Councillor Debbie Owen	To write to or speak with officers.	I have been trying to resolve the issue of boundaries of the property I own at 11 Linden Avenue for 26 years. Despite involving local Councillors, Members of the Senedd and Members of Parliament, I am unable to resolve the situation after all this time. I am seeking to speak directly to the officers involved to try to find a solution. I own the property so have a personal and prejudicial interest in this matter.	(j)	That the Committee resolved to grant a dispensation to allow Councillor Owen to speak and write to officers. When speaking to officers this must be in the presence of an independent witness, another officer, and the conversation must be minuted. The dispensation was to last for 12 months.	4 th September 2023

Councillors who are TCA members do not benefit personally and our interest is purely public service.</p>		<p>transact its business on this important community asset a dispensation was required. This would come to an end one month after at least one of the other councillors without an interest in the TCA was appointed. This would enable the community council to then become quorate and would alleviate the affects of the personal and prejudicial interest upon Councillor Papworth. Councillor Healey was advised that when he speaks to officers about the Issue there needs to be an independent witness present and there must be minutes taken of any such meetings. Councillor Healey could speak at the above meetings about the Issue but should leave the meeting once he has spoken and before the matter was debated and voted on.
