take-up to benefit entitlement is maximised in a timely way by processing claims efficiently	100%	✔	The target times for processing Housing Benefit and Council Tax Reduction Scheme new claims and change of circumstances applications have been met: 17 days for new claims and 3 days for change of circumstances. By processing claims and changes to entitlement efficiently, customers receive the correct amount of financial support when they need it, which is supporting customers to reduce income poverty.
<input checked="" type="checkbox"/> CHC003T	Maximise take up of the Discretionary Housing Payments scheme and other financial support	100%	✔	The grant for Discretionary Housing Payments (DHP) has been fully spent supporting households requiring financial support with rent payments. Additional funding via the homeless prevention funds has also provided further support for administering DHP applications for 2023/24. There has been no confirmation of additional funds for 2024/25.
<input checked="" type="checkbox"/> CHC004T	Further develop our community hub approach giving access to a range of programmes, services and agencies together in one place	90%	★	The Community Support Hub in Shotton will remain open until March 2025. The Council are working on widening the model across Flintshire in collaboration with the Health Board and other agencies that are providing support in five key areas: food, income, fuel, digital and mental health.
<input checked="" type="checkbox"/> CHC033T	Explore development of support schemes to mitigate in work poverty	100%	✔	A hardship scheme has been implemented to support Local Authority households. The Council continue to support households to mitigate effects of in-work poverty by promoting Discretionary Housing Payments (DHPs) and budgeting advice. Additionally, funding has been committed by homeless prevention funds to support DHPs.
<input checked="" type="checkbox"/> CHC034T	Deliver Welsh Government support schemes linked to the cost-of-living crisis	100%	✔	In addition to delivering Welsh Government support schemes, the Council also delivered the Energy Bills Support Scheme on behalf of UK Government. This was the final scheme linked to the cost-of-living crisis and the last payment was issued in August 2023.

The discharging team in hospitals is aware of our hospital to home initiative, where we can provide a free food parcel for all patients who are being discharged if they require one. We are also working with the care and repair team as they support discharged patients to ensure they also have the opportunity to access the service. As with any new initiative, it takes time to bed-in therefore take up has been slow. Due to this we have extended the initiative for a further 12 weeks to maximise the take up and reminded the discharge team and care and repair to encourage their patients to accept the support. We have received great feedback from the residents we have supported so far, confirming it was a relief to know they had food to eat when they arrived home and they would be happy to pay for the service if they ever needed to in the future.

<input checked="" type="checkbox"/> CHC008T Tidalen 173	Promote housing support and homeless prevention services with our residents and partners	100%	★	<p>Work continues to promote services through the development of website content and active engagement with residents electronically, which for many is a preferred method of sourcing information. Additionally, officers regularly attend local activities to promote services and support offers through groups such as local Community Hubs, Children's Services Forum and Citizen Advice Bureau frontline worker events and the Flintshire Support Network (FSN). Due to increased service demand progress against this action has been slower than intended within the last quarter.</p> <p>The Ending Homelessness Board has established a Communication and Workforce delivery group, now meeting on a regular basis. Critical friend activities have been undertaken by delivery group members to review website content available on the Council's website. Resident involvement activities are also scheduled with residents from the homeless hub to provide further feedback. Officers continue to engage with local partners to promote services and network to raise the profile of Housing Support and Homelessness and ensure Homelessness is everyone's business.</p> <p>Work continues to review and enhance the current suite of leaflets and letters linked to housing support and homelessness and the Council will seek to engage residents again for insight and ensure these resources meet their needs.</p>

The Housing Support Gateway allocation has recently received a 7.8% increase, with the Welsh Government Minister providing clear expectation that this should be used to address pay pressures in the first instance and assist commissioners in supporting providers to deliver on our broader commitment to Fair Work and the Real Living Wage.</p>
<input checked="" type="checkbox"/> CHC010T Tidalen 173	Ensure a multi-agency partnership approach to homeless prevention and develop a culture where homelessness is "everyone's business"	100%	★	<p>The Ending Homelessness Board has been established with full terms of reference and officer membership confirmed. The first meeting was held in December 2023. There is representation from across the Council with each portfolio nominating a representative to sit on the Board. The following delivery groups have now met 1) Communications and Workforce Development 2) Homeless Pressures Accommodation Supply 3) Partnerships, Processes and Protocols and adopted clear terms of reference and workplans which link to the action plan for rapid rehousing. Engagement with internal partners has been positive, however, more work on rapid rehousing is required with external partners as part of the rapid rehousing transition plan. A recent review of the Council's homelessness services by Audit Wales identified particular strengths in regard to partnership working with significant praise from partners and also in regard to the Council's collaborative nature of housing support and homelessness services, as reported to Cabinet in March 2024.</p>

<input checked="" type="checkbox"/> CHC011T	Ensure when homelessness does occur it is rare, brief and non-recurring	100%		Housing Support and Homelessness services continue to explore every opportunity to prevent homelessness and reduce escalations in housing hardships that may lead to risk of homelessness. As reported to Overview and Scrutiny Committee and Cabinet in March 2024, it is clear that a high percentage (42%) of all homeless presentations resulting in access to emergency housing were 'homeless on the day' cases. This means prevention activity within the statutory framework of 56 day prevention duties are a limited tool available to the Homeless Team. Further work is required through the partnership's protocols and problem case delivery group and the soon to be established data insight delivery group, to understand whether those households presenting on the day are known to wider partner services who could assist in identifying risk factors and assist people to access services earlier. This would support the aspiration for homelessness to rare. Barriers to achieving shorter periods of homelessness (brief) are significantly hindered through a lack of 1 bed general needs housing, however, the rapid rehousing transition plan seeks to address the issue of supply and access to suitable housing for those who experience homelessness. We continue to offer follow on support for those people who exit homelessness to ensure tenancy sustainability and reduce the likelihood of repeat occurrences of homelessness. Recent announcement by Welsh Government of a 7.8% uplift in Housing Support Grant is welcomed and will help sustain and respond to increased demand for housing support and prevention services.

<input checked="" type="checkbox"/> CHC038T	Deliver our Rapid Rehousing Transition Plan	100%		The Rapid Rehousing Transition Plan has now been submitted to Welsh Government and will be made available on the Council's website for public access and visibility in Quarter 1, 2024/5. The Ending Homelessness Board has been established and will oversee delivery of the Transition Plan. Delivery Groups have been established to take forward specific actions within the Transition Plan and report progress to the Board. The move to Rapid Rehousing is a long-term change programme. To support this, we will be recruiting a Rapid Rehousing Strategic Co-Ordinator as part of the Housing and Prevention Service restructure to support delivery and co-ordination of the Plan.

Measure	Measure Description	Actual	Target	Last Year	Performance	Performance Trend
CHC007M	Number of presentations to the homeless service	2,006.00	1,400.00	1,598.00		
<p>Presentations to the homeless service continue to be significant. Over the year a total of 2,006 presentations were made in 2023/24. Of those households who were identified as at risk of homelessness or homeless and approached the Council for support a total of 1,276 have progressed to a Homeless Assessment (Section 62 Housing (Wales) Act 2014) in the year. Those who did not progress were either offered advice and assistance, as they were not at risk of homelessness, ineligible, or further contact was not made when officers were seeking to undertake the Homeless Assessment. In the previous year, a total of 911 Section 62 Homeless Assessments were completed. This shows a 40% increase in demand for service.</p>						
CHC008M	Percentage of successful prevention outcomes for homelessness under Housing (Wales) Act 2014	61.00%	70.00%	59.25%		
<p>A total of 403 prevention outcomes have been recorded during the year. 234 of these were positive prevention outcomes where these households were supported to avoid homelessness. Those who did become homeless progressed onto other duties and were assisted accordingly by the Homeless Team under statutory duties. It is noted that fewer prevention duties have been accepted in the final quarter of the year. This highlights the challenge of operating a homeless prevention service, within current legislative framework, when high numbers of people present as homeless on the day and often fulfilling a priority need category triggering additional duties for the Council around homeless accommodation.</p>						
CHC009M	Percentage of successful relief outcomes for homelessness under Housing (Wales) Act 2014	40.00%	45.00%	44.26%		
<p>A total of 686 relief outcomes were recorded during the year. 264 of these were positive relief outcomes and these households were supported to exit homelessness. When breaking down the successful outcomes across reporting periods there were 60 positive outcomes in Quarter 1, 72 in Quarter 2, 83 in Quarter 3 and 48 in Quarter 4. This demonstrates significant challenges relating to homelessness and housing market conditions with fewer opportunities to move people on and help them exit homelessness.</p>						

Measure	Measure Description	Actual	Target	Last Year	Performance	Performance Trend
CHC010M	Number of households accommodated by the Council under Housing (Wales) Act 2014 homeless duties	282.00	150.00	184.00	<p>150</p> <p>282.00</p>	

At the end of the reporting period, there were 282 households (363 people) in interim housing. This is a significant increase over the course of the year and reflects the ongoing pressures within the homelessness system. Annual target was to sustain a similar level of households in homeless accommodation. Whilst the number of homeless households accommodated by the Council is a concern this is not unique to Flintshire. The breakdown of household types is as follows; Single Male 199, Single Female 40, Families 124, Rough sleeping figures remain low (1).

