1. Introduction

Local authorities have a statutory duty to provide grant aid to assist with the delivery of adaptations

for a disabled person in a dwelling. An applicant is entitled to apply for a Disabled Facilities Grant if they are a homeowner, a tenant renting from a private landlord, a resident of a park home or living on a houseboat. Discretionary assistance for adaptations in addition to, or instead of, a mandatory Disabled Facilities Grant may be awarded in exceptional circumstances.

For the purpose of the grant, a person is considered disabled if one of the following applies:

- Sight, hearing, or speech is substantially impaired;
- Having a mental disorder, or impairment of any kind;
- Are substantially physically disabled by illness, injury, impairment present since birth, or otherwise;
- Are registered (or could be registered) disabled with the Social Services Department.

Resource implications

Generally, the Council will resource the Policy through a combination of the following: -

- Capital allocations received from the Council's Capital Programme.
- Specific complementary funding made available by Welsh Government from the Enable support for independent living fund.
- Support to deliver smaller adaptations through the Care and Repair charity, utilising their resources to provide a whole house approach to care and support.

Review and revision

This Policy shall remain in force until it is required to be reviewed and revised accordingly in-line with any Welsh Government review of Housing Adaptations Service Standards..

The Council will advise members of the public of any amendments to this Policy, for example due to minor legislative changes, via press releases and our website as appropriate.

Equality and diversity

This Policy produces significant positive outcomes for vulnerable groups and those with disabilities. It reduces inequalities experienced by those groups in respect of health, housing and income.

We aim to continuously improve the quality of our services for our customers and are committed to giving an equal service to all members of the public regardless of age, disability, race, religion or belief, gender or sexual orientation.

Appeals and applications for assistance falling outside the Policy

Although this Policy will be the primary consideration in determining applications for assistance, all such applications shall be dealt with on an individual basis, based on the merits of each particular case. The Council will not refuse to consider an application that falls outside this Policy.

It is recognised that there will always be exceptional circumstances. Exceptional cases will be considered for Welsh government provided Enable funds by the Disabled Facilities Manager, and the Service Manager in conjunction with representatives from Social Services and the Lead Occupational Therapist.

2. Alternative Assistance

The Council works in partnership with Care and Repair North East Wales, which is a Community Benefit Society with charitable status that provides advice and support on adaptations and delivers minor adaptations to properties.

Care and Repair can carry out a provisional test of resources if requested, to see if an applicant is eligible for a grant or provide alternative solutions if the applicant is not eligible. They can assist with completing application forms and obtaining evidence required for the means test.

Care and Repair have a wholly owned subsidiary company called For You Property Services Ltd which provides property repairs, maintenance and adaptations service if required.

Care and Repair can be contacted:

- Via telephone on 01352 758700 or 03001113333 or online on www.careandrepairnew.co.uk
- Via email at enquiries@careandrepairnew.co.uk or by post at Care and Repair North East Wales, Place for You, Rowley's Drive, Shotton, Flintshire, CH5 1PY

It has been agreed until further notice that when a customer requires modular ramping, this will be processed by Care & Repair to utilise their recycled stock, this is more environmentally friendly and cost effective.

3. General conditions

All forms of assistance referred to in this Policy document are subject to a number of general conditions.

We provide every customer with confirmation of our terms and conditions, the following list is not exhaustive;

- All applications for assistance must be made on the Council's official adaptation request forms.
- All applicants will be required to have their property registered with HM Land Registry.
- The payment or part payment of grants is conditional on the eligible works being carried out to the satisfaction of the Council and the receipt of an acceptable invoice for the works and any ancillary or professional fees.
- One application can only be made within a 5 year period, unless the customer's condition has changed, this would be reviewed with the OT upon application.

Unless stated otherwise, any additional funding utilising a grant will be secured as a local land charge against the property where breach of a condition would require repayment of all or part of the financial assistance. This charge will not be removed until either the conditions expire or until the financial assistance is repaid.

No grant assistance will be awarded for works that have commenced prior to the date of formal notification of grant approval.

- Where it is ascertained that an application for assistance has been determined on the basis of inaccurate or incomplete information, the Council can withhold or demand repayment of monies from the applicant.

