Subject: Objection to TENS and for extension of music licence for outside area

Dear Mr Chan,

I wish to give you notice that I am raising an objection to your application for TENS and a variation of your Licence to allow for music to be played in the outside seating area at your premises.

The reason is because we had a noise complaint regarding your first event last weekend and there is every likelihood that it will not be possible to play music or have any other entertainments outside your premises without disturbing your neighbours.

Regards

Dave Jones