CHC011M	Average length of stay (days) for those households in interim homeless accommodation under Housing (Wales) Act 2014	202.00	130.00	95.28	<p>130</p> <p>202.00</p>	
---------	---	--------	--------	-------	--------------------------	--

Pressures on homeless accommodation continue to be significant with high numbers of households assisted with accommodation due to homelessness. There are significant barriers to move on from homeless accommodation, due to lack of available social housing (of the right types in the right places) and a difficult private rented sector. This means that people are remaining in homeless accommodation longer. The homeless cohort average stay was 151.33 days in Quarter 4. When broken down further by household type, singles and couples without children are reported as 206 day average with families reported as 177 days average. The total average days for the full year is 202 days.

CHC012M	Number of referrals received through the Housing Support Gateway	2,007.00	1,400.00	1,447.00		

The Housing Support Grant Gateway (HSG) serves as our central referral system, facilitating access to essential support services. A total of 559 referrals were recorded during Quarter 4. For the full financial year, the HSG Gateway received 2,007 referrals. Referrals have increased by 7% compared to Quarter 4 of the previous financial year. Referrals increased by 12% from the preceding quarter (Quarter 3), indicating a notable increase in demand for support services. This is in line with trends from previous years.

Significant efforts have been made to promote our support services, resulting in heightened awareness and increased referral rates. Continuous engagement in promotional and outreach activities has contributed to the continued growth in referral numbers.

A recent review of the Housing & Prevention Service website hub has recently taken place to understand user experience and accessibility. A service user feedback session was conducted to gain insights into the preferences and needs of our target audience. Emphasis was placed on understanding how users navigate the website to identify areas for improvement. Valuable feedback obtained from the session will inform strategic enhancements to the website, ensuring it remains user-centric and responsive to the needs of our stakeholders.

The HSG Gateway continues to play an important role in connecting individuals with essential support services. The significant increase in referrals is evidence of the effectiveness of our promotional efforts and ongoing initiatives. Moving forward, we remain committed to optimizing service accessibility and encouraging feedback to drive continuous improvement to better serve our community.

Housing Needs and Housing Options

Measure	Measure Description	Actual	Target	Last Year	Performance	Performance Trend
CHC013M	Number of applicants on the Common Housing Register	2,067.00	2,400.00	2,424.00		
<p>At the end of Quarter 4 there were 2,067 live applications for Social Housing. The decrease in live applications can be linked to the Housing Register Team now only being responsible for Flintshire's register providing capacity to undertake data cleansing, dealing with cancellations and suspensions in a more timely manner. However, the demand for Social Housing remains high compared to the properties that become available each year.</p>						
CHC014M	Customer satisfaction data for the Housing Register Service (%)	40.00%	40.00%	52.27%		
<p>In January all applicants were approached and invited to take part in the survey. 210 responses were received. When first approaching the Housing Register Service, 50% of applicants stated the service received was Excellent or Good. It is however noted in the following table that satisfaction drops when later asked to rate the 'Overall satisfaction with the Housing Register Service' where the response of Excellent or Good drops to 32%. This likely accounts for the fact that: 1) Residents are experiencing increased waiting times for social housing which creates general dissatisfaction with the services and assistance offered. 2) Changes being implemented to enable more digital access are yet to be fully rolled out.</p>						
CHC015M	Number of applicants rehoused via SARTH by All Housing Partners	539.00	610.00	534.00		
<p>There has been a total of 539 applicants rehoused via the Housing Register this year as follows; 62 were rehoused into Clwyd Alyn properties, Flintshire County Council 422, Grwp Cynefin 11, Wales and West 44. In Quarter 4 of this year the breakdown was as follows; Clwyd Alyn 16, Flintshire County Council 105, Grwp Cynefin 3, Wales and West 13 which totals 137 moves.</p>

CHC017M	Number of households rehoused with significant adaptations requirements	9.00	10.00	15.00		
<p>This measure seeks to highlight the work of the specialist housing panel and the rehousing of households with significant property adaptation requirements. Due to the complexity of some applicant's property need, the traditional route of the Common Housing Register and existing stock would not routinely meet the needs of this cohort of residents. The specialist housing panel therefore seeks to focus on those residents who without creative and innovative housing solutions, would fail to have their housing needs met. At the end of the reporting year there are 53 live applicants being reviewed by the specialist housing panel and 9 households have been successfully rehoused in the last 12 months. A further 6 households are under offer and awaiting works to be completed.</p>

The Christmas period and recent spells of bad weather has also created delays and impacted on the number of jobs completed in Quarter 4. Medium sized adaptations can be wide in scope and therefore, can take a range of days to complete.</p>

The adoption of the Local Development Plan (LDP) was premised on the basis of certain allocated housing sites having to demonstrate nutrient neutrality in terms of not harming the Bala Lake and River Dee Special Area of Conservation (SAC) through the release of phosphates from waste water treatment works into the River Alyn. Work commenced on the feasibility of developing wetlands alongside the waste water treatment works at Mold, Buckley and Hope, which would have required developer financial contributions as part of a process to have been set out in Supplementary Planning Guidance (SPG). However, the release of updated and unchanged permits for the three waste water treatment works by Natural Resources Wales and the availability of 'headroom' (difference between the level of phosphate permitted by the permit and the actual level of phosphate being released by the treatment works) evidenced by Dwr Cymru Welsh Water has provided a window within which to deliver LDP allocations. However, in the longer term it will be necessary to revisit mitigation measures and the production of SPG to address phosphates and river quality and this is being overseen by the Dee Nutrient Management Board.

CPE024T	Monitor the health and vitality of town centres to support effective management and business investment decisions	100%	✓	Work has continued during Quarter 4 (January - March 2024) to monitor and respond to the health, vibrancy and needs of town centres across Flintshire. This has included planning and delivering an online consultation for four towns across Flintshire, which 3,356 local people responded to, and also reviewing data related to the town centres to develop up-to-date profiles of the current strengths and focus for future improvement/ investment. This work has been undertaken as part of the on-going place making plan development work which is focusses on an individual plan being developed for seven towns across Flintshire. The focus of the past three months has been on initiating work in four of these seven towns (Connah's Quay, Flint, Mold and Queensferry). The place making plan for Shotton has been developed to final draft during the last three months (consultation on which will be undertaken in the next three months). The Shotton plan identifies 10 key themes and priorities responding to local needs. The place making plans for both Holywell and Buckley have also been commissioned and work has progressed on these also within the last three months by the place making consultant appointed by the Council's Regeneration Team (with funding secured from the UK Government's Shared Prosperity Fund). It is anticipated these two plans will be completed by July 2024 (Holywell) and October 2024 (Buckley). Data and statistics gathered to monitor the health and vitality of these towns will inform the priorities outlined in these emerging plans.
CPE025T	Encourage and support investment in town centre properties to facilitate more sustainable uses and including improvements to the environment	100%	✓	The Regeneration Team secured £1.178million from UK Government to deliver Town Centre Investment Programme across seven towns in Flintshire (Buckley, Connah's Quay, Flint, Holywell, Mold, Shotton, Queensferry) in 2023/24 and 2024/25. The programme comprises of nine projects in total –a mix of capital and revenue initiatives aimed at supporting our Flintshire's high streets. Two of the nine projects have included designing and launching two grant schemes: i) Town Centre Property Improvement Grant (capital funding) and also ii) Town Centre Activities and Events Grant (revenue funding). Uptake from local beneficiaries has been extremely positive. By March 2024, £466,458 has been invested in property improvement schemes to premises on the high streets across towns in Flintshire, including £180,000 of this total being contributed from businesses towards improving their premises. £63,130 has been awarded to local communities to deliver activities and events in towns across Flintshire to improve footfall and the vibrancy of towns. Work has also continued to secure investment from Welsh Government to invest in town centre premises/projects. £410,500 grant has been claimed for completed town centre investment projects in the last three months.