- If an applicant knowingly makes a false statement, in respect of any information they provide as part of an application for financial assistance or payment, including details of income and savings, the Council may refer the matter to the Police with a view to prosecution.
- In exceptional cases, where the property must be vacated in order for works to be carried out, the Council may be able to assist in finding temporary accommodation. Applicants must be unable to arrange temporary accommodation privately e.g. with family or friends and will be liable for the cost of any rent, removals or furniture storage costs incurred. However, if the applicant would suffer undue hardship, the Council may be able to provide discretionary assistance.

Exceptions to repayment conditions

It is recognised that there will be certain situations where it would be inappropriate or unreasonable for a disabled person to be required to repay the grant on disposal of their dwelling. A written request for a repayment waiver must be made to the Council, explaining the circumstances of the case and the reasons why repayment of grant would cause undue hardship. The particulars of each individual case will be considered on their own merits and the applicant will be notified of the outcome in writing.

Where a property is vested in another individual's name under a will or intestacy, the death of the owner will trigger repayment, unless the property was the inheriting person's main residence at the time of application. In this case the condition to repay the loan or grant assistance and occupy the property will transfer to the new owner.

Revisions after grant approval

Where, owing to circumstances beyond the control of the applicant, the eligible works cannot be completed for the estimated costs submitted with the application, the Council will continue with the work without considering any additional charge to the client.

Adaptations falling outside grant assistance

In the event the cost of the adaptation is in excess of the total assistance available by the Council, the applicant may choose to relocate or be placed on the Council's Specialist Housing Register.

4. Legislation

The Housing Grants, Construction and Regeneration Act 1996 is the legislative framework governing the delivery of Disabled Facilities Grants. Local authorities have a statutory duty to provide grant aid to assist with the delivery of adaptations for a disabled person in a dwelling. In July 2002 the Government made significant changes to housing grant legislation, introducing Regulatory Reform (Housing Assistance) (England & Wales) Order 2002. This order allows local authorities to formulate their own flexible financial assistance policies to their funding to address specific local needs and priorities.

In April 2021 Government amended the Housing Service Standards to remove mandatory means testing for all medium adaptations and transferring powers to local authorities under the Regulatory Reform Order to be able to create their own discretionary policies.

Consequently, it is incumbent upon Local Authorities to ensure that their financial assistance policy is updated to reflect the terms of this scheme and any other assistance offered.

In addition, the Local Government Act 2000 created a discretionary power referred to as 'the well-being power' which enables Local Authorities to do anything that they consider is likely to promote or improve the economic, social or environmental well-being of the area and/or persons in it, provided that they are not restricted from doing so by other legislation.

Section 25, Local Government Act 1988, states that consent from the Secretary of State or Minister is required for provision of financial assistance, unless the assistance or benefit is provided in exercise of any power conferred by Article 3 of the Regulatory Reform (Housing Assistance) (England & Wales) Order 2002.

Consequently, the broad nature of the Regulatory Reform (Housing Assistance) (England & Wales) Order 2002 and the general 'well-being' powers contained in the Local Government Act 2000, means that Local Authorities will be able to provide financial assistance through the provision of discretionary grants and loan schemes to the full range of applicants and can attach such conditions or terms that they consider appropriate in the circumstances.

5. Purpose of Grant

Prior to a Disabled Facilities Grant being approved, Flintshire Council needs to be satisfied that the works are necessary and appropriate to meet the long term needs of the disabled customer, and that it is reasonable and practicable to carry out the works having regard to the age and/or the condition of the building. To establish this, the Disabled Facilities Team will assess the application in consultation with the Occupational Therapy Team.

The property is inspected to assess the proposed works are technically feasible, that there are no other reasonable alternative solutions, and there are no health and safety issues.

Based on the above inspection, a decision will be made in consultation with the applicant as to whether to proceed to a Disabled Facilities Grant, a Disability Relocation Grant, or to explore alternative housing solutions.

