EXECUTIVE SUMMARY

The Council Plan 2018/19 was adopted by the Council in June 2018. This report presents a summary of the monitoring of progress for the Year-end (January – March 2019) position of 2018/19 for the Council Plan priority 'Green Council' relevant to the Environment Overview & Scrutiny Committee.

Flintshire is a high performing Council as evidenced in previous Council Plan monitoring reports as well as in the Council's Annual Performance Reports.

RECOMMENDATIONS

1	That the Committee consider the Year-end Council Plan Monitoring Report 2018/19 to monitor under performance and request further information as appropriate.

REPORT DETAILS

1.00	EXPLAINING THE COUNCIL PLAN 2018/19 MONITORING REPORT
1.01	The Council Plan monitoring reports give an explanation of the progress being made toward the delivery of the impacts set out in the 2018/19 Council Plan. The narrative is supported by performance indicators and / or milestones which evidence achievement. In addition, there is an assessment of the strategic risks and the level to which they are being controlled.
1.02	This is an exception based report and detail therefore focuses on the areas of under-performance.
1.03	<p>Monitoring our Activities</p> <p>Each of the sub-priorities have high level activities which are monitored over time. 'Progress' monitors progress against scheduled activity and has been categorised as follows: -</p> <ul style="list-style-type: none"> • RED: Limited Progress – delay in scheduled activity; not on track • AMBER: Satisfactory Progress – some delay in scheduled activity, but broadly on track • GREEN: Good Progress – activities completed on schedule, on track <p>A RAG status is also given as an assessment of our level of confidence at this point in time in achieving the 'outcome(s)' for each sub-priority. Outcome has been categorised as: -</p> <ul style="list-style-type: none"> • RED: Low – lower level of confidence in the achievement of the outcome(s) • AMBER: Medium – uncertain level of confidence in the achievement of the outcome(s) • GREEN: High – full confidence in the achievement of the outcome(s)
1.04	<p>Monitoring our Performance</p> <p>Analysis of performance against the Improvement Plan performance indicators is undertaken using the RAG (Red, Amber Green) status. This is defined as follows: -</p> <ul style="list-style-type: none"> • RED equates to a position of under-performance against target. • AMBER equates to a mid-position where improvement may have been made but performance has missed the target. • GREEN equates to a position of positive performance against target.
1.05	There are no performance indicators (PI) showing a red RAG status for current performance against target, relevant to the Environment Overview & Scrutiny Committee.
1.06	<p>The major (red) risk identified for the Environment Overview & Scrutiny Committee is: -</p> <p>Priority: Green Council Risk: Funding will not be secured for priority flood alleviation schemes.</p>

	<p>Since 7th January 2019, the Council has a new statutory duty as a Sustainable Drainage Approving Body (SAB). This has placed significant resource demands on the relatively small Flood and Coastal Risk Management Team to implement, resource and fund this new statutory role. In the short-term (1-2 years) the impacts of developing this new service will lessen the ability of the Team to delivery non-statutory flood alleviation schemes. Welsh Government provided the Council with £20,000 to mitigate the impacts of this new responsibility. As the Council reviews the implications of its new role as a SAB, no major schemes will be programmed to be put forward to Welsh Government's 'national pipeline of projects' for delivery in 2019/20. However, additional funding for smaller more affordable local works that can be delivered through Welsh Government's small scale scheme grant will continue to be pursued.</p>

7.04	CAMMS – An explanation of the report headings																																													
	<p>Actions</p> <p><u>Action</u> – Each sub-priority have high level activities attached to them to help achieve the outcomes of the sub-priority.</p> <p><u>Lead Officer</u> – The person responsible for updating the data on the action.</p> <p><u>Status</u> – This will either be ‘In progress’ if the action has a start and finish date or ‘Ongoing’ if it is an action that is longer term than the reporting year.</p> <p><u>Start date</u> – When the action started (usually the start of the financial year).</p> <p><u>End date</u> – When the action is expected to be completed.</p> <p><u>% complete</u> - The % that the action is complete at the time of the report. This only applies to actions that are ‘in progress’. An action that is ‘ongoing’ will not produce a % complete due to the longer-term nature of the action.</p> <p><u>Progress RAG</u> – Shows if the action at this point in time is making limited progress (Red), satisfactory progress (Amber) or good progress (Green).</p> <p><u>Outcome RAG</u> – Shows the level of confidence in achieving the outcomes for each action.</p> <p>Measures (Key Performance Indicators - KPIs)</p> <p><u>Pre. Year Period Actual</u> – The period actual at the same point in the previous year. If the KPI is a new KPI for the year then this will show as ‘no data’.</p>																																													

Period Actual – The data for this quarter.

Period Target – The target for this quarter as set at the beginning of the year.

Perf. RAG – This measures performance for the period against the target. It is automatically generated according to the data. Red = a position of under performance against target, Amber = a mid-position where improvement may have been made but performance has missed the target and Green = a position of positive performance against the target.

Perf. Indicator Trend – Trend arrows give an impression of the direction the performance is heading compared to the period of the previous year:

- A 'downward arrow' always indicates poorer performance regardless of whether a KPI figure means that less is better (e.g. the amount of days to deliver a grant or undertake a review) or if a KPI figure means that more is better (e.g. number of new jobs in Flintshire).
- Similarly an 'upward arrow' always indicates improved performance.

YTD Actual – The data for the year so far including previous quarters.

YTD Target – The target for the year so far including the targets of previous quarters.

Outcome RAG – The level of confidence of meeting the target by the end of the year. Low – lower level of confidence in the achievement of the target (Red), Medium – uncertain level of confidence in the achievement of the target (Amber) and High - full confidence in the achievement of the target (Green).

Risks

Risk Title – Gives a description of the risk.

Lead Officer – The person responsible for managing the risk.

Supporting Officer – The person responsible for updating the risk.

Initial Risk Rating – The level of the risk at the start of the financial year (quarter 1). The risks are identified as follows; insignificant (green), minor (yellow), moderate (amber), major (red) and severe (black).

Current Risk Rating – The level of the risk at this quarter.

Trend Arrow – This shows if the risk has increased (upward arrow), decreased (downward arrow) or remained the same between the initial risk rating and the current risk rating (stable arrow).

Risk Status – This will either show as 'open' or 'closed'. If a risk is open then it is still a relevant risk, if the risk is closed then it is no longer a relevant risk; a new risk may be generated where a plan or strategy moves into a new phase.