At the end of Quarter 4 we have surpassed our target for the number of individuals entering employment, learning or volunteering. Individuals have been successful in securing roles within hospitality and events, construction, logistics and production to name a few. Preparation for employment has been key throughout this year as individuals still struggle with the effects of covid on their confidence and mental health. Young people especially have benefited from a Preparation into Employment course at Flint library which has given them the confidence and skills to move closer to the labour market. Volunteering and work placement opportunities with Groundwork and FLVC have further supported clients on their pathway to gaining meaningful sustainable employment.

<input checked="" type="checkbox"/> CSS001T	Develop a national, regional and local approach to Early Years Transformation so that all our children ages 0-7 have the best possible start in life and are able to reach their full potential	100%		The work programme for 2023/24 has been completed, with some projects continuing into 2024/25. There has been significant benefit and system change due to partnership collaboration locally, regionally and nationally benefiting families. The transformation to date, and piloting and testing should support Welsh Government in making further policy decisions across the sectors and spectrum of need to ensure effective outcomes for all children and longer-term health and wellbeing outcomes. Key areas of work are being independently evaluated which will be shared with key partners and Welsh Government, to enable the work to be prioritised going forward. A draft Early Years Strategy has been completed, however, as Welsh Government notified closure of the Early Years Pathfinder funding late December, 12 months earlier than anticipated, a decision is to be made by the Flintshire Early Years Board (June 2024) and Regional Partnership (April 2024) to agree the way forward including the prioritisation of exiting projects e.g. parent and infant relationships, Brain Story and resilience. A letter has been sent to Welsh Government from the Regional Partnership and a meeting is arranged (April 2024) to discuss future plans with the Welsh Government Deputy Director for Childcare, Early Years and Play Division.

The approach to support is based on the strengths of the individual and as a result has enabled a reduction in the provision of paid support, using creative support systems, third sector and building on natural support within local communities. The Progression Service consists of the additional resource of a social worker specialising in Neurodiverse individuals aged 16-18 years. The Social Worker is working as part of a multi agency approach to ensure these young people have the support in place to focus on a future which is not dependent on agency support, promoting their independence at all levels. The Progression Service has also secured an Employability Coordinator via LD transformation service who will work across Flintshire County Council and Wrexham County Borough Council with individuals with a Learning Disability whose aim is to work in paid employment.

During this reporting period we have seen an increase in the demand for more informal, bespoke support for one or two issues as opposed to groups of people wanting to attending set courses . This is reflected in the smaller number of people being supported(CAU005M) , but a higher number of sessions being delivered (CAU006M). E.g one on one session to show people how to use applications such as WhatsApp, Video calling and streaming services. Our digital drop in sessions have been an ideal way to meet this demand.

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday 4 th December 2024
Report Subject	Review of Political Balance
Report Author	Chief Officer (Governance)

EXECUTIVE SUMMARY

The Council is required under the Political Balance Rules contained in the Local Government and Housing Act 1989 and the Local Government (Committees and Political Groups) Regulations 1990 as amended, to review the Council's political balance calculations following a number of changes to political group membership and also the membership of the Cabinet.

There are also rules under the Local Government Measure (2011) on allocation of chairs.

RECOMMENDATIONS

1	That seats on committees be allocated in accordance with political balance as shown in appendix A.
2	That any changes to nominees be notified to the Democratic Services Manager as soon as possible before the next meeting of each committee.
3	That Council decides which groups will appoint the chairs of the Overview and Scrutiny Committees
4	That Council appoints a new chair for the Constitution and Democratic Services Committee from amongst councillors who are not in any group or who are in the group without a seat on Cabinet ("non-executive groups")

REPORT DETAILS

1.00	EXPLAINING THE CALCULATION OF POLITICAL BALANCE
1.01	<p>The Council is required, as soon as practicable, after a change in the composition of political groups to recalculate political balance in accordance with the Local Government and Housing Act 1989 and the Local Government (Committees and Political Groups) Regulations 1990. Since the last calculation, a number of councillors have moved political group.</p>
1.02	<p>In addition, the composition of the Cabinet has changed and now contains members from the Independent Group. This is the first time such a change has happened part way through a year since the introduction of the Local Government Measure 2011 (“the Measure”). Ordinarily, a chair is appointed for the whole year, however, the Measure requires council to:</p> <ol style="list-style-type: none">1. reassess which groups can nominate the chair of each Overview and Scrutiny Committee (OSC) when there is a change in the groups with a seat on Cabinet (“executive groups”); and2. to appoint a new chair to the Constitution and Democratic Services Committee who is not in an executive group.
1.03	<p>The basis of the statutory requirement is that Committee seats should be allocated to political groups (so far as is practicable) in the same proportion as those groups have to the total membership of the County Council.</p> <p>The allocation of seats on Committees to the political groups must recognise that:-</p> <ol style="list-style-type: none">(i) There must be no Committees whereby only one group has all the seats;(ii) Where there is a majority group it is entitled to a majority upon every Committee. (This does not apply where the largest group does not have an overall majority);(iii) The total number of seats allocated to each political group should be (in so far as is practicable) in the same proportion as those groups’ strengths upon the full Council;(iv) Each Committee should (so far as is practicable) have the same proportional division between political groups as is represented upon the full Council.(v) where there are councillors who are not a member of any group, the council must allocate seats to them <p>Thus if a group holds 25% of the total number of Councillors it should have:</p>

	<p>1) 25% of the overall number of seats on the Council; and 2) 25% seats on each Committee.</p> <p>These rules are applied in hierarchical order, so it is more important to allocate the correct number of seats overall than it is to allocate the correct number of seats on a particular committee. This is important because groups will typically have an entitlement to seats on a committee that isn't a whole number. If every notional entitlement were to be rounded down the group would have too few seats, and conversely it would have too many if every entitlement were rounded up.</p> <p>Allocating seats on each committee is therefore a case of rounding off entitlement (up or down) to fill all the seats on each committee without giving any group too many or too few seats. Especially with the OSC's it is often the case that a group will be rounded up on some and down on others. The choice of which ones get rounded up/down gives an element of flexibility.</p> <p>NB Under the legislation these rules do not apply to either the Cabinet or the Standards Committee.</p>
1.04	<p>In addition, at Flintshire we have two non-statutory conventions that we seek to apply when allocating seats:</p> <p>1) we seek to allocate seats to those members who wish to serve on a specific committee. We therefore try to allocate seats, in so far as that is possible, to groups (or individual councillors) based on their expressed wishes. This will often influence when to round up a partial entitlement to a seat; and</p> <p>2) Whilst we allocate seats to all the groups on each of the "personnel" committees on a politically balanced basis, as these committees meet extremely rarely, we don't take those seats into account when assessing the overall allocation of seats on the principal committees. This particularly benefits the smaller group whose allocation might otherwise be reduced by seats on committees that rarely meet.</p>
1.05	<p>The political balance calculation is attached as Appendix A. This is one possible lawful allocation of seats. Due to the choices made when rounding off entitlements on each committee, other possible lawful allocations may exist.</p>
1.06	<p>As explained above, we are also required under the Measure to reassess which group appoints which OSC chair. We have not had to do this part way through a year before. Appendix A contains the entitlement of each group to appoint a chair. Council needs to decide which groups will appoint which chairs, noting that three chairs will be allocated collectively to the executive groups who will choose how they are allocated.</p>
1.07	<p>The Local Government Measure 2011 also prohibits a member from an executive group chairing the statutory democratic services committee (which we have incorporated into the Constitution and Democratic Services Committee). The previous chair is a member of an executive</p>

	group. Their replacement therefore needs to be from one of the groups without a seat on Cabinet or a member who is not in any group.