In order for a Disabled Facilities Grant to be made available, one or more of the following reasons must be established:

- Help a disabled occupant with access to and from their premises (such as widening doors or installing ramps);
- To allow access to internal rooms, specifically a main living room, bathroom, bedroom or kitchen facilities (such as by providing a stair lift);
- To have easier access and movement around the home to enable the disabled person to care for someone dependent on them, who also lives there (such as a child, husband, wife or partner);
- To make the building safe for the disabled occupant or other people living with the disabled occupant;
- To improve any heating system in a dwelling to meet the specific specialist needs of the disabled occupant. In the event a heating system is not in place or is not suitable, to provide a suitable heating system;
- To allow access to and from a garden by a disabled occupant or making a garden safe for a disabled occupant.

The relevant works are limited to, or include, such works as is believed to be necessary to achieve the purposes stated above.

6. Grants Application Process

To make an enquiry or an application for a Disabled Facilities Grant, an individual should contact the Single Point of Access team, the Social Services Duty Team, Social Services on 01352 702642. The Social Services Duty Team will be able to advise whether an applicant meets the criteria for assessment by an Occupational Therapist.

In the event an assessment has been completed and it is deemed an adaptation is required, the Occupational Therapist will complete an Adaptation Recommendation Form and will advise the client of the process which will be followed. Disabled Facilities Grants are subject to a 'means test' unless the application relates to a child. Applicants will be asked to provide financial information to help calculate whether they are eligible for a grant and whether they are required to make a contribution towards the cost of the work.

A Building Surveyor and the Occupational Therapist will discuss the recommendations to ensure the work can be reasonably and practicably carried out. There may be a requirement to inspect the property to facilitate this assessment.

Information leaflets are provided to client which provide a summary of the types of assistance available, including details on eligibility criteria, levels of assistance and any conditions that apply. This information is also available on the Council's website www.flintshire.gov.uk under the Housing Grants section.

Utilisation of Own Contractors

On occasion, applicants may request to utilise their own contractors. In order for this to be facilitated, the contractors will need to join the Council's Tendering System. This will ensure the contractors are bona-fide, have all the appropriate insurances, and are financially stable. This will also facilitate the payment for the works completed directly to the contractors.

Payments

Grant payments will be made directly to the main contractors, subject to the work being completed to a satisfactory standard and supported by an accurate invoice. Interim payments can be made on the larger works, subject to conditions.

Upon notification of completion of the works, a full inspection will be undertaken. The final payment will only be released when all works have been completed satisfactorily and all relevant invoices, guarantees and certificates have been received and conditions met. In cases of dispute between the applicant and the contractor over the satisfactory completion of grant works, the Council reserve the right to adjudicate and release payment to the contractor if deemed appropriate, however, the contractual arrangement for quality and warranties is between the client and the contractor.

7. Financial Assistance

In terms of assessing potential contributory funding to the property adaptations, eligible applicants may be means tested, unless they are in receipt of one or more of the following passported benefits: -

- Income Support
- Housing Benefit

- Council Tax Benefit (excluding single persons discount)
- Income Based Job Seekers Allowance
- Working Families Tax Credit
- Child Tax Credit
- Working Tax Credit
- Pension Credit Guarantee
- Universal Credit
- Income Related Employment Support Allowance

In some circumstances the Council facilitates the lending of money to home owners in exchange for a share in the value of the property. There are no regular repayments or interest added to the grant. The Council recovers its money either when the property is next sold or transferred to a new owner within a set period of time. This is completed through the placement of local land charges. The charges are removed after the set period of time has elapsed and the property has not been sold or transferred. No monies are due to be repaid at this time.

8. Disabled Facilities Assistance

The council has a duty to consider all applications for Mandatory Disabled Facilities Grants (DFG) which are administered under Housing Grants, Construction and Regeneration Act 1996 (HGC&RA). The council also provides discretionary assistance in the form of a fast track grant for smaller adaptations. Other products for disabled facilities assistance are also provided on a discretionary basis. All applications for assistance will be subject to an assessment by the Social Services Occupational Therapy Team.

This policy provides criteria to ensure grants are awarded fairly and consistently. The council's intention is to meet performance targets and service standards as set out by Welsh Government for the delivery of disabled facilities assistance.