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday, 4 December 2024
Report Subject	Scrutiny Arrangements for the Corporate Joint Committee
Report Author	Chief Officer (Governance)

EXECUTIVE SUMMARY

The North Wales Corporate Joint Committee (CJC) has been established as a separate corporate body to undertake its four statutory functions across the whole of North Wales. Its work needs to be scrutinised.

Statutory guidance and existing practice points towards the six councils establishing a joint overview a scrutiny model so that there is a single, dedicated body which is immersed in the work of the CJC. This body will not displace local scrutiny of the CJC as a partner body, its work on the growth deal etc.

This report contains draft terms of reference for the proposed joint overview and scrutiny body.

RECOMMENDATIONS

1.	That Council:
A	Agrees to establish the North Wales Corporate Joint Committee Joint Overview and Scrutiny Committee (JOSC) with the Terms of Reference as set out in Appendix 1.
B	Agrees that the powers of local Scrutiny Committees provided for under The Corporate Joint Committees (General) (No. 2) (Wales) Regulations 2022 shall be retained.
C	Agrees the political balance of Flintshire County Council's nominees to the joint overview and scrutiny committee will reflect the membership of Flintshire County Council rather than the membership of all North Wales councils in aggregate, where one seat shall be reserved to a councillor who is not a member of an executive group.
D	Agrees that the secretariat for the JOSC will be provided by the CJC in accordance with the Terms of Reference.

REPORT DETAILS

1.00	EXPLAINING THE PROPOSED JOINT SCRUTINY ARRANGEMENTS
1.01	<p>The North Wales Corporate Joint Committee (the CJC) was established on 1 April 2021 and subsequently gained its functions in June 2022. Currently these functions are to:</p> <ul style="list-style-type: none"> • prepare, monitor, review and revise a regional Strategic Development Plan; • develop a Regional Transport Plan with policies for regional transport; • the power to do anything which is likely to promote economic wellbeing.
1.02	<p>It is a separate local authority body with its own functions and membership primarily drawn from the six North Wales Councils and the Eryri National Park Authority. It has statutory requirement to effectively adopt most of the generic governance arrangements of a Principal Authority including a Constitution, Governance and Audit Sub-Committee, Standards Sub-Committee and other legal requirements including Performance Reviews, Equalities and Biodiversity Policies and compliance with the Welsh language standards.</p>
1.03	<p>The need for Scrutiny of the CJC is enshrined in both the Regulations and the Statutory Guidance. An element of “scrutiny” is already in built within the form of the Governance and Audit Sub-Committee for example, but this has a specific process and performance role and is not a “Overview and Scrutiny” Committee. There is an expectation that the CJC will be subject to Scrutiny.</p>
1.04	<p>Overview and Scrutiny</p> <p>The requirement to establish Scrutiny Committees is an intrinsic part of the Executive system. However, there is no corresponding statutory requirement for a CJC to establish its own Scrutiny Sub-Committees to exercise similar functions. Indeed, the current statutory guidance (“the Guidance”) on CJC the envisages that this will be based on scrutiny by the constituent authorities:</p> <p style="text-align: center;">34. Overview and scrutiny arrangements</p> <p><i>34.1 Regulations on overview and scrutiny are proposed for spring 2022. It is envisioned that this will be based around scrutiny by the constituent councils of the CJC and not scrutiny by the CJC of its own work. This will be an important part of the democratic accountability of the CJC. As part of the council’s general approach to scrutiny any scrutiny arrangements should be undertaken in line with any published scrutiny guidance and the Democracy Handbook (when published).</i></p>

	<p><i>34.2 In considering the most effective and efficient approach to scrutiny, constituent councils and CJsCs should give thought to the benefits of a joint overview and scrutiny committee made up of the constituent councils. The clear aim and ambition however must be to create, facilitate and encourage a clear democratic link back to the constituent councils.</i></p> <p><i>34.3 As part of the regulations discussed in 34.1 it is proposed that CJC members and staff will have a duty to provide information to the scrutiny committee; attend committee meetings if requested to do so; and consider any report or recommendations made by a committee within the agreed arrangements, and which relate to the CJC.</i></p> <p>(Corporate Joint Committees: Statutory Guidance-WG 2022)</p>
1.05	<p>This is further supported by the “Statutory and Non-Statutory Guidance for Principal Councils in Wales – supporting provisions within the Local Government Act 2000, the Local Government (Wales) Measure 2011 and the Local Government and Elections (Wales) Act 2021 “June 2023 which identifies scrutiny of CJC as being one of the possible functions of a JOSCS.</p> <p>“12.10 Some instances where a joint committee might be appropriate include:</p> <ul style="list-style-type: none"> • On-going monitoring of a joint service delivery mechanism; • On-going review of a joint statutory partnership or other collaborative arrangements such as a <u>corporate joint committee</u>; • Investigating a topic that may require a regional response (for example, waste management or sustainable development); • Sharing scrutiny resources to investigate a similar topic of high interest or high importance to more than one authority (although not necessarily requiring a joint / multi-authority response). “ <p>Criteria for establishing a JOSCS</p> <p>12.11 In deciding whether or not to establish a JOSCS, the following questions should be considered:</p> <ul style="list-style-type: none"> • Does the topic involve the work of a strategic partner or partnership body whose services cover more than one local authority area? For example, a JOSCS may wish to focus upon the work of a transport provider, third sector organisation or a relevant social enterprise whose services cross authority boundaries; • Does the issue or service affect residents across more than one county area or concern a particular population’s needs? A JOSCS may wish to consider thematic topics such as climate change, fuel poverty, grass-fires or road safety; or it may wish to consider services connected to particular groups of interest such as young adults with physical disabilities, teenage mothers or vulnerable older people; • What form of JOSCS could reasonably be resourced? Undertaking effective joint scrutiny is dependent on participating councils

	<p>engaging in the building of relationships, and putting in place systems of working and administration. In order that JOSCs can provide significant added value, care must be taken to ensure that its objectives are proportionate to its resources.”</p>
	<p>The Corporate Joint Committees (General) (No. 2) (Wales) Regulations 2022 impose a duty on the CJC to co-operate with a “relevant” Scrutiny Committee and respond to any reports or recommendations prepared by the Scrutiny Committee. A “Relevant Scrutiny Committee” may be a Committee of the Constituent Authorities, or a Joint Scrutiny Committee appointed by those authorities. This means that where a scrutiny committee exercises its powers to make <u>a report to the authority or it’s executive “on matters which affect the authority’s area or the inhabitants of that area</u> “and that relates to the functions of the CJC, certain requirements stem from this.</p>
1.06	<p>The CJC must co-operate with the Relevant Scrutiny Committee and give it such reasonable assistance as it requests including.</p> <ul style="list-style-type: none"> • arranging for a member of the CJC to attend to answer questions • arranging for a member of staff of the CJC to attend to answer questions • providing information • providing documents (with provision for exempt information) • consider the report or recommendation, and • where the Scrutiny Committee formally publishes a report, the CJC must publish a statement setting out the steps it intends to take in light of the report or recommendation in exercising its functions within two months.
1.07	<p>It must be emphasised that this is not a “call in” which is separately provided for and relates to the power to stop and suspend implementation of an executive decision pending a review by Scrutiny. There may be different approaches to this in the authorities, but it is important to note that the process is one of reporting to its own authority about a matter where the CJC is involved, not the CJC per se.</p>
1.08	<p>Current Corporate Joint Committee Scrutiny across Wales</p> <p>Currently in relation to the other three Corporate Joint Committees in Wales joint scrutiny arrangements have been put in place. These are either JOSCS created and agreed with the constituent Councils or established by CJC as part of their governance arrangements. Some do pre-date the 2022 Regulations.</p>
1.09	<p>Regional vs Local Scrutiny</p> <p>The CJC is a regional body which needs to be subject to scrutiny as a whole and it doesn’t make sense for that work to be undertaken six times. Equally it has responsibility to work across the whole of North Wales. E.g. preparing the regional development plan. Again, it makes sense to scrutinise the impact and effect of such plans regionally.</p>

	<p>Some of its work is geographically localised within the area of each constituent council and so should be open to local scrutiny. The regional growth deal is perhaps the readiest example of this because, as well as regional projects, it includes specific projects in each council that will have primarily local outcomes. It makes sense for those local outcomes to be scrutinised by the relevant council. Equally council may wish to examine the impact of regional strategies in their own locality.</p> <p>The JOSOC will therefore not displace the right of local scrutiny committees to look at the work of the CJC as it effects that council's area.</p>
1.10	<p>Outline of proposed JOSOC scrutiny roles:</p> <ul style="list-style-type: none"> • To review or scrutinise decisions made, or other action taken, in connection with the discharge of any functions which are the responsibility of the CJC (not "call in"); • To make reports or recommendations to CJC respect to the discharge of any functions which are the responsibility of the CJC; • To make reports or recommendations to the CJC on matters which affect the CJC . <p>It's cycle of meetings would need to be agreed as would the support requirement and work programmes etc.</p>
1.11	<p>Membership</p> <p>It is proposed that the JOSOC would have 12 members who would not be executive members of the Constituent Councils. This results from an underlying requirement that there are an equal number of members from each of the Councils. In addition, members are appointed by each Council as far as practicable on the basis of their respective political balance, as opposed to the overall North Wales political make up of the membership. So, appointments from Conwy e.g. would be based on the political balance of Conwy and appointments from Flintshire would be based on their political balance etc.</p>
1.12	<p>The Constitution and Democratic Services Committee considered these proposals at its meeting on 6 November 2024. It was suggested, and agreed, that one of the 2 seats on the JOSOC should be reserved for a member who is not in a group which holds a seat on Cabinet (so called "executive groups"). As the CJC itself is made up exclusively of Leaders and Cabinet Members its views will presumably tend to reflect the views of the "administration" in each constituent council. It is widely recognised that scrutiny works best when it doesn't simply reflect the views of those with executive authority (though clearly those views cannot wholly be excluded), which this proposal would achieve.</p> <p>In the current circumstances of the Council, this would mean that one seat would be occupied by a councillor from the Eagle, Independent or Labour group and the other seat would be occupied by a councillor from the Liberal Democrat or True Independent group or a councillor who is not in any group.</p>
1.13	<p>Growth Deal</p>

	<p>On the 17th December 2021 ,Conwy County Borough Council, Denbighshire County Council, Flintshire County Council, Cyngor Gwynedd, Isle of Anglesey County Council, Wrexham County Borough Council (the “Constituent Councils”) ; together with Bangor and Wrexham Universities, Coleg Cambria and Group Llandrillo Menai entered into a Joint Working Agreement (“GA2) which established a Joint Committee responsible for overseeing and coordinating the discharge of the Councils’ obligations in relation to the North Wales Growth Deal and delivering the North Wales Growth Vision.</p>
1.14	<p>However, and this was anticipated in GA2 that the Growth Deal could potentially be transferred to the CJC, which is a matter specifically reserved to the Councils. The Constituent Councils resolved in their in principle decisions in 2021/22 to transfer the Growth Deal to the CJC. The overall strategic impetus to transfer stemmed from the correlation in membership between the NWEAB and the CJC and the membership of the CJC, the wish to avoid a multiplicity of regional bodies with similar functions, and the various legal and operational advantages and efficiencies of the CJC being its own corporate entity.</p>
1.15	<p>As part of GA2 a Scrutiny Protocol was adopted which provided a framework for scrutinising the work of the Economic Ambition Board (EAB). This provided for provision of regular reports and attendance by EAB officers at scrutiny. Because, unlike the CJC the EAB was subject to “call in” of its decisions there was also an agreed process to manage potential multiple call-in. In reality there has been no call-in of the EAB’s decisions. This arrangement was possible because of the narrow scope of the EAB’s functions which were limited to economic wellbeing and development and in practice involved one scrutiny committee from each Council. Scrutiny of the CJC with its range and developing range of functions needs to be considered in a different context. The proposed model of a JOSOC would in reality enable a more pro-active scrutiny approach and a closer relationship between the scrutiny function and the CJC. It should also be emphasised that the proposed model does not take away the statutory powers of the individual scrutiny committees of the constituent Councils, where appropriate, to call on the CJC to contribute and respond to a formal report or recommendations. This is reflected in the Standing Orders.</p>
1.16	<p>Standing Orders</p> <p>A proposed set of standing Orders have been prepared for the JOSOC and these would constitute the agreement to establish the JOSOC.</p>
1.17	<p>Conclusion</p> <p>The creation of the Corporate Joint Committee involves a change in terms of regional partnering from the current local authority joint committee arrangements. It can also be surmised that it’s role will see increased prominence and probably expansion of functions or tasks. It will also develop its own separate governance and management arrangements. There are therefore risks attached to assuming the current arrangements around the EAB can be transplanted into this new environment and achieve an appropriate level of challenge and scrutiny.</p>

	Scrutiny is there to provide assurance for the Constituent Authorities and the CJC itself that it is properly exercising its functions. Whichever body or bodies carry out this function they will need to have a level of understanding and information about the organisation they are scrutinising, it's work, risks and the inter-relationship with their own Councils.
1.18	The statutory guidance also needs to be borne in mind and the recommended JOSOC model. Whilst other regions have also taken the JOSOC route albeit with different models, there tends to a presumption in favour of the JOSOC.
1.19	A JOSOC would need to maintain a relationship with its constituent Councils and authorities. It would be acting as their representative body and should not be acting as a wholly stand-alone entity. It would be seen as part of its terms of reference as having a regional gatekeeping role in the future development of the CJC and its functions. This would be incorporated into its terms of reference. On specific local issues "home" scrutiny committees would still maintain the ability to scrutinise the CJC. However, it is a key area as the Guidance suggests for maintaining the democratic relationship with the home authorities. There is a risk nevertheless that this also overlooks the point that unlike traditional Joint Committees which are effectively regional Cabinets (within their terms of reference) the CJC is a separate corporation which needs to develop and maintain a relationship with its' partner Councils and organisations in a different way. Scrutiny is a key component of that arrangement and the CJC will be working closely with its Constituent Councils and other partners through other channels. That in itself highlights the need for Scrutiny to be undertaken from a position of knowledge and understanding of the organisation it is overseeing.

2.00	RESOURCE IMPLICATIONS
2.01	Neither option is a resource neutral arrangement. Officer time and capacity will need to support both the options. It can be anticipated that the JOSOC would meet about three times per annum. There would have to be liaison between the CJC staff and Scrutiny Teams to establish agenda items which would involve forward planning of scrutiny work. This would be the same for each model if we are to avoid a general up-date approach to scrutiny. The level of resource required to regularly attend all scrutiny meetings, research agenda items and work planning for each can be anticipated to be significant. A Joint Scrutiny Committee meeting remotely is unlikely to generate additional issues around members remuneration.

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	Constitution and Democratic Services Committee has been consulted as a prelude to setting the scrutiny arrangement at this meeting. It supported the proposals with the change to recommendation c as noted at paragraph 1.12 of the report.

4.00	RISK MANAGEMENT
4.01	<p>Principally the risks relate to:</p> <ul style="list-style-type: none"> a) the loss of “ownership “ of the scrutiny function b) localised scrutiny of projects that need to be seen from a regional perspective <p>These are addressed within the proposals (and the body of the report) by retaining local scrutiny alongside the regional model.</p>

(b) The title of the JOSC between the six Appointing Authorities shall be the “North Wales Corporate Joint Committee Joint Overview and Scrutiny Committee” (*The JOSC for the purpose of this document*).

3. Purpose of the Joint Scrutiny Committee (JOSC)

- The overall aim of the JOSC is to scrutinise the overall effectiveness of the North Wales Corporate Joint Committee (the CJC).
- The core functions of the JOSC are:-
 - To review or scrutinise decisions made, or other action taken, in connection with the discharge of any functions which are the responsibility of the CJC (not “call in”);
 - To make reports or recommendations to CJC respect to the discharge of any functions which are the responsibility of the CJC, to include pre-decision scrutiny;
 - To make reports or recommendations to the CJC on matters which affect the CJC.

- It's cycle of meetings would need to be agreed as would the support requirement and work programmes etc.
- d) The remit of the JOSOC includes only the activities of the CJC as a partnership and excludes scrutiny of individual partner organisations (see also para 5).

4. Intended outcome(s) of the joint overview and scrutiny committee

- a) Ensuring that the JOSOC achieves the following benefits:-
- **Effective challenge** is provided to the CJC and that it is achieving the desired aims.
 - **the focus is on outcomes for people not organisations:** shifting the perspective from inputs to delivering results;
 - **the JOSOC acting as a unifying force:** helping the appointing authorities address regional decision-making across different political, organisational and geographical boundaries;
 - **Accountability:** providing timely review in relation to the CJC's functions.
 - **Efficiency:** maximise resources;
 - **Innovation:** identifying new insights and solutions.
- (b) The Joint Scrutiny Committee will prepare an annual report on achieving on its work and outputs which will be sent to the Appointing Authorities Head of Democratic Services by no later than 31 July in any given year.

6. Elected Member Membership (Councillors)

- a) There will be an equal number of Elected Members from each appointing authority and no executive members may be on the committee.
- b) The JOSOC will comprise twelve Elected Members; that is two non-executive Elected Members from each of the Constituent Councils .
- c) Each local authority will determine and nominate its Elected committee Members in accordance with its own arrangements. The term of office of the nominated Elected Members shall be a matter for each nominating local authority, subject to a minimum planned term of one municipal year.
- d) Each Elected Member will have a key role in reporting back to their Appointing Authority on the scrutiny undertaken and the outputs.

7. Quorum

- a) A quorum of one third of Elected Members of the JOSOC will be required to enable a meeting to proceed.
- b) A quorum of one third of Elected Members of any JOSOC sub-committee will be required to enable a meeting to proceed, comprising of at least one Elected Member from each of the appointing authorities.

9. Co-opted Members

a) The JOSC may invite additional members to serve on the JOSC or sub-committee as co-opted members subject to:-□

- the appointment being approved by a majority of all the members of the JOSC
- the person co-opted to serve on the JOSC, or on a sub-committee, not being entitled to vote at any meeting of the JOSC or sub-committee on any question which falls to be decided at that meeting.
- the person not being an elected member of a local authority, whether that authority is one of the appointing authorities or otherwise.
- the membership of a person co-opted to serve on the JOSC, or on a subcommittee of such a committee, being withdrawn by a majority vote at any time by the JOSC or sub-committee.
- the number of co-opted members on the JOSC not exceeding the number of elected members that sit on the JOSC.

10. Termination / suspension of membership

- a) If an Elected Member appointed to the JOSC ceases to be a member of the Appointing Authority, then that person also immediately ceases to be a member of the JOSC.
- b) If a person appointed as a member of a JOSC is suspended from being a member or a co-opted member of one of the Appointing Authorities, that person may not serve as a member of the JOSC for the duration of the suspension.
- c) If a co-opted member appointed to the JOSC ceases to be an employee/member of the organisation he/she was appointed from, then that person immediately ceases to be a member of the JOSC.

11. Voting rights

- a) All Elected Members may vote on any question that falls to be decided at that meeting
- b) Where there is an equality of votes at a meeting of a JOSC or sub-committee, the chair has a second or casting vote.
- c) A person co-opted to serve on the JOSC or on a sub-committee is not entitled to vote at any meeting of the JOSC or sub-committee on any question which falls to be decided at that meeting (also see Co-opted Members above).

12. Sub Committees of the JOSC

- a) The JOSC can establish sub-committees in order to operate in a more streamlined and flexible manner to undertake its statutory functions.
- b) Any sub-committees appointed by the JOSC will comprise at least four Elected Members, together with any co-opted members as agreed when establishing the sub-committee. The number of co-opted members on the sub-committee must not exceed the number of elected members that sit.
- c) A sub-committee is to comprise an equal number of Elected Members of each of the appointing authorities

- d) Any report or recommendations made by a sub-committee of the JOSC is subject to approval by a resolution of the JOSC.
- e) Any sub-committee can only exercise the functions conferred upon it by the JOSC.

13. Political Balance

- a) Each Appointing Authority must ensure that, as far as practicable, the members of the JOSC reflect the balance of political groups for the time being prevailing among the members of the Appointing Authority.

14. Appointment of Chair and Vice Chair

- a) A JOSC must appoint a chair of the committee from within its Elected Member membership.
- b) A JOSC may appoint a vice-chair and this must be from within its Elected Member membership.
- c) The Chair will be appointed from within its Elected Member membership on a rotational annual basis and the allocation of the vice-chair (if appointed) will be given to the member of the Authority which is next scheduled to hold the position of Chair.
- d) Any sub-committee must appoint a chair, and may appoint a vice chair, from amongst its Elected Member membership.

15. Access to meetings and documentation etc.

- a) The JOSC, or a sub-committee, is to be treated as a committee or sub-committee of a principal council for the purposes of Part VA of the Local Government Act 1972 (access to meetings and documents of certain authorities, committees and subcommittees).

16. Meetings of the JOSC

- a) Meetings will initially be held on a quarterly basis with a schedule of meeting dates circulated and agreed at the start of each financial year. Extra meetings may be called where 50% of the Elected Members identify the need.

17. Work programme (Forward Plan)

- a) In consultation with the CJC The JOSC should agree a forward plan to identify what issues the JOSC intends to focus upon during the course of the year.
- b) The forward plan should provide a clear rationale as to the purpose of considering a particular topic, and to the methods by which it will be investigated.
- c) The JOSC must have regard to The Local Government (Wales) Measure 2011 and guidance, which places a requirement to engage with the public.
- d) The JOSC must consult the CJC on the proposed Forward Plan

FLINTSHIRE COUNTY COUNCIL

Date of Meeting	Wednesday 4 th December 2024
Report Subject	Climate Change Committee Terms of Reference
Cabinet Member	Cabinet Member for Corporate Services
Report Author	Chief Officer (Governance)

EXECUTIVE SUMMARY

Following an internal audit of Climate change, sustainability and Environment, Sustainability & Governance (ESG), an action was agreed to review the Climate Change Committee's Terms of Reference to ensure it addresses the risks identified within Member oversight and challenge of the programme.

The revised Terms of Reference were presented at the Climate Change Committee in September and were supported by the committee members.

It was also taken to the Constitution & Democratic Services Committee in November and was agreed by the committee members.

RECOMMENDATIONS

1	That the Council adopts the changes being recommended.
---	--

REPORT DETAILS

1.00	EXPLAINING THE REPORT
1.01	<p>As part of the agreed Internal Audit Plan, an internal audit of the Council's climate change, environmental sustainability and Environment, Sustainability & Governance (ESG) was undertaken.</p> <p>The purpose of the audit was to assess a number of risks related to the management of climate change, environmental sustainability and ESG within the Council. The audit provided some level of assurance, and also identified a number of areas where key controls were not generally adequate or effective.</p>
1.02	Within the audit, there was an identified area for further improvement.

	<ul style="list-style-type: none"> Lack of Member oversight and challenge – The governance and reporting framework in place is not sufficiently robust - there is a risk of lack of clarity as to the role of Climate Change Committee in relation to the programme oversight and delivery. <p>The management action agreed to address this risk finding was for the Committee's Terms of Reference to be reviewed.</p>
1.03	<p>Having reviewed the Terms of Reference (Appendix 1), there is good reference to the need for the Climate Change Committee to have oversight and challenge of the Climate Change Strategy and Action Plan as its primary function.</p> <p>Within 9.16.5 Role and Function there are two primary objectives listed.</p> <p>The first of these primary objectives details the need to <i>'assist and advise the Council on how to become a net zero carbon emitter by 2030'</i>. By way of reiteration, this wording has been extended upon to emphasise the need for the Committee's oversight of the programme progress and action plan delivery.</p>
1.04	<p>The second primary objective draws the Committee outward to <i>'consult with, and raise awareness amongst the public, business and suppliers around carbon reduction'</i>.</p> <p>This primary objective is outward focussed and must be balanced against objective 1 to ensure that the Committee is providing the level of internal Member oversight and challenge, as has been identified as the risk by Internal Audit.</p>
1.05	<p>A third primary objective is suggested to be included <i>'to work to ensure collective cross-portfolio responsibility on climate change, including advising and assisting other committees across the Council'</i>. This objective is intended to influence Members of the Committee who also sit on other Council Committees to champion and ensure climate change impacts are considered within those Committee functions also. This addition would reinforce the Member oversight and challenge risk identified by internal audit.</p>
1.06	<p>A fourth primary objective is suggested to be moved from 'roles and functions to achieve objectives' into 'Primary objectives' <i>9.16.5.4 to consider economic, environmental and social challenges and risks arising from climate change for the Council, and others</i>. Again, this is an outward focus and would need to be balanced against objective 1 to ensure sufficient scrutiny and oversight is given to the Council's own activities and performance.</p>
1.07	<p>9.16.5.6 includes reference to the Committee continuing to develop, for approval by the Cabinet, the Climate Change Strategy and Action Plan</p> <p>9.16.5.10 references the requirement to advise Cabinet on a number of aspects all related specifically to the Council's own carbon footprint.</p>

1.08	<p>The draft Terms of Reference in Appendix 1 provides adequate assurance of the responsibilities of the Committee in overseeing and challenging the Climate Change Programme.</p> <p>It is the role of the Committee members to ensure they are meeting these role and function requirements so as to provide a robust governance and reporting framework for the programme.</p>
1.09	<p>Following acceptance of the changes at the Climate Change Committee in September, the revised Terms of Reference were presented to the Constitution & Democratic Services Committee in November.</p> <p>Only one minor amendment was made by the Constitution & Democratic Services Committee to the draft: substituting 'achieve' in place of 'ensure' in paragraph 9.15.5.3.</p>
1.10	<p>It has been identified that the number of the redrafted Terms of Reference is not consistent with that of the Constitution. This will be addressed when the revised Constitution is formatted for publication.</p>

2.00	RESOURCE IMPLICATIONS
2.01	None

3.00	CONSULTATIONS REQUIRED / CARRIED OUT
3.01	<p>Advice sought from Committee services and Governance to ensure format and wording is consistent throughout the Constitution.</p> <p>Recommendations made by Climate Change Committee at the 6th September 2024 meeting.</p> <p>Acceptance of the changes by the Constitution and Democratic Services Committee at the 6th November 2024 meeting.</p>

4.00	RISK MANAGEMENT
4.01	<p>The recommendations will ensure that the Council addresses the risks identified in the internal audit report.</p> <p>Actions undertaken intend to minimise the risk of failure in the Council's ability to meet its carbon reduction ambitions.</p>

8.00	GLOSSARY OF TERMS
8.01	<p>Carbon emissions: Used interchangeably with greenhouse gas emissions; meaning emissions of carbon dioxide, methane etc from human and natural activities and sources. Wider greenhouse gas emissions are collectively calculated into a ‘carbon dioxide equivalent’ displayed as CO₂e.</p> <p>Carbon Footprint: A measurement of the council’s carbon emissions during a defined period of time, given as tonnes of carbon dioxide equivalent (tCO₂e)</p> <p>Decarbonisation – Reduction of carbon emissions that result from an activity, material or product</p> <p>Greenhouse Gas/ Carbon emissions: Emissions of carbon dioxide, methane etc from human and natural activities and sources. Wider greenhouse gas emissions are collectively calculated into a ‘carbon dioxide equivalent’ displayed as CO₂e.</p> <p>Methodology: How the collected raw data used for carbon emission calculations is managed and rated in terms of its reliability. This is governed by Welsh Government.</p> <p>Net Zero Carbon: Emissions of greenhouse gases are balanced by the removal of greenhouse gases from the atmosphere such as by trees, peatland and carbon capture and storage technologies.</p>

9.16 THE CLIMATE CHANGE COMMITTEE

Composition

9.16.1 Membership

The Climate Change Committee is composed of 12 Members.
The Climate Change Committee is subject to the rules of political balance in the Local Government and Housing Act 1989.

9.16.2 Term of Office

It is important that members of the Committee are able to build up expertise and so there should be continuity of membership for a whole council term in so far as is possible.

9.16.3 Quorum

A meeting of the Climate Change Committee shall only be quorate when at least one third of the committee's members are attending the meeting.

9.16.4 Chairing the Committee

9.16.4.1 The Full Council will appoint the Chair of the Climate Change Committee at the Annual Meeting. The Climate Change Committee will elect its own vice chair.

9.16.4.2 The Chair and Vice Chair will serve from the first meeting after the Annual Meeting of Council (or the first meeting at which they were elected if later) until the end of the municipal year or until the member ceases to be a member of the committee or ceases to be a councillor (for whatever reason).

9.16.5 Role and Function

The primary objectives of the Climate Change Committee are to:

9.16.5.1 assist and advise the Council on how to become a net zero carbon emitter by December 2030 by overseeing the delivery of the Climate Change strategy and action plan;

9.16.5.2 consult with, and raise awareness amongst, the public, business and suppliers on steps that can be taken to reduce carbon emissions;

9.16.5.3 work to achieve collective cross-portfolio responsibility on climate change, including advising and assisting other committees across the Council;

9.16.5.4 To consider the economic, environmental and social challenges/risks arising from climate change for businesses, residents, suppliers and the Council;

It will have the following roles and functions to help the Council achieve those objectives:

9.16.5.5 To gather information on and model annual Council greenhouse gas emissions;

~~9.16.5.4 To consider the economic, environmental and social challenges/risks arising from climate change for businesses, residents, suppliers and the Council;~~

9.16.5.6 Reviewing, leading on and commenting on the Council Plan's Green Theme priorities and complementary priorities within other themes of the Council Plan;

9.16.5.7 To continue to develop, for approval by the Cabinet, the Climate Change Strategy and Action Plan with the aim of reducing the Council's net greenhouse gas emissions, the implementation of which it will continue to oversee;

9.16.5.8 To promote and support the use of renewable energy opportunities across the Council's estate and wider communities;

9.16.5.9 To support and promote Welsh Government's strategy to create a sustainable, circular economy in Flintshire;

9.16.5.10 To encourage local businesses in their efforts to reduce their carbon footprint and become more resource efficient.

9.16.5.11 To advise the Cabinet on:

9.16.5.12 steps it can take to limit the impact of the Council's services on the natural environment and supporting the wider communities of Flintshire to reduce their own carbon footprint;

9.16.5.13 the use, good management and protection of the Council's green spaces to deliver multiple benefits to the environment and its residents and visitors;

9.16.5.14 how to reduce the environmental impact of the Council's fleet by maximising the use of sustainable forms of transport;

9.16.5.15 how to ensure that the Council's retained housing stock meets the Welsh Housing Quality Standard developing plans for the de-carbonisation of council homes;

9.16.5.16 how to ensure that the Council's non-residential buildings and land supports and contributes to the Council's net zero carbon agenda and supports the aims and objectives within the Council's Climate Change Strategy

9.16.5.17 To review and make recommendations on procurement policy and practice to reduce greenhouse gas emissions from our suppliers;

9.16.5.18 To recommend to Council a policy for sustainable and long term energy usage in its capital projects;

9.16.5.19 To advise any other Committee on matters within the remit which might affect achievement of the aims within the Climate Change Strategy and Action Plan

9.16.6 Scope and Resources

9.16.6.1 The Climate Change Committee cannot make decisions which affect the Council's Budget or Policy Framework, but it may make recommendations to Cabinet for investment as part of the cycle for preparing the Medium Term Financial Strategy and/or Capital Programme

9.16.7 Work Programme

9.16.7.1 The Committee will prepare a forward work programme which will be reviewed and approved at each Committee meeting.

9.16.8 Rules of Procedure and Debate

9.16.8.1 The Council Procedure Rules at Section 4.10 of the Model Welsh Constitution will apply to the meetings of the Climate Change Committee Members.

Making Schools Accessible to All

Flintshire County Council Notes:

1. that the current school transport eligibility policy leaves some learners unable to access their school, and leaves some communities divided;
2. the public questions tabled to Flintshire County Council on this issue;
3. the cabinet member's response to those questions;
4. that this matter has also been raised at the education, youth and culture overview and scrutiny committee;
5. the financial constraints that the council operates under, and
6. the petition calling on the council to adopt a fairer policy.

Flintshire County Council Believes:

1. that it is reasonable for the council to review its policies from time to time, and that it is appropriate to review this policy;
2. that the current policy, while well intentioned, is not necessarily the optimal position for the council to take, and
3. that the council should, in principle, offer as wide an eligibility criteria as possible.

Flintshire County Council Resolves:

1. to commission a review of the existing policy by the education, youth and culture overview and scrutiny committee;
2. that that review shall consider the options of (a) leaving the policy unchanged, (b) moving to a policy of eligibility based on potentially overlapping geographic areas, taking into account which high schools serve as hubs for which primary schools and ending the division of communities, (c) a policy retains the existing rules as a core group entitled to free transport, and as a second group entitles learners who have no safe route to any high school to a free school transport place to any school, where this does not require additional transport to be commissioned, with excess places after the core group have been awarded places offered to the second group on a first come, first served basis, and (d) any other option that the committee may wish;
3. that as part of this exercise, the public should be invited to submit their views;
4. that the committee should rank the options in the above paragraph in order of preference and report back to this council, and
5. that this report should be received no later than the 30th June 2025.

Notice of Motion submitted by Councillor Gina Maddison

North Wales Police and the events wc 29th July

I had hoped to bring this NOM in respect of North Wales Police to the September meeting, but illness prevented it. However, in some ways, it does seem appropriate as we approach Christmas, when many of us think on those we have lost, who have spent Christmas with us in the past. The empty place at the table on Christmas Day. Christmas Day, a time of loneliness and isolation for many. And also as we approach the New Year, and reflect on the events of the year that has passed.

Referencing the events of 29th July 2024 in Southport, I know that the hearts and thoughts of all present are always with the families of:

Alice da Silva Aguiar, aged 9. One of her schoolteachers, who has recently given birth, has called her daughter Alice, in remembrance.

Elsie Dot Stancome, aged 7. So nicknamed "Because Mummy says I'm just a little dot."

Bebe King, aged 6. Described by her family as full of light, joy and love.

Dropping the children, the grandchildren, the nieces and nephews, the children of friends and neighbours, off at the summer playscheme, the dance class, is something we have all done, in the confident expectation that they would have a safe and enjoyable time. Never dreaming that tragedy would burst in.

I visited a Food and Fun session at a local school that week, to find a police car outside the school. A police officer told me, "We're driving round to check them all."

In the terrible week of rioting that followed, some 110 police officers and police dogs and horses were injured. We have all seen the awful scenes in which they were attacked, as items such as fireworks, bricks and bins were hurled at them. Particularly heartbreaking for me, a former children's librarian, was the burning down of a children's library in Liverpool.

Over 40,000 officer shifts were worked during this week, and 6,600 public order officers deployed on one day alone. All leave and rest days were cancelled, and additional hours worked.

Merseyside Police sent out a call to Cheshire, Greater Manchester, North Wales and Lancashire Police for assistance.

This NOM is to thank North Wales Police who answered the call, to provide mutual aid and support. Their presence also enabled a peaceful week in North Wales, amidst rumours of planned riots.

I would be grateful if you can all support me in this notion, that we ask our CEO and our Leader, at the turn of the year, to write a formal letter of thanks to NWP, on behalf of officers and members, for their actions during this terrible time.

Questions deferred from County Council meeting held on 24th October, 2024

(1) Submitted by Councillor Sam Swash

Question to the Leader of the Council

Will the Leader of the Council commit publicly that his administration will not close and libraries or leisure centres during his term as Leader?

(2) Submitted by Councillor David Coggins Cogan

Question to the Cabinet Member for Streetscene and Transportation

How much did the Council spend on acquiring the vehicles previously supplied by Go Fleet; and why has that cost not been revealed to Members before?

(3) Submitted by Councillor David Coggins Cogan

Question to the Cabinet Member for Streetscene and Transportation:

On 16th July this year, during the Environment and Economy scrutiny debate on reduced black bin collections, you said 'It's proven to be very, very unpopular with the residents. We're here to fight against this for the residents of Flintshire...'. Are you going to honour that pledge to fight for residents by announcing the abandonment of three-weekly bin collections?

(4) Submitted by Councillor David Coggins Cogan

Question to the Cabinet Member for the Economy, Environment, and Climate:

Can the Cabinet Member confirm the amount of money sent to the North Wales Corporate Joint Committee since its inception in April 2021

(5) Submitted by Councillor Sam Swash

Question to the Leader of the Council

At the last meeting of Full Council, the Leader of the Council made the claim that this Council is "staring down the barrel" of bankruptcy. Does the Leader of the Council still hold this belief, and if so, does he have a plan to stop it?

(6) Submitted by Councillor Alasdair Ibbotson

Question to the Cabinet Member for Streetscene & Transportation

On July 23rd this year, the now Cabinet Member for Streetscene & Transportation, posting on his Facebook page in relation to the decision to reduce bin collections, stated: "Cabinet have today decided to ride roughshod over the democratic process. Flintshire Welsh Labour are clearly not listening to residents or indeed their own communities." In light of that, will the Cabinet Member for Streetscene & Transportation commit to listening to residents and communities and reverse the decision to reduce bin collections, a decision which now sits within his own portfolio?

Questions received since the County Council meeting held on 24th October, 2024

Submitted by Councillor David Coggins-Cogan

Questions to the Leader of the Council

(7) The recent Special Meeting on the issue of the County's libraries, leisure, and play facilities was debated because an opposition party brought it before Full Council. Seemingly, the Labour, Independent, and Eagle Cabinet had no intention of discussing this matter before Full Council. With that in mind, do you think it was courteous or wise to deliberately withhold the four-day closure from Members?

(8) Since an uninvited guest managed to join a Council meeting, Zoom invitations have been guarded and those who are attending virtually are always verified and introduced to the meeting. Recently, for instance, the Monitoring Officer announced and introduced the officers from Audit Wales to OSC meetings as courtesy to the officers and Members. At the Special Meeting to discuss Aura, the successful employee-owned not-for-profit company, two lawyers were attending the meeting were not introduced or even mentioned until their presence was directly questioned. Was it courteous or wise to withhold their identities from Members?

Question to the Cabinet Member with responsibility for Leisure

(9) Which organisation has been conducting the health and safety checks of the facilities formerly under the control of Aura, the successful employee-owned not-for-profit company, and confirm is this is the same organisation since 2017?

Submitted by Councillor Andrew Parkhurst

Flintshire Libraries and Leisure

Would the Cabinet Member for Education, Welsh Language, Culture and Leisure please advise:

(10) how much income was lost by not collecting Direct Debit payments in November, and

(11) whether she is now in a position to let Members have a copy of the Flintshire Libraries and Leisure Business Plan?

Potholes

Would the Cabinet Member for Streetscene and Transportation please advise:

(12) how much the JCB Pot-Hole Pro machine cost?

(13) how many hours per day is it, on average, in operation?

(14) how many potholes it has repaired since it was acquired in April?

(15) whether any North Wales Senedd members were given the opportunity to join the photoshoot alongside Chief Officer Katie Wilby and yourself that appeared in Deeside.com on 28th October other than Labour's Carolyn Thomas?

Threatened Legal Action by Thurrock Council

Would the Cabinet Member for Corporate Services please advise:

(16) on what date did Flintshire County Council first become aware of the possibility of a legal claim from Thurrock Council bearing in mind it has been confirmed that “Thurrock have been corresponding with APSE for some time”?

(17) what would the financial cost be to Flintshire County Council (FCC) in the worst case scenario?

(18) why is APSE, in which FCC has part ownership, not incorporated with limited liability?

(19) in view of the potential for unlimited liability why has the financial exposure and risk not been previously declared to members?

(20) in what other organisations does FCC have part or whole ownership without a limitation on its liability?

(21) if an article had not appeared in Deeside.com would members have been advised of the potential for this financial loss?
